Any Memory After Death?
Many Brave Men Left
Will Sloan or Ford Do It?
Will Coolidge Run? Ask Him

—By Arthur Brisbane—

Copyright, 1929, King Features Synd., Inc.

DOES anything interest us, after we die? Does Clemenceau know that he saved his country?

Is Nelson proud to point downward and show his tall monument to Emma Hamilton?

When the Duke of Marlborough refused to receive them at Blenheim, because they were not married, the sprightly Lady Hamilton said: "Nelson shall have a monument, to which Blenheim shall be but a pigsty." Nelson has it.

Does Washington point to his fine monument by the Potomac, thus impressing Dolly Fairfax flying around near him. Or are the pessimists right, and is it true that:

The Cloud-capped towers, the gorgeous palaces,
The solemn temples, the great globe itself
Yes, all which it inherit, shall dissolve
And—leave not a rack behind.

In any case, T. P. Nelson, brave pilot of the post office air service, killed on duty, would have been proud of his funeral could he have seen it.

While they lowered him into the earth to drive his plane among the clouds of this earth no more, his flying friends of other days, including Lindbergh, flew over his grave, dropping flowers and tears with the flowers.

We may know nothing beyond the hour of death. But, even so, it is worth while to do something that will make good men remember us and regret our going.

Many brave men are left on earth as brave as Lahire, Crillon, Duguesclin or John L. Sullivan, himself, and brave, sometimes, in a better cause.

In the great storm sweeping British coasts, wind going 108 miles an hour, a French steamer, the Ornais, seemed doomed with its crew of 19. No boat could be launched and live. The coast guard could not send a line by rocket.

A young Cornishman named Laity, said he thought he might live through the hundred yards of raging water separating the ship stranded, from land. He took a life line, swam through, saved the whole crew and himself.

He will be forgotten by the world before next Monday, but that does not matter. This earth and the solar system will be gone and forgotten in time. A few extra millions of years make little difference.

La Journee Industrielle, French business newspaper, says Henry Ford plans to manufacture a "baby car," a very small, cheap automobile, in Europe.

The French editor says Ford will make the car "wholly" in Cologne, not bringing in parts for assembling, as is done in other American European plants.

Mr. Ford said last Friday at Dearborn that he had bought some 30 acres for a plant in the city of Cologne, but said nothing about a light car to compete with small European cars.

He has always had a small, very cheap car in the back of his head. Many years ago he showed the writer an engine so light he could lift it, made by him to run a $250 car. That was when his minority stockholders refused to sell. Perhaps that little engine helped them to decide.

In any case, Mr. Sloan of General Motors might be first with a small car here, and especially in Europe. There he has bought a controlling interest in two of the greatest companies in Germany, and in France he could start production on short notice.

Taxes in Europe, Britain especially, penalize severely, cars embodying American ideas as to bore and horsepower.

Asked, "Do you plan to run for the Senate next year?" Mr. Calvin Coolidge does that which he does most easily, says nothing.

Ask him, "Do you mean to run for President again in 1932 or 1936?" and he will be just as silent.

But that will not mean that he does NOT plan to run for President again. To be silent and watch, a program so easy for Mr. Coolidge, is to have 80 per cent advantage over the talkies.

Fifteen hundred Haitians made a mistake when they undertook to rush a small force of American Marines. Five of them are in their graves, 20 in the hospital, the other 1475 thinking hard.

If Haiti is doing anything to us, confiscating the property of Americans, for instance, we must attend to that.

Otherwise, why not let them fight it out among themselves, since the country, however unwisely, was given to them.

It would be embarrassing to have Russia send word to us, leave that little country alone.

ALARM OVER HUB 'VICE' CHARGES

Loss of Visitors Is Feared; No Barrooms Here, Is the Reply of Wilson

While Police Commissioner Wilson was declaring today there were no barrooms in Boston, clergymen at a union meeting attended by Governor Allen and other notables unanimously voted the appointment of a committee to investigate charges that this city is the worst vice center in the East.

The union meeting was a regular session of the Federation of Greater Boston Churches.

The clergymen took action while civic leaders, Legion heads and clubwomen were demanding an investigation of statements that Boston is dominated by a powerful vice and liquor ring.

The charges were made by Walter W. Liggett in this wee's issue of the magazine Plain Talk, in which he claimed Boston follows on the heels of Chicago as the most corruptly governed city in North America.

The clerical committee is to be headed by the Rev. Robert Watson as chairman, and is to make an immediate investigation and report its findings as to whether action is necessary by the combined churches.

At the same time Commissioner Wilson, in whom Governor Allen has frequently expressed confidence, said the charges were not

3 MEN DYING OF BURNS IN EVERETT

Blast Hurls Huge Tank 100 Feet; It Rains Flames on Five Victims

Two men were killed today and there others were burned, probably fatally, in an oil explosion at the Trimount Oil Co. plant, Vine st. and Revere Beach parkway, Everett.

The blast was heard for several miles and shook houses in the vicinity. Its force shot the tank of an oil truck more than 100 feet into the air and showered the five men with flaming liquid asphalt.

The dead are:

HENRY C. JOHNSON, [illegible], engineer, of Tappan st., Everett.

CHARLES CHZARNETZKI, of Buchnam st., Everett.

The burned are:

EUGENE DONNELLY, of Elmwood st., Everett.

THEODORE BLODGETT, 26, of Barrett ct., Lynn.

EDWARD MAYO, 30, of Broadway, Everett.

Their names were on the danger list at Whidden Memorial Hospital and physicians declared there was virtually no hope for their recovery.

RACE IN THEIR AGONY

According to employes of the plant, it was necessary to chase these three men as they ran, blind and aflame, about the big yard after the explosion.

Thomas F. Galvin, brother of President Joseph J. Galvin of the Trimount concern, was filling the

CITY COUNCIL WARNED BY CURLEY OF BIG PLOT

Mayor-Elect Charges "Sinister Influences" Seek to Burden City With 5 Million Plan

Mayor-elect James M. Curley today notified the City Council that he had been informed "sinister influences" were at work among them in behalf of the $5,000,000 Suffolk county courthouse project.

The statement was made in a letter to Council President Timothy F. Donovan shortly before the city governing body was to vote for a fourth time on the bill to appropriate the $5,000,000 for an addition to the present courthouse or for a new building.

The council has three times rejected the bill, which is favored by Mayor Nichols.

As Mr. Curley's letter was received at City Hall there was widespread report that a councilman who three times had voted against the measure had been offered $1500 to favor the project at the meeting today.

The name of this councillor and the person or persons who offered the bribe were not disclosed, but it is known that opponents to the proposed courthouse plan believe the story.

In his letter to President Donovan, the mayor-elect enclosed a copy of another letter which he sent to Hon. Herbert Parker, chairman of the committee in charge of Boston's Tercentenary celebration plans next year.

CAN SAVE $4,000,000

Mr. Curley therein outlined a plan which he claims would provide adequate court housing for $1,000,000, at a saving of $4,000,000 to the city.

He complimented the city councillors for rejecting the courthouse project as presented "despite sinister influences" which he had been informed were at work to have it do otherwise.

His own plan of court-housing, related to a memorial building as suggested by Mr. Parker, he outlined in the following letter to the latter:

FAVORS MEMORIAL

"I have read with much interest your report made as chairman of the state tercentenary and am heartily in accord with your views relating to creation of a permanent memorial in keeping with the importance of the observance.

"Your suggestion that the Supreme Court building be erected on State House grounds I fear is not sufficiently courageous, however,

U. S. Signs Court Pact; Senators to Fight

Washington, Dec. 9—The signing of the world court protocol by a representative of the United States in Geneva, Switzerland, today promises to develop a battle in the Senate.

With the signing of the document containing the so-called Root-Hurst advisory opinion compromise American membership in the court depends upon ratification by the Senate.

The protocol was signed by order of President Hoover in accordance with announcements made in his Armistice Day address and in his recent annual message to Congress.

SENATORS AROUSED

That considerable opposition will develop in the Senate when the pact comes up for ratification was indicated today with talk of attempting to amend the compromise that Elihu Root negotiated in Geneva last summer on the Senate's famous fifth reservation.

The Root-Hurst compromise permits the United States to withdraw from the court in the event an ad-

Ask Coolidge to Act in Subaqueous Case

Washington, Dec. 9 (INS)—The appointment of former President Calvin Coolidge, now Atty. Coolidge of Northampton, Mass., as special master to take testimony in the law suit between New Jersey and Delaware over ownership of subaqueous lands in the Delaware river near Newcastle, was proposed in Supreme Court today by Duane Minard, assistant attorney-general of New Jersey.

Minard told Chief Justice Taft the attorney-general of Delaware agreed Mr. Coolidge was eminently fitted for the job.

Poland's Cardinal in Airplane Crash

Warsaw, Poland, Dec. 9 (AP)—Cardinal Hlond, primate of Poland was reported today to have met with an accident near the Venice airdrome in Italy while flying from Rome to Warsaw.

The pilot of the cardinal's airplane, compelled to land because of faulty working of the motor, smashed one wing of the plane. Cardinal Hlond was not hurt.

DISBARS JUDGE BEN LINDSEY

Denver, Dec. 9 (AP)—Judge Ben B. Lindsey, former Denver Juvenile Court judge, today was disbarred by the Colorado State Supreme Court on charges of professional misconduct, embracing acceptance of fees while he was judge.

The decision of the court was unanimous.

The charge against Lindsey, who won wide fame for his administration of the Denver juvenile court, was that he accepted $37,000 from Mrs. Helen Elwood Stokes, Denver and New York society woman, attempting to establish the rights of her two children for a settlement of the W. E. D. Stokes estate. Lindsey was charged with taking $10,000 from Samuel Untermeyer, New York attorney in the same case.

Lindsey was judge of Denver Juvenile Court while the Stokes case was pending. He said his connection with the Stokes case was "disinterested from the work of the juvenile court" and that he acted "merely as arbitrator and meditator."

Ask Allen to Pardon Rollins Brothers

The [illegible] gates of [illegible] may yet swing wide for George and Charles Rollins.

Governor Allen will this week receive a new petition asking the pardon of the brothers sentenced to life imprisonment for the murder of two Dorchester tea store managers 12 years ago.

The latest move to obtain their freedom is being conducted by Atty. Thomas W. Proctor, Bishop William Lawrence and Rev. H. K. Sherrill pastor of Trinity Church, are among a host of men and women whose signatures appear upon its petition.

Dr. Sherrill will be one of the principal speakers in behalf of the prisoners when Governor Allen grants the petition a hearing.

The arrest, trial and sentencing of George and Charles Rollins form the background of one of Massachusetts' most famous cases.

Charles was tried and found guilty of second degree murder and sentenced to life imprisonment. George, the younger brother, was found guilty in the first degree and held in Charles st. jail four years while those convinced of his innocence fought to delay passing of the death sentence.

When Thomas H. O'Brien became district attorney he nol prossed the first degree indictment against George, who was then sentenced to prison for life, although he never pleaded to second degree murder.

During the years they have been in prison the brothers constantly have maintained their innocence. Jesse Murphy, a Pennsylvania convict, confessed the murders of which they were convicted and was brought to Boston, where he was tried and found not guilty.

Five years ago Murphy killed a Detroit policeman and was sentenced to life imprisonment in Michigan. He confessed for a second time the murders for which the Rollins boys were sentenced.

Among those responsible for the new move for their freedom are Sheriff John A. Keliher, Inspector Michael J. Morrisey, Judge Thomas H. Connelly, Atty. Thomas L. Walsh, Charles C. Beebe and George W. Sargent, on the staff of the Diocesan House on Joy st.

Melrose Woman Loses Suit for Million

A will contest, with a million dollar fortune as its stake was lost by Mrs. Alice Houghton of Golden Hill, Melrose, through the action of a Denver, Colo., court in a decision favoring Josephine Barth, an 11-year-old girl of that city.

The founder of the fortune was the girl's grandfather, a German emigrant, who made hob-nailed boots for miners in a cubby hole shop in Colorado's early days.

Mrs. Houghton, a child of Joseph's grandmother by a previous marriage, [illegible] in contesting the will that [illegible] father, Allen Barth, [illegible] influenced his mother in [illegible] the will.

Until the girl is 30 [illegible] the estate held in trust [illegible] come divided equally [illegible] Houghton, her brother [illegible]

Probe Wrecking of Edsel Ford's Yacht

Providence, R. I., Dec. 9—Capt. Robert Clark, federal steamboat inspector, left here today for New Bedford to investigate the recent wrecking of Edsel Ford's $300,000 yacht in shoal waters.

Capt. Clark will engage a tug at New Bedford and immediately go to the stranded ship at Chicken Shoals. If Capt. Anderson of the Sialia I is a licensed captain, he will be subject to the same disciplinary treatment accorded to captains who ground larger vessels.

CORBETT TO BE CURLEY SEC'Y

Arthur B. Corbett, secretary to former Mayor James M. Curley, will occupy the same position in the next administration, starting January 6, it was learned from authoritative sources today.

Corbett, who is active in Irish societies and Catholic organizations, will take the position to be left vacant by Mayoral Secretary Edward E. Condon, who resumes his old position as secretary of the Boston Transit Department. Corbett is single, lives in Dorchester, and has a brother who is a Catholic missionary in the Chinese war zone.

Special Attorneys Subject to U. S. Tax

Washington, Dec. 9 (AP)—Attorneys employed by states or municipalities for special work, who are not regularly appointed as officers or employes of the state or municipality, were declared by the Supreme Court today subject to federal taxes on the income received from such employment.

William West Denies Death or Cremation

William West isn't dead at all—and he isn't cremated.

It was some other man, developments disclosed. Now the puzzle is over the identity of the second man.

On Nov. 30, a man was brought dead to the southern mortuary. Last Tuesday a woman and her husband from Jamaica Plain appeared at the mortuary to look at the body.

The woman did not want to view the body so her husband went into the morgue and, through tattoo marks, identified it as that of West, father of the woman.

Subsequently the body was prepared for burial by P. J. Brady & Son of Forest Hills, and was cremated.

However, it was learned today, West then reappeared, utterly shattering the theory that he was dead and cremated.

The error was reported to the authorities by the woman who [illegible]

UNITED STATES PLEDGED AS MEMBER OF WORLD COURT BY HOOVER

PACT SIGNED BY ORDER OF PRESIDENT

Jay Pierrepont Moffat, U. S. Charge at Berne, Officiates at Ceremony

Continued from First Page

visory opinion is sought without the consent of this country in any case in which it has or claims an interest.

Senate leaders do not believe President Hoover will place the issue before the Senate in the near future—possibly not until the next session, a year hence.

Those who led the stubborn contest originally in the Senate against American adherence are ready actively to oppose acceptance of the modification to the reservation.

This group includes Chairman Borah of the Foreign Relations Committee and Senator Johnson of California, ranking Republican of this committee. Other Republican stalwarts, including Senator Moses of New Hampshire, second ranking Republican on the committee, are preparing to renew their opposition.

Chairman Porter of the House foreign affairs committee today said he seriously doubted the wisdom of the United States in joining the World Court unless reservations previously proposed by the Senate were adhered to.

He said he considered the Root formula a poor substitute for Senate reservation Five and asserted that the majority of the people of the United States did not wish to become entangled in the political affairs of Europe.

Protocol Signed by Moffat as U. S. Envoy

Geneva, Dec. 9 (INS)—With the exception of senatorial ratification the United States became an active member of the World Court here today when Jay Pierrepont Moffat, American charge d'affaires at Berne, signed the protocol of adherence to the court.

The signing took place without ceremony at 3:30 p. m. (9:20 a. m. Boston time).

This is the second time the United States has signed the articles of adherence to the international court, of which virtually all the countries of Europe are members. The first time was in 1920, when the then American minister at Berne signed on behalf of the United States.

The United States Senate, however, demanded reservations which were held unsuitable by the other member nations. Since that time, the articles of the World Court have been amended to make them agreeable to the Senate.

The leading nations of Europe have approved the changes in the protocol.

Moffat signed three documents. One is the original World Court protocol. Another embodies the revisions made in the original protocol by the member nations, and the third sets forth the reservations under which the United States agreed to enter the court.

HOOVER GIVES BONO PARDON

Austin Bono, of Burnham st., Revere, serving a four-months sentence as a federal prisoner at Plymouth jail, has been pardoned by President Hoover, it became known today.

Bono several weeks ago was sentenced to jail for violation of his probation, the result of a criminal proceeding brought against him in a bankruptcy proceeding in which it developed he was not involved.

While on probation Bono's wife received a letter sent to her husband ordering his appearance before the U. S. Court probation officer. She inadvertently failed to hand the letter to him and not knowing he had been summoned, he failed to apear. He was taken into custody and sentenced to four months in Plymouth jail for violating his probation.

After being committed, Rev. Ernest Bouvai, pastor of St. Anthony's Church, Revere, and Mayor Andrew A. Casassa circulated a petition for the pardon of Bono which was forwarded to Senator David I. Walsh, who in turn sought the President's aid for Bono.

Bono received his pardon a few days ago and was back at his business today in Boston.

Churches Will Probe Vice Charges

Continued from First Page

consistent with the findings of the crime commission tending to show crime is decreasing here.

"However," said the commissioner, "if the writer would present facts and evidence as to existing conditions he found, before me, I would take immediate action.

"I have only read part of the story printed in the papers this morning, but I have not as yet read the article as printed in Plain Talk. As far as I know there are no barrooms in Boston."

Rev. George L. Paine, executive secretary of the Union Ministers, presided at the meeting in the Church of the New Jerusalem, Mayor Nichols' church. More than 200 prominent churchmen and women were in attendance, including the Governor, Judge Frederick P. Cabot of juvenile court, and Richard K. Conant, commissioner of the State Department of Public Welfare.

After Commissioner Conant had spoken, a member from the floor asked the chairman what the meeting proposed to do if anything about the sensational charges contained in a morning newspaper.

DR. PAGE ACTS.

Rev. Dr. Charles Page of Tremont Temple then moved that a committee of three be chosen to make a thorough investigation of the accusations contained in the article, which he considered most serious and affecting the whole community.

The committee, he said, should be appointed to make a full report of its findings as to whether action is necessary by the combined churches. The motion was carried without a dissenting voice, and the Rev. Dr. E. Talmage Root then moved that Rev. Dr. Robert Watson be appointed chairman of the committee.

Dr. Watson was not present, but will be advised of the sense of the meeting and asked to appoint the other two members and to start an immediate probe.

In view of the action taken none of the clergymen present would make individual comments on the charges, preferring to await the report of the committee.

Atty.-Gen. Joseph E. Warner, asked to comment on the Liggett article, said no such alleged conditions have ever been brought to his attention.

"Charges of such gravity certainly should receive immediate and thorough investigation," said Henry I. Harriman, president of the Boston Chamber of Commerce.

INCREDIBLE TO HARRIMAN

"I do not believe such conditions exist here," he added, "as I consider Boston to be one of the cleanest cities in the country."

Asked to comment on the statement of Superintendent of Police Michael M. Crowley that Liggett should be summoned before a grand jury to back up his charges, Harriman said:

"This should be done."

Melville D. Liming, general secretary, said that the charges "will hurt Boston immensely." He gave the opinion that they were unfounded and said the "whole matter ought to be investigated at once."

The secretary pointed out that more than 600 conventions will come to Boston during 1930, bringing approximately half a million visitors. This does not include estimates of the great crowds expected for the 300th anniversary celebrations.

ALARMING VISITORS.

Liming said that nation-wide publication of these charges would cause many people to stay away from Boston, believing that it is a "second Chicago" as alleged by Liggett. He especially emphasized that women delegates to conventions might be timid about visiting the city.

"Make him put up or shut up!"—This was the comment of Dennis Haverty, adjutant of the state department of the American Legion, after reading the charges.

Adjutant Haverty said that from 150,000 to 200,000 people will be brought to the Hub next year for the national Legion convention. In his opinion such unfounded reports as that of Liggett will deter many people from visiting Boston.

The adjutant said he thoroughly agreed with Supt. Crowley in asking that Liggett be called before a grand jury to quote names, places and dates to back up his sensational allegations.

HITS AT WILSON

Senator Joseph J. Mulhern of Dorchester quoted U. S. Atty. Frederick H. Tarr, "the one man who has studied the problem perhaps more keenly than anybody else in the city," as saying: "There is more truth in it than I wish there was."

Referring to the writer of the article, Sen. Mulhern said:

Curley Warns of Plot as Bribe Is Rumored

Continued from First Page

and would not permit of the character of memorial that is possible elesewhere. The property adjoining the State House grounds and bounded by Joy st. and Hancock st. would possibly represent a wise investment.

"There is an absolute certainty that each year of delay will render more expensive the taking of this property which should have been taken years ago.

WANTS STATE TO BUILD

"The taking by the State of this property would not only give to the committee an exceptional and much needed setting for the State capitol, but would permit from time to time the extensions that, with the passing of the years, must inevitably take place.

"There is no valid reason why Boston should continue to provide quarters for institutions that represent strictly state functions and if the Suffolk County courthouse were relieved of the Supreme court, land court, commission on probation and social law library, all of which could be located in a suitable memorial building upon a portion of the plot bounded by Hancock, Joy and Beacon st. it would be possible for Boston, through expenditures of not in excess of $1,000,000, to make such changes in the Suffolk County courthouse as to provide for requirements of at least the next quarter century."

The following letter was written by Mayor-elect Curley today to Mayor Nichols:

"My Dear Mr. Mayor: I beg to submit for your consideration copy of letter which I have this day forwarded to the chairman of the tercentenary commission, Hon. Herbert Parker.

CALLS IT "GROSS INJUSTICE"

"The bill recently enacted by the Legislature and based upon the report of the special commission directed to investigate the needs of the court, etc., housed in the Suffolk county courthouse, which is now pending before the Boston city council, represents the most gross character of injustice to the taxpayers of Boston that has ever been attempted in recent years.

"The sound and most excellent recommendation made by the chairman of the tercentenary commission Hon. Herbert Parker, for the establishment of a permanent memorial to house the Supreme Court, while excellent, does not go sufficiently far in that a building erected to house the Supreme Court, the Land Court, the Social Law Library and the Commission on Probation would render it possible for Boston to conduct its county activities, the entire costs of which are now borne by the city, to provide not only for existing needs, but the requirements of the next quarter of a century, through an expenditure of not in excess of $1,000,000, that is, provided the State were agreeable to assuming the obligations, which should be properly borne by the Commonwealth.

PRAISES COUNCIL VOTE.

"The City Council has rendered an admiral service to the taxpayers of Boston in refusing to sanction the bill for courthouse improvements which, if enacted, would place a burden of $[illegible],000,000, and possibly a much larger sum, upon the city, when as a matter of fact, so far as the city is concerned, provided the State would make suitable provision for the housing of what may properly be determined as State institutions, and expenditure of but $1,000,000 is all that Boston should be required to provide.

"I sincerely trust that the bill at present pending before the city council, which has been three times rejected and which will be rejected today unless the sinister influences that are said to be operating at the present time are successful, is defeated.

The domestic help problem is solved by taking a kitchenette apartment and the best are advertised daily in the For Rent columns.

3 U. S. WOMEN SEE 72 DIE IN PIRATE RAID

Chinese Buccaneers Spring Up on Ship Near Hong Kong; Lose Fight

Hong Kong, Dec. 9 (AP)—Twelve persons were killed, about 60 native passengers drowned and 40 or more wounded last night when a swarm of Chinese pirates fought with the crew for possession of the British steamer Haiching.

Three American women were witnesses to the bloody conflict. They spent hours in terror aboard the steamer before the British destroyers Sterling and Sirdar came to its aid. Much of the superstructure of the vessel was burned. It finally made port here.

The American women were a Mrs. Campbell and her two daughters, missionaries from Los Angeles.

The Haiching left Swatow for Hongkong Saturday with 300 passengers aboard. Early Sunday morning 50 or 60 pirates who had shipped as passengers sprang upon the decks.

One shot killed Third Officer Woodward. Accurate fire of the officers and guards picked off the pirate leaders, and the marauders finally withdrew. An Indian guard was killed and another was wounded.

The Sterling and Sirdar about this time answered radio distress signals of the young Chinese operator. The Sterling drew near as the pirates, using kerosene, set fire to the bridge and decks. The Chinese passengers rushed to the deck. About 60 of them jumped overboard.

Thirty-eight wounded buccaneers were sent to the hospital, where their condition was said to be precarious. The others were placed in jail.

Refugees From Rebels on U. S. Gunboat

Shanghai, Dec. 9 (AP) Six foreign gunboats lying off Ichang, important Yangtze Kiang city in western western Hupeh Province, today took on board foreign women and children as capture of the city by rebel troops impended.

Foreign naval dispatches to Shanghai said the situation was "serious." Among the gunboats were two American vessels, the Guam and Luzon.

The rebel troops were said to have surrounded the city. Nearer Shanghai other mutineers today for the second time cut the Shanghai-Nanking Railway, wrecking a freight train.

The British cruiser Suffolk was expected to reach Nanking today. British destroyers have left Hongkong for Shanghai, the cruiser Berwick, coming from Hongkong, will remain here, but the smaller vessels will proceed up the Yangtze.

75 U. S. Women and Children in Shanghai

Shanghai, Dec. 9 (AP)—Seventy-five American women and children refugees who evacuated Nanking arrived here today by steamer from the central capital. There also were on board refugees of many other nationalities, forced from their homes by threatening rebel successes.

Saves Her Doll in Fire

Photo shows Florez Martin and the doll she saved when fire drove her with her parents from their home at 69 Blossom st., Lynn. They escaped by going through a skylight and over the roof the adjoining house. (Staff photo.)

FIGHT PERMIT FOR TANKS IN DORCHESTER

Petition at "Tail End" of the Nichols Regime Rapped by Curley Aide

Dorchester residents in the district where an oil company seeks permission to store 2,000,000 gallons today registered opposition at a public hearing before the city street commissioners.

Arthur B. Corbett, who on Jan. 6 will become private secretary to Mayor Curley, said:

"It is a singular coincidence that this petition comes on the tail-end of the Nichols administration."

Fully 100 prominent citizens and officials were at the hearing in City Hall Annex. The petition was in the name of the North Lite Burner Corporation, which seeks to store 42,000 barrels of gasoline, fuel oil and similar products in the rear of 40 Hallet st.

Daniel J. Lyne, formerly assistant district attorney, on behalf of the corporation, urged the commissioners "not to be misled by throngs which always appear in opposition to anything of this sort."

The attorney took exception to the inference anything improper existed in the "coincidence" of the "tail-end" of the Nichols administration.

Corbett had urged the commission to "throw the petition out," or at least wait until after January 5.

Albert L. Fish, city councillor from that district, was the leader of the opposition.

"I think this petition should be withdrawn," he suggested. "We are rapidly becoming a residential section."

Rev. Fr. William F. Toohig, pastor of the proposed new church of St. Brendan's parish, strongly opposed the petition on behalf of the hundreds who plan to attend the church.

Raymond P. Delano of the Dorchester board of trade said 15 directors of the board were on record as opposing the petition.

A. H. Rice, who has developed home sites on **13 acres of land in that neighborhood; William E. Anderson, business manager of a piano concern, are others joined in the opposition. The street commissioners took the petition under consideration.**

2 DEAD, 3 DYING IN OIL BLAST

Continued from First Page

tank of his car at a gasoline pump on the other side of the yard when the explosion occurred.

He was blown over a four-foot fence and when he scrambled to his feet discovered that he was enveloped in black smoke.

Two alarms were sounded for the fire resulting from the explosion and aid was called from Chelsea.

The blowup occurred while a tank truck, driven by Blodgett, an amateur boxer, was having its load of liquid asphalt pumped into one of the six 1000-gallon tanks used for storing the road-surfacing oil.

HURLED 100 FEET.

For some reason, as yet unascertained, the gasoline tank of the truck exploded, igniting the oil in the truck.

The tank section of the truck was ripped off and hurtled more than 100 feet in the air, and as it whirled it sent out streams of flaming oil that showered down on the men below.

Johnson was caught under the flaming tank and Chzarnetzki was trapped at the truck.

Blodgett, Donnelly and Mayor, their oil-soaked clothing and hair blazing, raced in agony around the yard until other employes tripped them and smothered the flames.

Passing automobiles were hailed and in them the dying men were raced to the hospital.

Robert LaRocca of Locust park, Everett, had a narrow escape from being caught in the shower of flame incidental to the blowup. He said he was walking along the parkway when the explosion occurred. The tank on the truck blew up into the air, he declared, and he turned to run. On his next glance back he saw the flaming men circling the yard.

Gov. Allen, upon learning of the explosion and fire, directed State Fire Marshal George C. Neal to dispatch state fire inspectors to the scene. He also offered the aid of any state police considered necessary.

TODAY

Continued from First Page

Haven't you read the Kellogg peace pact?"

Bids for the presidential yacht Mayflower are all rejected because too low, including a bid from New York. That city felt it could afford to run the Mayflower, receiving distinguished guests, getting up little water parties, etc., even if Uncle Sam could not afford it.

Mayor Walker, if elected President, is a young gentleman who would probably say, if he felt that way: "Fix me up a yacht. Mr. Hoover thought it cost too much. But I don't agree with him, and I'm President now." Stranger things have happened.

All 3 Doing Well

MARINES QUIET HAITIAN RIOTS

Port Au Prince, Haiti, Dec. 9—Arrival of 50 marines at Jacmel and impending arrival of hundreds more has aided those already here in restoring peace and quiet after the riots of last week.

Quiet prevailed today throughout Haiti, with wire communications open to all points.

Practically all American women and children living at Aux Cayes, where five natives were killed and 20 wounded in a clash between marines and rioting strikers on Friday, arrived here early today aboard the steamer Martinique. With them were American women and children who had been picked up by the ship at Jeremie.

The U. S. S. Wright, now en route from Norfolk, Va., with 500 marines, was expected to arrive here late tomorrow.

The cruiser Galveston arrived at Jacmel, its naval complement of 300 officers and men, including 50 marines, being the first addition to the 700 marines already preserving order on the island and **enforcing martial law** in the city.

The Galveston made a quick run **from the American** naval base at **Guantanamo, Cuba,** after a re**quest had been received** at the na**val base from Brig.**-Gen. John H. Russell, American high commissioner in Haiti, asking reinforcements.

The Galveston was ordered to Jacmel because of reports that many natives in that vicinity were heavily armed with weapons supposed to have come from Guatemala.

Ten persons have been arrested here and one at Cape Haitien charged with being strike agitators.

2000 IN ONE MOB

Gen. Russell, high commissioner, reported to Washington the gathering of the largest body of Haitien malcontents yet observed. It occurred at Chantel, where 2000 surrounded the outpost building, crying "Down with Dorno, down with Freeman." Borno is president of Haiti. Freeman could not be identified.

A French priest and three men of the native garde held off the mob.

A crowd of 1000 threatened to kill the corporal of the garde at Torbex, near Aux Cayes. Directions have been issued to call in the garde outposts from Torbex and Chantel so as to prevent their being rushed at night with a consequent seizure of arms and ammunition by disorderly elements.

Congress to Rush Action on Hoover's Haitian Plea

Washington, Dec. 9 (AP)—Word from Haiti that quiet prevailed throughout the island was received with gratification today, as leaders in Congress prepared to expedite organization of the House foreign affairs committee so it might pass upon the Porter resolution to authorize creation of a Haitian commission of inquiry as recommended by President Hoover.

Hope was expressed that the House committee would act by Friday and that the resolution formally could be placed before the House by the week-end adjournment.

The chief executive requested that $50,000 be provided to meet expenses of the commission.

FORMER RAIDER OF DRY FORCE IS JAILED

Pleads Guilty of Plot to Rob U. S. Warehouse of $25,000 in Liquor

Providence, Dec. 9—A judge before whom he prosecuted many cases, and an assistant U. S. attorney with whom he worked for several years, today sent Guy H. Kelso, former chief raiding officer of the prohibition force, to jail for one year.

Kelso pleaded guilty to conspiracy to rob a government warehouse of liquor valued at $25,000. He drew for the robbers a plan of the warehouse they subsequently looted after assaulting the watchman.

Although the government claimed he was paid for the drawing, Asst. U. S. Atty. Joseph Fitzpatrick told the court today he was convinced revenge against the government for his discharge from the prohibition service last March was Kelso's principal motive.

Four principals in the robbery were given long sentences at Atlanta last week. Judge Ira Letts sent Kelso to Providence county jail because of the serious illness of his son.

"It is a difficult task for me to ask for sentence for this man, A'ty. Fitzpatrick told the court. "For four years I worked with him and found him four-square. I have been informed that he actually drew a plan of the warehouse robbed and was paid for it, but I am convinced that he participated in the robbery for revenge against the Government for letting him out of the service. That, however, is no reason he should be treated differently from the others."

Attorney John L. Curran for the defense put Dr. James A. McCann on the stand to bring out that Kelso was greatly upset and felt he was wronged by discharge from the service.

"He pleaded guilty," said Judge Letts. "He has a fine record in the service, but that conduct was only normal. We expect every man in the service to be honest and upright. I have observed him for several weeks and am convinced he is not himself. But he participated in a dishonest project and the fact he was in the service will not influence the sentence."

Two Fliers Die in Refueling Crash

Tampa, Fla., Dec. 9 (AP)—Two aviators were killed and two planes were wrecked in the ninth attempt of the monoplane Sealdsweet of Florida to set a new endurance record.

E. A. Dempsey and Stanley Smith, both of St. Louis, were killed when their machine, the refueling ship for Sealdsweet crashed at the municipal airport. The Sealdsweet, itself groping in a fog with its fuel running low, fell into a pine tree in a woods near Kissimmee. Its pilots, R. W. Schrock, St. Louis and Chicago, and Leonard Carothers, Cedar Rapids, Ia., were injured.

Hamilton of Wall St. Journal Dead

William Peter Hamilton, editor of the Wall Street Journal, died today in New York. He was 62.

Mr. Hamilton had a large business and social acquaintance in Boston.

He was born in England and began his long newspaper career there in 1890, and came to America in 1899.

His wife, Lillian Hart Hamilton, survives him.

Canadian Liquor Runners Win Strike

Amherstburg, Ont., Dec. 9 (Canadian Press)—Rum runners who went on strike last Friday have won a victory. After 24 hours of idleness while orders piled up for Detroit customers, the exporters conceded the demands of their employes and the men who man the boats will receive $3 for each case of beer and $15 per case of whiskey carried across the river. This figure, the runners say, is little enough when they are obliged to furnish their own craft.

Laborites Pick "Tay Pay's" Successor

London, Dec. 9 (AP)—Laborites in the late "Tay Pay" O'Connor's constituency of Liverpool have selected Alderman Logan as their candidate in the by-election caused by the death of the "Father of the House." The date of the by-election has not yet been set.

Irish Nationalists outside Liverpool are taking a lively interest in the future of "Tay Pay's" old riding.

SEPARATION OF SIGOURNEY THAYER AND WIFE STIRS SOCIETY

CUPID FLIES AWAY AFTER A YEAR

Former Mrs. Vanderbilt and Theatrical Man Spring Second Surprise

New York, Dec. 9—Sigourney Thayer and his wife, the former Mrs. Emily Davies Vanderbilt have parted, according to reports heard here.

Just a year ago last Saturday they married, completely surprising their friends in New York, Newport and Boston society, for no engagement had been announced and there had been no rumors of a proposed wedding. The report of the separation is almost as surprising.

Details of the separation could not be learned last night. Mrs. Thayer, in her home at 176 East 75th st., refused to comment on the report. She referred all questions to her husband. But it was said over the telephone that Mr. Thayer was not living at the 75th st. address and that it was not known there where he had moved.

Mrs. Thayer is the daughter of Mrs. Frederick Martin Davies and a great-niece of the late Bradley Martin. In 1923 she married William H. Vanderbilt, 3d. It was a brilliant wedding in Grace Church.

The marriage ended in a Newport divorce in June, 1928. The summer previous Mrs. Vanderbilt had sought a divorce in Paris, but a reconciliation was reported after Paris court officials had announced prematurely that a decree had been granted.

The divorce was followed by reports of Mrs. Vanderbilt's engagement to various members of Europe's nobility, and then came the unexpected marriage to Thayer, society theatrical producer and war hero.

Thayer is the son of the Rev. William G. Thayer, headmaster of St. Mark's School of Southboro, Mass. He graduated from Amherst with the reputation of being a brilliant student and a practical joker.

His joking put him in trouble in Paris in 1921 when he rolled a half-ton telephone bobbin down a hill in Montmartre, scattering hundreds of cafe customers and felling one slow-footed waiter. He is now associated with Alexander McKaig in theatrical productions.

MRS. SPRECKELS WEDS FLIER

Washington, Dec. 9 — Sidi Wirt Spreckels, erstwhile wife of three men, including a millionaire and Turkish Prince, was honeymooning today somewhere in Virginia with a youthful bridegroom and her eight year old daughter, starting her fourth marital venture.

Mrs. Spreckels and Lieut. Roger A. Gardner, army air service at Langley Field, Va., were married Saturday in Old Fairfax county courthouse.

Sidi Wirt, Kansas farm girl, first married Harry Williams, who divorced her, and then married John D. Spreckels, San Francisco millionaire who was killed in an automobile wreck. She then became the bride of Prince Suad Chakir, of Turkey, who obtained an annulment when she came to America for a visit and never went back.

Lieut. Gardner gave his age on the marriage certificate as 27, while Sidi gave hers as 35.

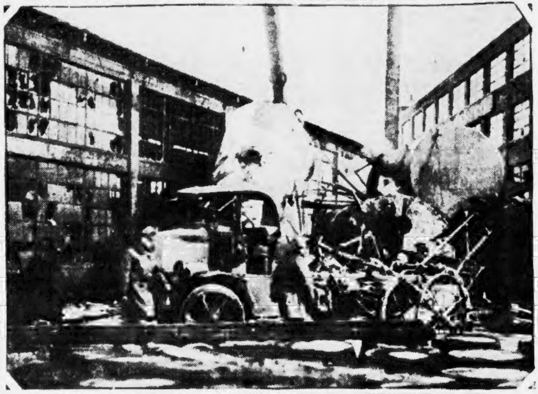
Somerville Chief, Wife, Wed 25 Years

Chief of Police Charles A. Kendall of Somerville was the recipient today of a number of messages of congratulations upon the silver anniversary of his wedding which he celebrated with Mrs. Kendall at dinner in a Boston hotel.

The couple received a shower of anniversary cards, gifts from friends in Norway and a large bouquet of jack roses from the Somerville Rotary Club, of which Chief Kendall is a member.

They were married in December, 1904, at the home of the bride in Ayer by Rev. William J. Batt, chaplain emeritus of the Concord Reformatory. Mrs. Kendall is a member of Eastern Star, Somerville Historical Society and treasurer of the Women's Union of the Prospect Hill Congregational Church.

Havoc in Wake of Blast That Left Burned Bodies for Firemen to Carry Away



Exceptional photo shows some of the ruin wrought by the terrific blast at the plant of the Trimount Oil Co., Everett, today. Note the battered tanks, the demolished trucks, the shattered window panes, the warped and twisted metal.

Two men were killed there and three burned so terribly by the shower of flaming fluid that drenched them that doctors despair of their recovery. Firemen shown sorrowfully carrying away a victim. (Staff photos.)

Governor Loses Hat as He Talks to Hoover

Washington, Dec. 9 (AP)—Governor Louis L. Emmerson of Illinois visited the White House today and while he was talking about waterway development with President Hoover someone plucked the governor's gray felt hat from the rack which stands outside the Chief Executive's private office, apparently by mistake, since one was left in its place.

"Oh, well," Governor Emmerson said. "I've lost hats before so I guess I'll get along all right. But the fellow who took my hat was a good trader. This one is a size too large and not nearly so good."

Upon rare occasions White House callers lose a hat or coat. The most prominent incident in recent years was when Chief Justice Taft walked off with someone's overcoat.

The Chief Justice, however, returned it quickly after he had tried unsuccessfully to get into it.

Slayer Loses Appeal

Washington, Dec. 9 (AP)—Joe Troche, convicted of murdering Mary Lorenzo in Eldorado County, California, in November, 1927, today lost his appeal in the Supreme Court.

BLOCK SENATE TAX CUT VOTE

Washington, Dec. 9 (AP)—Immediate consideration of the $160,000,000 tax reduction resolution in the Senate was blocked today by Senator Black, Democrat, Alabama, when Chairman Smoot of the finance committee asked that it be taken up ahead of the tariff measure and voted upon by tomorrow at 4 p. m.

Smoot was prepared to act on an offer from leaders of the Democratic-Republican independent coalition in charge of the tariff measure to give the tax resolution right of way under an agreement providing for a limitation of debate.

But as he proposed the agreement Black objected. The Alabaman gave no explanation and a program for disposition of the tax resolution was temporarily unsettled.

Breaking Glass Nets Cop 3 Holdup Men

Chicopee, Dec. 9 (AP)—Hearing the sound of breaking glass, Patrolman J. F. McCarthy early today was attracted to a second-story clubroom where he arrested three young men in the act of robbing the place. The trio, one of whom was but recently released from the Lyman school, are Frank Szukla, Michael Baron and Walker Bielanski. They were sentenced to one year each by Judge J. P. Kirby. Patrolman McCarthy was publicly commended by Chief O'Callahan for this and other creditable captures.

Ebersole Will Be Harvard Professor

John F. Ebersole, economic advisor and chief of the section of financial and economic research in the treasury department, Washington, comes to the Harvard University Graduate School of Business Administration in January it was announced today.

Ebersole, A.M., '09, will hold the position of professor of finance.

Hub Reds Fight 'War Move' of America

Communists of Boston have planned a meeting for tomorrow night in the Aembassador Palace at Tremont and Berkeley sts. to "demonstrate against America's war move against the Soviet Union."

The advance notices call upon "all the workers" to "defend the Soviet Union, turn the next imperialist war into civil war for the overthrow of capitalism, organize the unorganized and the unemployed and build revolutionary unions."

13 Rescued in Wreck of American Yacht

Amsterdam, Dec. 9 (INS)—The yacht Cuananiche, owned by Percy K. Hudson, of Great Neck, L. I., was wrecked off Cuxhaven today while enroute from Hamburg to Amsterdam.

In addition to the crew of eleven two guests were aboard the vessel. They were R. H. Wagner and his son. All those aboard were rescued.

The wrecking of the yacht was the latest disaster in the terrific storms which have been sweeping the European coasts, causing heavy damage to shipping and the loss of scores of lives.

Hudson, owner of the yacht, and a number of other guests who were cruising with him, had a lucky escape from the adventure which befell the crew, and the only two passengers. They had left the yacht at Hamburg and proceeded to Amsterdam by automobile.

The yacht, a palatial ocean cruiser, apparently was caught in the full fury of the storm and was rendered helpless by the gal, of hurricane force, which has disabled scores of vessels, including huge ocean liners.

14 Liners Headed for New York Delayed

New York, Dec. 9 (AP)—Storms battering the European coast had apparently spread today to ocean-wide proportions. Fourteen liners, due in New York harbor today or tomorrow, will be from 24 to 48 hours late, it was announced.

Among those delayed will be the U. S. liner Republic, which rescued 11 fishermen from the schooner Gander Deal off Nova Scotia Thursday, due today but not to arrive until tomorrow.

The Baltic of the White Star line, bringing five men rescued from the schooner Northern Light, also one of the 10 fishing boats that became separated and lost in a storm off Nova Scotia. The Baltic, due tomorrow, will arrive Wednesday.

The Berengaria of the Cunard line, due tomorrow, but not to arrive until Wednesday.

The Bremen of the North German Lloyd line, fastest liner afloat, due tomorrow, but not to arrive until Thursday.

Britain Fears Worse Storm Yet to Come

London, Dec. 9 (AP)—The bitter hammering by wind and sea, believed the worst in the past century, to which Great Britain and the continent have been subjected for nearly a week, continued today with somewhat lessened force, but with the possibility of a worse blow to come.

No less than 50 vessels along the coast were reported in distress, while the raging seas prevented assistance being sent to them.

At least 65 lives have been lost in the gales, and it is possible that the death list will number more than a hundred when all the reports have been received.

These figures include 16 lives lost in the sinking of the steamer Frances Duncan on Thursday, 21 lost with the sinking of the steamer Radyr on Saturday with all hands, seven men washed overboard from vessels along the English, Dutch and Danish coasts, and a score of persons killed in accidents due to the gale on land.

The Spanish steamer Mar Rojo, 2202 tons, was reported to be drifting on the rocks today five miles south of Hastings, on the Channel coast. The ship reported that her engines had broken down and asked for immediate help.

The liner Doric arrived off Cobh Irish Free State, with 40 passengers ready to go ashore, but was unable to make its call at the port owing to the violence of the storm.

Mrs. Sigourney Thayer in Love Rift

The former Mrs. William H. Vanderbilt, 3d, who surprised society a year ago by an unannounced wedding to Sigourney Thayer, theatrical man and son of Rev. William G. Thayer, headmaster of St. Mark's School, Southboro, has again startled her friends by separating from her husband. She is shown here in polo outfit on one of her favorite horses.

DENTIST HELD IN SLAYING

Rockford, Ill. Dec. 9 (INS)—An attractive young school teacher mysteriously slain in her bedroom, the arrest of a widely known Rockford dentist formerly prominent in Hollywood, five dead cats found in his automobile and a dead mouse found in his pocket, today presented a weird kaleidoscope of events to police attempting to solve the mysterious slaying.

The school teacher, Miss Cordelia Gummershiemer, was found apparently clubbed to death with an iron pipe which the slayer had obtained not far from her apartment. The imprint of a man's hand upon her body, a footprint on the bedspread and fingermarks on the pipe were the only tangible clues police had to work upon.

The dentist, Floyd Leach, 36, had been intoxicated for two weeks, police said, and was unable to account for his actions during that time.

Leach is being held for questioning. An extradition hearing is scheduled for January 6 when a judge will rule upon the request of California authorities that the dentist be brought back to Los Angeles to face charges of deserting an invalid wife. Leach is under $1000 bond.

Police said the five cats had been clubbed over the head with a pipe. The manner in which the mouse met death is not known.

The office in which the dentist worked is next to the apartment building of the teacher.

The body was discovered by three girls, to whom Miss Gummersheimer was to have given German lessons. She had been dead about 18 hours physicians declared.

WALL ST. 'BOOZE PARTY' DROPPED

Washington, Dec. 9 (AP)—The Grand Jury today decided to ignore testimony by Senator Brookhart of Iowa relative to the "Wall Street booze party" given by Walter Fahy, New York broker, to new members of Congress in 1926, at which Brookhart said liquor was served.

The Grand Jury, in its report, said it was "deemed that the lack of evidence, together with the extraordinary lapse of time between the alleged violations and the revelation of the facts relating to this affair, make it impracticable for the Grand Jury to consider the matter further."

Pleads Guilty in Larceny From Bank

New York, Dec. 9 (AP)—Joseph Palminteri, indicted with Louis Tavormina, former vice-president of the defunct City Trust Co., pleaded guilty in Brooklyn today to second degree larceny.

He and Tavormina were accused of having manipulated unsecured notes to obtain $27,500 from the Atlantic ave., Brooklyn, branch of the bank from 1925 to 1928. Palminteri will be sentenced next Monday.

Worried by Wife's Silences; Lost Weight

Providence, R. I., Dec. 9—How a wife's "silence" so worried a baker that he lost in weight from 158 to 135 pounds was told in a divorce hearing today before Judge Tanner of the Superior court.

Henry W. Borden of Pawtucket won a divorce from Dorothy Borden on the grounds of "extreme cruelty." The wife is a tiny woman but the man charged she took all his money every week.

The cruelty charge was based upon the wife's habit of looking at the husband and refusing to talk with him for days at a stretch.

The husband alleged that on one occasion the wife added violence to silence. He exhibited a shirt which was tattered and torn like a battle flag.

The suit was uncontested. They were married in Boston, February 10, 1928.

PUBLISHERS HIT NEWSPRINT 'TRUST'

Canadian Institute Is Said to Hold Monopoly; Threatens to Boost Prices

New York, Dec. 9 (AP)—A resolution calling on the paper committee and the board of directors of the American Newspaper Publishers Association to take up with federal authorities the question as to whether there is any redress open in the newsprint situation through federal action was adopted today at the special convention of the association called to discuss proposed increases in newsprint prices.

The convention was called to consider what action the association would take in case the threatened increase in newsprint prices of $5 a ton was carried through by the manufacturers.

Charging that a virtual monopoly exists through formation by most of the newsprint manufacturers of the Newsprint Institute of Canada, the committee reports that "the present difficulties complained of" which the institutes says necessitates higher rates, "are the natural sequence of over-expansion in the past and the present uneconomic conditions."

Expanding its charges of monopoly, their report says:

"Following the demise of the late Canadian Newsprint Company, Ltd., a new group was formed last fall, known as the Newsprint Institute of Canada, from the offices of which we have sought but failed to secure information regarding its purpose or details of its operation.

"From other sources, however, your committee is informed that the institute includes among its membership nearly all of the newsprint mills of Ontario and Quebec, some of which are said to have become members under pressure.

"Tonnage is pooled, production controlled and price and marketing conditions fixed to the end that nearly all mills within the provinces of Ontario and Quebec, whether of high or of low cost production, may be kept in operation on an equal percentage of capacity, thus perfecting an absolute monopoly, wholly eliminating competition, and thereby subverting the law of supply and demand."

5 PLANES HUNT FOR EIELSON

Nome, Alaska, Dec. 9 (AP)—Recalling one of the last expressions of Carl Eielson — "Don't worry about me for 30 days"—spoken a month ago as he was taking off for North Cape, Siberia, rescuers today intensified their efforts toward starting an aerial hunt for the missing flier.

Five Alaskan planes are due to be concentrated on the Bering sea-coast by tomorrow to search for Eielson and his mechanic, Earl Borland, last sighted Nov. 9, about fifty miles from the Nanuk, a trading ship locked in the ice off North Cape. They were making a flight to carry passengers and furs off the ice-bound ship when they disappeared.

'FORGED' WILL CASE REOPENS

The Littlefield will case emerged again today in Norfolk Probate Court in Dedham before Judge McCoole.

The case had been continued from last October. Today the first witness was Carl Carlson, for 25 years janitor for Mrs. Lora Littlefield of Brookline, who, it was announced, had bequeathed her $100,000 estate to a farmer who acted as her "summer chauffeur." He is Maurice J. Hahon of Charlton.

Carlson identified checks, leases and notebooks as bearing her signature. At a previous hearing he had declared the signature on the will a forgery.

It is contested by Alfred J Perkins, postmaster of Atlantic City, N. J., a cousin. The case began a year ago.

Judge McCoole previously had the will impounded after a charge that the date in 1925, although a water mark on the paper, is said to show 1928 as the time of manufacture.

Pope Warns Priests of Nationalism Evil

Vatican City, Dec. 9 (AP)—Pope Pius has told all Catholic missionaries that they must absolutely avoid nationalistic propaganda.

In the Osservatore Romano, Vatican organ, His Holiness was quoted today as saying to Catholic mission representatives that "Nationalism is a real evil, and it is not exaggerating to call it a malediction in the mission field."

The Pope said this should be well remembered by everyone, from the humblest priest to the pope himself. He admonished all missionaries not to see before them anything, anywhere, but "souls redeemed by Jesus Christ" regardless of nationality.

"Those who work for God should never mix in secular affairs," he affirmed, citing the gospel to the effect that no man can serve two masters. "For he will either love one or hate the other."

'WORLD BEYOND POLE' IS GOAL OF WILKINS

By HERBERT CARYL

International News Correspondent

Unknown continents lie ahead of Capt. Sir George Hubert Wilkins.

As the famous explorer pushes his expedition beyond the ice barriers of the Antarctic region he will step into another world.

By his discovery of land in the south polar district, Wilkins has begun to prove the theory of "continuity of the universe"—a string of worlds attached to this one, strung out through space like a string of celestial beads.

Beyond the frozen wastes of the polar land lie lands of warmer climate, with vegetation, animals and human life on every side—human beings never seen by man of this earth.

These startling and totally revolutionary statements were made today by F. A. Giannini, philosopher and author of books concerning "the worlds behind the poles," who conferred with the Antarctic explorer in California before the southward dash of the Wilkins-Hearst expedition. Wilkins himself was said to be impressed with the theory of the "continuity of the universe."

Speaking of the "astounding possibilities" which exist in the portion of the world being penetrated for the first time by Sir Hubert and recalling the discovery of islands 1200 miles south of the Wilkins base at Deception Island, Giannini said:

"As I have been confirmed in this rather astounding yet simple disclosure by the discovery of such land, it is my desire to again repeat what I have conveyed to Capt. Wilkins and to the representative scientific groups in this country: 'That within a mean distance of 5000 miles of the icy barriers of the Antarctic, Wilkins will continue to find land, more land, and as he proceeds in a southerly direction, it is bound to become warmer.

"As it becomes warmer he in turn will find vegetation, animal and human life of a variety with which we have never had personal contact.

"Each successive step made by the intrepid explorer at the Antarctic will bear the fruit of revelations greater in scope and more astounding than the discovery of this new world by the explorer and the dreamer of 500 years ago, Christopher Columbus."

Flies to Miami

'BEAUTY QUEEN' SUICIDE PROBE IS FORBIDDEN

Brisbane, Australia, Dec. 9 (AP)—The mystery of the suicide of Miss Dulcie Barclay, Australian "Beauty Queen," who took poison last September, will probably never be solved as far as the public is concerned. The supreme court today made absolute a decree nisi restraining magistrates from inquiring into the circumstances of her death.

Miss Barclay was found lying in the chambers of Robert O'Connor, a prominent Brisbane barrister with high political connections.

When the authorities refused on certain technical grounds to hold an inquest, it was widely alleged that there was something to conceal.

A magisterial inquiry was finally decided on at the request of the National Council of Women and of a body of clergymen but it was cancelled by order of the Queensland home secretary.

Public feeling became so excited that a public investigation was ordered.

This investigation was actually started October 17, but it had not proceeding for an hour before counsel representing Mr. O'Connor obtained an adjournment for appeal to the Supreme Court to prohibit the inquiry.

JAP STEAMER IS LOST AT SEA

London, Dec 9 (AP)—A Lloyds dispatch from Sandakan, British North Borneo, today said the Japanese steamer Kenkyu in the China sea was in a sinking condition after running aground. Her crew abandoned her, but it was not known whether they were safe.

The United States survey vessel, Fathomer, reported failing in attempt to communicate with the steamer by wireless, but the American vessel continued the search.

Track Law Upheld

Washington, Dec. 9 (AP)—The Lousiana law of 1928 prohibiting animal racing on tracks less than one mile in length, was sustained today by the Supreme Court which affirmed the decree of the lower courts or authorities cited.

$200,000 Garage Fire

Chicago, Dec. 9 (INS)—A spectacular fire in a garage at Oak Park, suburb, today caused $200,000 damage and destroyed 41 automobiles.

Shopping with Priscilla Price

Dearest Anne:

Chock Full o' Nuts!

These tempting shops of rare sweets have a Christmas suggestion for filling the kiddies' stockings that will make them pat their tummies and dance with joy! Tiny chocolate animals, cream filled and tinsel wrapped! There are kittens and puppies and bears, and

priced only 25 cents for six. Tart fruit drops (soft centers) that have a refreshing tang and flavor all its own. Imported taffy and candied fruits, and the crispest, freshest nuts of all kinds. Have you tasted their home made chocolates, yet—only 69 cents a pound box. Ummh! They are delicious. Why not send for a box? The Chock Full O' Nuts Shops, 56 Winter St., 5 Bromfield St., 22 Tremont St., 331 Atlantic Ave.

The Hat You Adore

—the style you crave—the fit you demand—all these things in your holiday hat at the modest price of $2, which is Mlle. Eugenie A. Bouchard's charge for her wonderful service of molding, cutting and making the most ravishing little hat that ever covered a pretty head, or graced a matron's dignity. The hoods Mlle. Bouchard makes them of are the softest quality and smartest colors. French felts at $2; sleeky soleils at $3 and $4; glossy Fur Felts, featherweight Austrian Soleils, and suedes at $4. Just tack Mlle. Bouchard's service charge of $2 to your choice of hood, and you have a marvelous value in a modeled to the head hat. Mlle. Bouchard is at Bennett's, 127 Tremont St., 6th floor.

Hark Ye! Merrie Maids

and merrie gentlemen, too! If you'll give her chiffon stockings for Christmas she'll put you down forever as a "friend who understands." Nothing is more delightfully received than stockings—especially those marvelously sheer chiffon ones that come from the San Fan Hosiery Shop, priced at $1.27, $1.49 and $1.59, wrapped for gift giving at no extra charge. All pure silk, exquisitely fine weave, with pointed or modified French heels. Their service weight and chiffon stockings at $1 are really exceptional values, and come in luscious shades. For those who have been looking for a heavier weight, San Fan has a beautiful extra heavy service weight at $1.39. San Fan Hosiery Shop, 110 Tremont St.

Here's a Special Sale

for you, Anne—at Messenger & Fox. A group of the season's very best silhouette models are being closed out practically at cost, $9.75 each, or 2 for $15! There are some strikingly distinctive styles like the one sketched with the dashing new cape effect. All the prevailing high shades, and of course sophisticated blacks, in flat crepe and georgette. There is also a sprinkling of the new prints. Messenger & Fox, Inc., have a charming shop in the North Station, and are open evenings. Drop in and look about while waiting for your train.

Princess Corsette

the Caporn "Figure Beautifier" is not a luxury, it is a necessity. Elastic webbing causes bulges which "break your heart" when you don a Princess gown! Here's a model made WITHOUT ELASTIC WEBBING. Adjustable lacings on each side enable you to get a grip on your "self respect" and feel the satisfaction of being "well set up!" Abdomen and hips respond at once and your clothes will need "taking in." Comfy to wear; easily laundered and stays down. It costs no more eventually for Caporn's Correct Corsetry than for readymades. You may see one designed on your form before ordering. Caporn, 234 Boylston St., Thorndike Bldg., Ken. 4230.

When Dusky Shadows Fall

And all the world becomes a changeling, your home a castle of dreams, it's time to light your lamps and dream of adventure—romance! What fanciful stories you could weave around that Italian Pottery lamp Janice received for Christmas, with its gay-colored flowers. What tavern tales of Yuletide Wassail bowls Dad's old English Pewter Candelabra recalls. What alluring grace and beauty your own slender boudoir lamp might have lighted in some lovely room of the French Court. And what austere Puritan father might have read his psalms in the light of the pewter lamp that now casts such a rosy glow over Brother Ted reading his sporting page. Really, Anne, there is no gift that is quite so personal as a lamp, and if you'll visit the Lamp Section in Filene's New Gift Shop on Franklin St. you'll find lamps there to suit every individual taste at most interesting prices. $3.85 for Italian Pottery; $10.85 for complete three-piece boudoir set; electrified old-fashioned kerosene lamps, $6.85; enamel lamps in lovely colors, $4.85, old English Pewter Candelabra, $8.85, and bridge lamps $5 up. They also have a splendid assortment of beautiful shades—from paper parchment to the frilliest lace.

Doting Parents and Adoring Husbands!

This is just for you—a Christmas hint from Priscilla—and don't let *her* peek over your shoulder while you're reading it! Scott Furriers, 69 Summer St., New England Largest Fur Establishment, have made another special purchase of 179 Dependable Fur Coats, which they offer from $45 to $145 (according to fur). Just in time for Christmas Gifts! Such a large selection of styles it takes but a few minutes to choose the coat you want—another few minutes to discuss payment plan (in the ultmost privacy)—and the coat is yours! There is the smart Galyak Fur, with flared skirt; Platinum Muskrats; Seal Dyed Coney, Fitch trimmed, and hosts of others. Other unusual values priced from $95 to $975. Scott Furriers make it so easy to own a fur coat. You may pay cash if you wish. Open an extended charge account, or make small weekly or monthly payments while wearing your coat, without delay, investigation or extra charges, by joining the Scott Unique Fur Club, the only one in New England. Scott stores in New England are at 69 Summer St., Boston; 309 Westminster St., Providence and 51 Pratt St., Hartford. For your convenience, open every evening until 9 o'clock.

Scented Flower Buds

made into a perfumed Pot Pourri by G. S. Cheney Co., that old-time drug store makes the daintiest Gifts that ever wafted a Merry Christmas, Anne. Sachets—a filled rose bowl—tiny bags of fragrance tied to bridge tallies, are a few of the gifts you can make with this heavenly-smelling Pot Pourri which sells for only $1.25 a pound. It has the loveliest coloring, and is made of real, whole rosebuds, sandalwood, lavender, and all the old-fashioned garden flowers that give such a glorious odor. All Priscilla friends can buy this scented Pot Pourri by the bulk—at G. S. Cheney Co., 15 Union St.

Evelyn Says

If you've been good—awfully good, and a nice fat Christmas Club check is your reward you surely deserve something out of it for yourself. That's why she has marked the darlingest dresses of flat crepes, georgette and prints at $6.95 and $12.95 up. There are cheery holiday colors—green and red, charming Bridge Shades, and chic blacks, with crystal beads or bits of lace to brighten them. Some odds and ends on the Treasure Rack as low as $1.95. Evelyn's Christmas Gift stockings at $1.10 for service weight, $1.35 for chiffon. Evelyn's Dress Shop, 8 Winter St.

The Arcade Shop

is the friendliest little shop where you can warm your toes and do your Christmas shopping while waiting for that tardy friend to come along, for they have just put in the most adorable gift undies. The Pongee pajamas sketched with splashes of bright color, are only $2.95. Dainty crepe de chine nightgowns, and bright-hued imported negligees coolie style, are $4.95. Glove silk bloomers with yoke front a bargain at $2.45, and Chardonize bloomers, panties and step-ins at 95 cents. Their specialty—chiffon hose at $1.15, silk from top to toe, and service weight at 95 cents, wrapped for gift giving, no extra charge. The Arcade Shop is in the Keith Memorial Theater Arcade (direct passage from Tremont to Washington St.)

When Words Fail

and you simply can't express your Christmas wishes your own way—let America's Best Loved Poet—Edgar A. Guest—do it for you in his inimitable verses, on the Edgar A. Guest Greeting Cards. A hearty wish to a friend; a cheery message to the far-away ones; loving thoughts to the near. There are no two cards alike in this wonderful collection. Each card is charmingly decorated and hand-colored, and although they sell individually for 15 cents each, the complete box of twelve cards with lined envelopes to match, is priced $1 at Rosen Bros., 9 Bromfield St. You may order by mail postpaid.

"Gratefully Yours"

I can picture Carol signing her little "Thank You" note when she receives my Christmas gift—an interesting assortment of stockings I picked up for her at the Bell Hosiery. A service weight that gives marvelous wear, only $1.03. A chiffon at $1.27 with French heels—another at $1.47 with slenderizing diamond heels—and a perfectly heavenly chiffon, as sheer as illusion, at $2.27, or three pairs for $6. There isn't a weight, a color, or a style that you wish for which you won't find most agreeably priced at the Bell Hosiery Shops, 59 Temple Pl., Rm. 615; 26 West St., Rm. 402; also in Malden, Salem, Lynn, Somerville, Brockton and Woonsocket. Beautiful gift boxes free.

The Girl Scout Shoe!

Here is the ideal Christmas gift for schoolgirls, and athletic outdoor women—the Massachusetts Girl Scout Shoe, of which John F. Freeto Co., now at 34-36 Province St. (a step from Bromfield) is the authorized distributor. Built upon the specifications of the Mass. Girl Scouts, Inc., these shoes have resulted in sturdy, comfortable walking shoes, with all the smart lines the modern girl demands. Perfect fit is assured, for they come in all widths, for children, juniors and women, and are priced from $5.50 to $6.50. You don't have to be a Girl Scout to wear a Girl Scout Shoe just a breezy modern, with a love for comfort and smart style. You may order by mail by sending an outline of your foot.

Rose Weiner

Semi-Annual Sale $5 & $7.50

Every hat an original model that regularly sells anywhere from $10 to $22.50! Felts and soleils exquisitely made as only Rose Weiner can make them. So soft and light in weight, and so distinctive in design that you'll positively thrill at your wonderful bargain. There are all colors and all styles, but they won't last long. They can't last long at $5 and $7.50, for everyone knows Rose Weiner's famous twice-a-year sales, and this one comes in time for Christmas gifts, so better get there early! Rose Weiner, 8 Winter St., 3rd floor.

The Spirit That Says:

"Dress up for Christmas!" and the Spirit that warns "Watch your Christmas Budget!" jointly agree that the Spanish Galleries of Chandler & Co. is the place to do both Anne. In their Misses' Dress Section (sizes 12 to 20) I found the very latest dress details which I thought only the high-priced dresses could afford to swank. Sweeping silhouette lines in flat crepe and chiffon, with the new draped necklines, boleros, and double cape effects. For evening, glistening satins and chiffons in ravishing shades. Whether for daytime or evening, they are all one pleasing price—$15.

Superfluous Hair

I sadly fear, is responsible for more than one inferiority complex. For how can you feel perfectly groomed when you look in the mirror and see those unlovely little hairs bristling through your make-up? There is an excellent operator, James Brooks, who takes the utmost care in removing this growth. Physicians who have seen the result of his work have sent many patrons to him. He is so deft that there is absolutely no pain, and no mark left upon the skin surface. And his work is absolutely permanent. James Brook, 100 Boylston St., Lib. 4466.

A Dress Without Cost!

If you whispered to Santa that most of all you wanted a new dress for Christmas I'm sure he'd buy it at the New York Dress Mfg. Co. Their values at $3.75 and $6.75 keep their shop humming with gasps of astonishment and squeals of delight. There are hundreds of dresses—the best silhouette styles in cantons, chiffon, georgettes and satin, and if you can find their values duplicated elsewhere the New York Dress Mfg. Co. will give you one free of charge. 515 Washington St., 2nd floor (opp. R. H. White).

You'd Be Surprised

if you could see the great change that has taken place in my old fur coat since its trip to Gimbel Fur Shop, Anne! First they cleansed it and glazed it, fluffed it out and brightened it, and they charged me only $3. Then they relined it, furnishing the lining—a lovely brocaded faille, and charged only $10 for that. Then they put new collar and cuffs on it and presto! I have a new fur coat! This is the most reasonable place to have your remodelling, relining and repairing done—and splendid work, too. Gimbel Fur Shop, 59 Temple Place, 3rd floor.

"Caught Short"

If you have a testy uncle who hasn't laughed for twenty years—send him for Christmas a copy of Eddie Cantor's hilarious book on the recent stock market hysteria—then wait for the explosion! If he doesn't grin, chuckle, shake with unsuppressed mirth and name you the favored one to his title and lands (what's left after the great "margin call") then your stock has surely slumped. It takes but twelve minutes to read "Caught Short," by Eddie Cantor, and it costs but $1 in the Book Section of R. H. White Co. You may order by mail or phone.

HOUSE TO TAKE UP FRENCH DEBT TOMORROW

Washington, Dec. 9 (AP)—Settlement of the French debt, the only war time obligation owing to the United States for which arrangements for payment have not been made will be taken up tomorrow by the House ways and means committee.

Approval of the plan which would provide payment of $4,025,000,000 over a period of 62 years, was asked by President Hoover in his annual message.

A similar measure is before the Senate, and Chairman Smoot of the Senate Finance commitee is awaiting action of the House before calling it up. The Senate group already has reported favorably on the bill by unanimous vote.

The administration's strength in the House indicates quick passage in that body, but in the Senate considerable opposition to the plan is anticipated, its opponents contending that under the settlement the United States would receive only 50 cents on the dollar.

Negotiated three years ago the terms were agreed on by the House, but the Senate delayed action until France had approved it. The action was taken by France on July 27 of this year.

Methodist Church Leaders to Meet

The annual convention of New England district superintendents of the Methodist churches will open in Wesleyan hall tomorrow at 10 o'clock.

One of the most important subjects for discussion will be on the amount of money needed as New England's share toward the $10,000,000 fund to be used for world service by Methodist churches.

The Weather

For Boston and vicinity—Fair and slightly colder tonight; Tuesday partly cloudy, probably with some light snow or rain; moderate northwest winds shifting to easterly. The minimum temperature tonight will be near 25.

For Southern New England—Increasing cloudiness, slightly colder in western Massachusetts tonight; Tuesday snow or rain; moderate northwest winds shifting to fresh northeast and east on Tuesday.

For Northern New England—Cloudy tonight and Tuesday, followed by snow Tuesday; not much change in temperature; moderate northwest winds shifting to north and northeast.

For Eastern New York—Cloudy followed by snow or rain in south portion late tonight or Tuesday and by snow in north portion Tuesday; slightly colder in east central portion tonight; variable winds becoming fresh east.

Ocean Forecast

Steamers departing today for European ports will have moderate to fresh west and northwest winds and partly overcast weather to the Grand Banks.

Stop sneezing YOUR HEAD OFF!

GERMS in the nasal passages irritate the delicate lining — and cause sneezing. A cold is probably coming on. Catch it at once—by destroying the germs that are attacking you. Breathe the vapor from OZO MIST. Quickly all germs are made harmless. Your nose is cleared — you may prevent danger of grippe, pleurisy, or even worse.

OZO MIST is a scientific medical discovery. Drop it on your handkerchief or your pillow at night. OZO MIST will evaporate slowly and give off healing, soothing vapors for eight hours. Inhale the delightful, pine-woodsy, germicidal odor. Thru the nose, throat and down into the lung cells circulates this germ-destroying vapor depositing five healing medicaments.

Get a bottle of OZO MIST today. Lose no time in using it—to stop a cold—or to prevent catching one. Fifty treatments only fifty cents. At your local druggists. Insist upon original OZO MIST.

2 cups sugar=1 lb.

All New England Flocks to Royal Chef's Lesson

ALL the wives of the world—the world of progressive New England homemakers—were present in the Martha Lee kitchen when K. Camille Den Dooven, New England's premiere culinary expert, gave an exceptionally valuable demonstration lecture exploiting new recipes gleaned on his recent coast-to-coast tour.

So entirely new were the dishes shown by Mr. Den Dooven that they had not even been named until christened by the members of the Martha Lee Cooking school. For instance, Mr. Den Dooven's absolutely new lemon pie received the name of "Angel Lemon Pie" suggested by Mrs. Evangeline D Shine, wife of Dr. Timothy E Shine, 256 Broadway, Arlington, Mass., and accepted by popular vote. This pie is illustrated and the recipe given elsewhere on this page, but we must make room here for the marvelously tender pie crust which forms its foundation.

For this pie crust, Mr. Den Dooven blended 1 lb. of pastry flour (4c.) with 12 ounces of Crisco, 2 tbsps. of salt and 1 tbsp. of sugar. This was mixed with a seven-wire pastry blender and to it was added ¾ c. of cold water (not ice water.) One valuable pastry secret imparted by Mr. Den Dooven was the suggestion to use bread flour for dusting on the pastry board, as it is not so apt to stick as the pastry flour, and will make the dough easier to handle.

The pie crust was rolled a little larger than the pie and laid loosely on it, fluting the edge for the shell. Over this crust was placed an empty pie tin of the same size, to keep the crust flat. The shell was then placed in a 375 F. oven and baked until a delicate brown filled with Angel Lemon Pie filling and returned to the oven to brown again.

Texan Pecan Tarts was another mouth-watering dainty within the scope of the ability of even the novice housewife.

The same pastry as used for the lemon pie was used to line the tart shells, well greased. Next 3 eggs are beaten well, add to them 1 c. of dark Karo, ¼ c. of moist cocoanut, ½ c. of granulated sugar, 2 tbsps. bread flour, 1 tsp. of vanilla, ½ tsp. of salt, 1 ounce (2 tbsps.) of melted butter and 1 c. of pecan meats (walnuts may be used.) The tart shells, unbaked, were next filled ⅔ full of this pecan mixture and baked in a 325 F. oven for approximately 20 minutes.

Belgian Custard Pie was interesting and different from the plain garden variety of custard pie in that it took a deliciously rich, dark brown crust within a very few moments of being placed in the oven. This was on account of the unusually large proportion of sugar in the recipe. Incidentally, calorie counters will be glad to know that Mr. Den Dooven has proved that sweets properly proportioned and carefully cooked are not fattening. He proved this in his own diet as well as in that of many of his pupils. He eats but two real meals a day, with a lunch of a glass of milk and perhaps some of his own pastries. Sweets form an important item on his evening meal also. But to get back to our custard pie, which, in honor of his pleasant relations with royal family of Belgium, Mr. Den Dooven has christened Belgium Custard Pie. Here are the ingredients:

3 eggs
½ tsp. salt
1 c. sugar

Beat this mixture together until thick and lemon colored and spongy. Then add 2 tsps. of pastry flour, 2 tsps. of vanilla and 2 c of milk. Cook this mixture in an unbaked shell in a 400 oven until a silver knife inserted in the center of the pie comes out clean.

Using some of his original pastry, Mr. Den Dooven next lined tart pans, covered them with wax paper and filled them with raw rice to hold the shells in shape while baking. These were baked to a delicate brown, the rice removed and one half of the shells filled with cranberry sauce. The remaining half of the shells were filled with cooked seasoned green peas. The shells alternated serve as a garnish for the Christmas turkey platter with the addition of rolled French pancakes filled with the cranberry sauce. The French pancakes were wafer thin and were prepared from the following formula:

1 c. flour
1 egg
2 tbsps. melted butter
¾ c. milk
½ tsp. salt.

Beat the egg with the salt, add ½ of the milk, then the flour. When this is mixed to a smooth batter, when there are no lumps, add the rest of the milk and add the melted butter.

Another demonstration lecture by Mr. Den Dooven is promised for some time in Janaury. This lecture will be free to members of the Martha Lee Women's Club and cooking school. In applying for tickets, kindly give your registered number in the Martha Lee Women's Club.

Miss Blanche Salus of the Martha Lee staff showing the Angel Lemon Pie made by K. Camille Den Dooven and christened by a member of the Martha Lee Women's Club, Mrs. Evangeline D. Shine of 256 Broadway, Arlington.

Why Buy This Fresh Pork?

THE present reasonable prices of New England dressed fresh pork are certainly a temptation to include this economical meat frequently in our menus, and in ordering it don't forget to specify "New England Dressed Fresh Pork," will you? There is a dealer in your locality carrying this New England product.

He deserves your patronage and in buying from him you know you are securing the freshest and best pork products. The meat is delivered to him daily, absolutely fresh and carrying not only the dealer's brand, but the United States Government Inspected stamp.

Here are two delicious ways of using this N. E. fresh pork.

PORK CHOPS, FRENCH STYLE

6 pork chops
Flour
Salt and pepper
3 c. cooked spinach
1 c. white sauce
1 egg yolk
Grated cheese

Sprinkle chops with flour and season with salt and pepper. Sear both sides in a hot frying pan. Lower the heat and cook about 30 minutes. Arrange a layer of hot cooked spinach or fried Bermuda onions on a serving platter and cover with the meat. Add the egg yolk to the white sauce and pour this over the meat. Sprinkle over with grated cheese (we like parmesan), and place under the gas flame or in a hot oven to melt the cheese.

PORK SAUSAGE WITH RICE AND PINEAPPLE

Put a layer of boiled rice in the bottom of a well greased baking dish. Parboil the sausages made of New England Dressed Fresh Pork, for 15 minutes. Then arrange on the bed of rice so that they radiate from the center like the spokes of a wheel. Place crushed pineapple in the center of the dish and between the sausages. Bake in a moderate oven for half hour and then place under the broiler flame in the gas oven to brown the sausages.

These are two of the recipes included in the interesting book I have been telling you about "21 ways to serve New England Dressed Fresh Pork." If you will drop me a line, I will be happy to see that you secure a copy.

New Way to Serve Fish

FROM Miss Daurice Darling, director of the Home Economics Department of the Boston Consolidated Gas Company, comes this excellent recipe for Fish a la Montgomery.

FISH A LA MONTGOMERY

4 lbs. fish
2 cs. strained tomato pulp
1 small onion
½ green pepper
1 tbsp. butter
1 tbsp. flour
Parsley, salt, pepper, butter

Wash and fillet the fish, rub both sides with flour, salt and pepper. Cut a deep gash the length of the fish, and place it on a baking dish. Over this pour a sauce made of the tomato, chopped onion, parsley and green pepper. Dot with butter and bake at 350 degrees about 40 minutes. Baste fish with sauce several times. If the sauce thins out, add butter and flour creamed together. Garnish with parsley.

Newsboys Soloists at Steinert Hall

Three Boston Evening American newsboys, Samuel Levine, David Levinson and Daniel Karlin, will be soloists in a violin recital and orchestral concert in Steinert Hall next Sunday afternoon.

Works of Kreisler, Danela, Dvorak, Brahms, De Beriot and Vieuxtemps are on the program.

Lecture Series on Engineering

The student chapter of the American Society of Civil Engineers at Tufts will hold a series of monthly meetings at which some civil engineering topics will be given in lecture form.

Auction and Contract Bidding

	1st Rd.	2nd Rd	3rd Rd
South	1 ♥	4 ♥	Pass
West	Double	4 ♠	
North	3 ♥	Pass	
East	3 ♠	Pass	

Jump assists of partner's bid over an intervening negative double are in the same category as original pre-emptive bids in that both may be made with slightly less than the normal requirement for such a bid as a defensive proposition.

Thus a jump assist over a negative double is of doubtful integrity in respect to bidder actually holding the full values normally required and therefore should never be read as a slam invitation at contract, but rather as an assist based more upon distribution than upon high card values to shut out a possibly dangerous response by partner of the doubler.

SALIENT POINTS OF BIDDING

Auction: West's double is warranted more by his distribution than by his high card values. North, with five cards of south's suit, preempts his assist, bidding more than his actual supporting values would normally justify in an attempt to shut out a response to west's double. However, east, with four spades to the queen-jack, the suit expressly invited by west's double of an adverse heart, and also a strong club suit that may be called if necessary or expedient on a later round, refuses to be shut out and bids three spades in preference to four clubs.

South, while realizing that north's assist may be an overbid, has slightly more than the values for a sound rebid of his own holding. West, having received a free and satisfactory response to his negative double, carries the spade bid to four odd which becomes the final declaration.

Contract: The bidding at contract should be identical with that at auction and for the same reasons. It is of interest to know that in the contract match, where this deal actually occurred, the east player failed to realize the significance of the situation and bid four clubs over north's three hearts, which west carried to five, a contract which was defeated.

It will again be noted that with two mutually supporting strong suits, a partnership holding usually will produce the same number of tricks with either suit the trump. Thus on this deal there is four-odd in the east-west hands, a game at spades, but no game at clubs.

THE PLAY

South leads initially the king of hearts. Dummy goes down exposing the singleton heart, and south shifts to the 4 of diamonds, which east wins with dummy's ace, north playing the jack.

Declarer now leads the spade 2 from dummy, playing the jack from own hand which loses to south's ace.

South continues with diamonds. North wins with the diamond queen and returns the diamond king which east trumps, playing the 9 of spades to guard against any possibility of an over-ruff. Now, two rounds of spades to exhaust the adverse trumps, and declarer can claim the balance of the tricks: five club tricks and one spade in dummy to trump his losing heart.

It will be seen that the same result, four odd, would have been obtained at clubs, declarer losing one heart, one diamond and one spade at either declaration.

Mr. Whitehead will answer questions concerning your bridge problems. Write him, care of this paper, inclosing self-addressed, stamped envelope.

Martha Lee's Callers and Writers Thousands

HAVE you been putting off writing to Cousin Mary or Aunt Elizabeth because you "just hate to write letters?" Then perhaps you'll find it hard to understand the pride and pleasure Martha Lee takes in her daily mail.

Picture for yourself how interesting it must be to open letters from all parts of New England—every morning—chatty, intimate, friendly letters—each with its particular problem or inquiry.

So far this year Martha Lee has received 38,988 letters and 39,392 inquiries on items mentioned in her marketing column. During last week alone 714 visitors registered in the Martha Lee Kitchen making a total of 18,245 visitors for this year or 50,478 registered since the opening of the Martha Lee Kitchen on October 15, 1926. Appealing figures perhaps to you and me, but a pride and joy to Martha Lee who says "The more the merrier."

ALL-BRAN YEAST BREAD

1½ cups all-bran
1½ cups boiling water
1 tbsp. shortening
1½ tsps. salt
1-3 cup molasses
1 yeast cake softened in ¼ cup lukewarm water
4 cups bread flour

Pour the boiling water over the all-bran. Add the shortening, molasses and salt and let the mixture stand until lukewarm. Add the yeast which has been softened in lukewarm water. Sift in the flour. Let the dough rise until double in bulk. Beat and put into a greased bread pan. Let rise again. Bake in a moderate oven (400 deg. F. to 370 deg. F.) for 50 minutes.

Workmen Busy at Holy Cross Shrine

Silent and deserted, except for workmen and two brief-visiting pilgrims from Connecticut, was Holy Cross Cemetery in Malden today.

The workmen were engaged at the spot in front of All Souls' Chapel, where, it is understood, the body of the Rev. Patrick J. Power will be moved shortly. They were putting up a wire mesh fence around a plot in front of the chapel. The understanding is that a vault is being constructed to receive the body of Fr. Power, at whose grave many thousands have worshipped.

Child Delinquent Talk

Rev. Thomas R. Reynolds, director of the Catholic Charitable Bureau, will lecture on "Preventive Methods in Juvenile Delinquency" tomorrow night in conjuction with the evening classes of the Young Men's Catholic Association of Boston at Boston College high school.

Fair, Cold Tonight; Snow, Rain in Wake

Light snow or rain for Greater Boston tomorrow is the official weather forecast. It will be fair and slightly colder here tonight and the minimum temperature is expected to be near 25.

Snow is expected in Northern New England tomorrow with snow or rain in Southern New England.

More than two inches of snow fell at Eastport, Me., early today; Greenville reported a fall of more than one inch; Northfield, Vt., reported two inches, and Concord, N. H., reported one inch. Northfield, with the mercury at 6 degrees above zero, had the lowest temperature in New England today.

Use BELL'S SEASONING

"Angel Lemon" Is Newest Dainty for Pie Lovers

Beat the whites of four eggs in a bowl and place the yolks in a double boiler with the grated rind of a lemon. To this add the juice of two lemons (1½ if the lemons are very large). Mix well and cook in the double boiler until the mixture has the appearance of a slightly scrambled egg.

It is very necessary to be particular about the cooking of these yolks. If not cooked sufficiently, the pie will be runny, and overcooking is equally bad.

Meanwhile, three ounces of granulated sugar is gradually added to the whites, keeping the mixture very light and fluffy. Now combine the cooked yolks with the beaten whites, blend very lightly together, pile in a baked pie shell and return to a 400 degree oven to bake until a rich brown.

In serving this pie, if the knife is dipped in boiling water, it will cut clean.

This pie certainly is rightly named, Angel Lemon Pie, for the combination of tart and sweet, fluffiness and crisp crust is nothing short of heavenly.

Weekly $5 Prize Goes to Bridgewater Woman

BECAUSE her recipe for Chinese Chews is easy to make and easy to eat, this week's $5 cash prize is awarded to Mrs. Arthur C. Brewster, 433 Spring St., W. Bridgewater, Mass.

CHINESE CHEWS

Two eggs, (Hood's Special Stamped,) beaten light; 1 cup Domino Old - Fashioned Brown Sugar; 1 tsp. Burnet's Lemon Extract; pinch of salt; 1 cup Ceresota flour, sifted with 1 tsp. Royal baking powder. Then add 1 cup chopped dates, ½ cup chopped walnuts. Bake in a large pan and when done mark off in squares while hot and let cool.

Why not submit YOUR favorite recipe to compete for next week's $5 cash prize? All it is necessary to do is to follow the food advertising in the Boston Evening American, making note of the articles which you use in your favorite recipes. Then jot down the recipe, naming one or more of the ingredients by its advertised trade name and send to Martha Lee, 5 Winthrop sq., Boston, Mass. Give your membership number in the Martha Lee Women's Club—or if you aren't a member, write today for your registered number and membership card. This will admit you to all the pleasures and privileges of this interesting club of no dues but many advantages.

Scott Favored to Beat Von Porat in Bout Tonight

SHARKEY GO PROMISED VICTOR

By JACK CONWAY

NEW YORK, Dec. 9 — Phil Scott, British heavyweight champion, and Otto 'on Porat, powerful punching orwegian, will battle to re-ive recognition in the race or Gene Tunney's vacated eavyweight title when they lide in a ten-round bout at dison Square Garden to-ht.

rank Bruen, general manager he Garden, says that if the win- displays first class fighting form that he will make an effort to match him with Jack Sharkey for the Battle of the Palms at Miami, Fla. in February

ck Conway

Atlantic City promoters, who claim they have Max Schmeling under contract, will offer the victor a match with the German heavyweight.

This program assures the winner of tonight's conflict a shot ither Sharkey or Schmeling in e event it turns out to be a good ght.

Despite all the nice things which have been said about Von Porat's hitting ability, Scott will probably go to the post a favorite in the betting. The British champion is a more experienced ring star than Von Porat. He is fast and skillful nd has been under fire in num-ous important engagements.

Max Schmeling returned to Ger-ny last summer rather than go rough with a contract to tackle ott for Humbert J. Fugazy. The itish title holder then took on torio Campollo, who was on the t of a wave of popularity as esult of his knockout of Tom ney Scott outscored the South rican with comparative ease.

n Porat's hopes for victory to-t depend upon his right hand. e can score with this wallop, has a chance to knock Scott Otherwise he will be outpoint-y the British champion.

THE proceeds of tonight's show will go to swell the total of the Christmas basket fund of the New York American, of which Mrs. William Randolph Hearst is in charge.

With a $12 top for tickets, it is expected that the Garden will be completely sold out. In the past these Christmas fund shows have usually called for a $25 price for ringside seats. The committee this year decided that in view of the stock market crash it would be wise to set a $12 limit on ticket prices.

If the show is a sellout, the net house will be around $85,000.

THE committee in charge of to-night's show has asked the boxing commission to name Jack Dempsey as referee for the Scott-Von Porat match. The commission recently licensed Dempsey as a referee in New York State so that he could take an active part in the great charity program.

The commission has followed its usual policy of not naming the referee in advance. In the event Dempsey does not officiate in the feature bout, he will be the third man in the ring in one of the supporting matches.

JACK SHARKEY, American heavyweight champion, and Johnny Buckley, his manager, are here to size up Scott and Von Porat. Sharkey is under contract to meet the best available opponent for the New York Garden at Miami in February, and is anxious to get a line on Von Porat and Scott.

The Boston heavyweight saw Risko defeat Von Porat at the Boston Garden, and also was at the ringside the night Von Porat scored a technical knockout over Kayo Christner in New York. Jack, however, has never seen Scott box, and is very anxious to watch the British champion do his stuff.

GENE TUNNEY, home from Europe, has not stated hether he will attend tonight's ow.

Tunney has made it known on veral occasions since his arrival me that he will never box again. The tussle between Scott and n Porat is the most important avyweight bout to be staged ce Sharkey knocked out Lough-n.

arkey, Schmeling and Scott

SCOTT AND VON PORAT FIGHT FOR CHANCE TO MEET SHARKEY

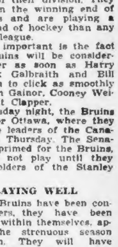
LOOK OUT WHEN IT STARTS!!!
VON PORAT JUST ABOUT RUINED CHRISTNER—KNOCKED HIS EAR OFF 'N EVERYTHING—
PHIL SCOTT THE ENGLISH HEAVY WHOSE RECENT BEATING OF CAMPOLO RATES HIM A REAL CHANCE AMONG THE HEAVIES
OTTO VON PORAT— WHO HITS HARDER THAN A MULE CAN KICK — HAS THAT RIGHT POISED FOR SCOTT'S "BUTTON"
SCOTT CUT CAMPOLO DOWN TO HIS SIZE AND GAVE HIM A BEAUTIFUL PASTING
HAL COFFMAN

BRUINS PLAY PIRATE SIX TOMORROW

By BILL GRIMES

WITH the Bruins fighting to break still farther out in front in the race for the American Division championship of the N. H. L. and the Tigers determined to get back in the pace-making berth of the Can.-Am. League, the three professional games at the Garden this week should be of great interest to the hockey enthusiasts.

The Bruins have only one home game scheduled for this week. They will take on Pittsburgh tomorrow night. Although the Pirates have not been going well, there will be a large crowd on hand to welcome Frank Frederickson, who is now directing the Smoky City outfit.



Bill Grimes

Traveling at a championship pace since the start of the season, the Bruins are well established in first place of their division. They have been on the winning end of seven games and are playing a smarter brand of hockey than any team in the league.

Still more important is the fact that the Bruins will be considerably stronger as soon as Harry Oliver, Perk Galbraith and Bill Carson begin to click as smoothly as has Dutch Gainor, Cooney Weiland and Dit Clapper.

On Wednesday night, the Bruins will leave for Ottawa, where they will play the leaders of the Canadian division Thursday. The Senators will be primed for the Bruins, for they do not play until they meet the holders of the Stanley Cup.

BRUINS PLAYING WELL

While the Bruins have been consistent winners, they have been playing well within themselves, appreciating the strenuous season before them. They will have finished the first quarter of their season with the Ottawa game and the battling will become more and more rugged as the pages of the schedule are slowly turned over.

On the other hand, the Tigers appear to have their work cut out for them. They were well out in front a week ago but have dropped into second place. Of the three games the Powers coached team have lost this season, two have been at the hands of the New Haven Eagles.

The Tigers are, however, stronger than last season. Manager Eddie Powers has strengthened his forward lines by the acquisition of Yank Boyd and his defense is better balanced since Bill Regan joined the Tigers.

Although Boyd and Regan are playing their first season of pro

Continued on Page 8, Column 1

Terrier Trackmen in First Workout

BOSTON UNIVERSITY'S winter track will start this after-noon on the board track at Bay State rd., where Coach Freddie Burns will send all candidates, for freshman and varsity teams alike, through their first workout of the year.

With a fine array of veteran runners returning, the Terriers are sure to be strong in the track events, but lack of shot putters and high jumpers, the same weakness that crops up every year, will weaken the team considerably.

Burns has issued a call to all football players to report for the team in hopes of uncovering at least one weight man.

Every running event from the 40-yard dash right up to the mile run has at least one veteran ready to carry on in high grade fashion. Bicknell and Pattee in the dash, Bicknell and Bernhart in the 300, George in the 600, Tarr and Harmon in the 1000, and Earp and Dunkle in the mile are all men with at least a year's experience, and will be counted on to bear the brunt of the work this winter.

VETERAN RELAY TEAM

Prospects for another winning relay team are excellent, as every member of last winter's quartet, which lost but one race, and that to New Hampshire by a narrow margin, are again available.

George, Bicknell, Tarr and Harmon were the members of the relay team a year ago, and are the logical choices for another season of baton carrying, but must first of all establish themselves as the speediest of the candidates through their showings in the series of time trials, which will be held before the K. of C. games, which will open the season at the Boston Garden January 25.

Hank Bernhart, who ran lead-off man for the Terriers at the Penn Relays, because of the illness of Tarr, will make a determined bid for a regular berth on this winter's four and has a good chance of displacing one of the veterans, especially if he continues to improve as rapidly as he did a year ago.

FIRST FRESHMAN TEAM

A freshman team will be formed at B. U. for the first time this winter and a schedule will be formed as soon as a fair idea of their strength is determined.

Previous to the one-year rule which is in effect at Boston University for the first time this year, freshmen reported for the varsity and as a rule were very successful and played a prominent part in varsity activities.

With average freshmen material this year, Coach Burns should develop a strong frosh outfit to give a good account of itself against teams of equal rating.

Judging by the number and enthusiasm of candidates at the track meeting last Friday, a record number of runners should be on hand to report for the first drill this afternoon.

Had .872 Average

The best season's average by a big league pitcher is .872 set by Joe Wood of the Red Sox in 1912, when he won 34 games and lost five.

HUB RUNNERS WIN TITLE

New York, Dec. 9—Splashing over a six mile course deep in mud and dotted with pools of water in the good time of 31 minutes and 10 seconds, Gus Moore, Brooklyn star representing the University of Pittsburgh, retained his national A. A. U. senior cross-country championship.

Moore, running easily all the way, broke the tape 3000 yards ahead of his nearest rival, Eino Heikkila of the Dorchester club, Dorchester, Mass.

Heikkila, however, led the New England club to its first team victory in 10 years. Five Dorchester runners finished well up on the list to score the low winning total of 33 points.

The Meadowbrook club team of Philadelphia was second with a 46-point total and the Millrose A. A. of New York, third, with 56. Others were Nativity Catholic club, Philadelphia, 88 points, and Brooklyn Harriers, 102 points.

The winning Dorchester team was composed of Heikkila, Eldridge Stevens, who finished third; William C. Zepp, fifth; Jimmy Henigan, 10th, and Vincent Signore, 18th.

Moore's brilliant victory was not counted in the team scores, as he was the only Pittsburgh runner.

Moore, who broke the long reign of Willie Ritola by winning last year, had a comparatively easy time scoring his second successive triumph. He led the pack away from the barrier and set the pace from start to finish.

Coming around the first mile on level muddy ground he held a short lead, but as soon as the runners reached the drier hilly part of the six-mile jaunt he began to draw away. He completed the first trip around the course, about 3½ miles, in 18:36, to lead by nearly a quarter mile.

Behind him the other runners were bunched over the entire route. The same group which was behind at the finish trailed Moore at the half-way mark. Nearing the finish Heikkila spurted to take second place by about 20 yards from Stevens, while G. Rapp of Meadowbrook followed after another 20 yard interval. Heikkila's time was 31.58 and Stevens's 32:05.

Moore's time of 31:10, although not a record was fast for the muddy course. A year ago he covered a slightly harder route under better conditions in 31:18 to win by an even wider margin. On that occasion Phil Silverman, then a team mate for the Brooklyn harriers trailed by a half mile at the finish. Willie Ritola, winner of five championships in six years before that, did not compete either this year or in 1928.

Champ at Bouts

The world's welterweight champion Jackie Fields of Los Angeles, a product of the amateur ranks will be a ringside guest tonight at the Boston Arena at the international amateur boxing tournament.

Cadet Polo Team to Play Harvard Here

THE Boston indoor Pony Polo Association will open its season a month earlier this year, the get-away being scheduled for Saturday night with a doubleheader in which the National Lancers will play the 110th Cavalry and the 51st Brigade will oppose the Harvard Javee's.

Col. Daniel Needham, Maj. Charles Furber, Lieut. Theodore Pitman, Capt. Frederick Sharp and Capt. Philip Brown the officials in charge of the league expecting the biggest and best season in the history of the sport decided to open the season earlier.

The feature of the indoor season will be the visit of the West Point mallet wielders who will play Harvard on February 15. This will be the first time that a cadet polo team has played in the Hub.

There are a couple of open dates on the schedule left vacant for the playing of matches with New York clubs who are expected to make an appearance. Just who the clubs will be is unknown at present, but the officials are looking forward to the acceptence of invitations by Winston Guest's Optimists team and the Brooklyn Driving club.

Forrester "Tim" Clark local star will take a team over to New York for a game on New Year's eve and it is certain that the visit will be returned. Charlie Choate and Al Hart will be members of Clark's team on this occasion.

HARVARD TO PLAY YALE

Harvard's game with Yale this season will be played on March 1 and Battery A and the 51st Brigade will also play the same night. Ten teams are entered in the league this season and it will be run in two divisions A and B.

Division A teams will contest for the Charles W. Pummer cup and Division B will play for the Frederick E. Estes cup. Harvard has two legs on the Pummer trophy and the 101st Field Artillery has one. The crimson has also two legs on the Estes trophy the freshmen winning in 1928 and the Javee's in 1929 the only years of competition.

The teams in division A this season will be the Harvard Varsity, 101st Field Artillery, National Lancers, Freebooters and 110th Cavalry.

In Division B the clubs contesting will be the Free Lances, Cavalry Cossacks, Harvard 2ds, Battery A and the 51st Artillery Brigade.

The Freebooters will be Forrester Clark's aggregation and with the former Harvard star playing his usual brilliant game they are prime favorites to land the championship. The makeup of his team has not yet been announced but it is safe to say that they will carry the high handicap.

WALSH WITH BATTERY A

John "Slim" Walsh, another local star, will get into action this season after a year's absence, the clever rider having signed to play with Battery A.

The league schedule is as follows: December 14, Lancers vs 110th Cavalry 51st Brigade vs Harvard Javee's; December 21, Harvard vs 101st Field Artillery, Cossacks vs Free Lances; December 28, open date; January 4, Harvard vs. 110th Cavalry, 51st Brigade vs. Free Lances; January 11, 101st Field Artillery vs 110th Cavalry, Harvard Javees vs. Battery A; January 18, Harvard vs. Freebooters, Free Lances vs. Battery A; January 25, 101st Field Artillery vs. National Lancers, Harvard Javees vs. Cossacks; February 1, Harvard vs. Lancers, 51st Brigade vs. Cossacks; February 8, 101st Field Artillery vs. Freebooters, Harvard Javees vs. Free Lances; February 15, Harvard vs. West Point, 110th Cavalry vs. Freebooters; February 22, open date; March 1, Harvard vs. Yale, 51st Brigade vs. Battery A; March 15, Freebooters vs. Lancers, Cossacks vs. Battery A.

Millen New Pro at Arlmont Club

Edward Millen of Waltham, and recently golf professional at the Westerly Golf Club in Rhode Island, has been appointed the new professional at the Almont Country Club at Arlington, to succeed Charlie Nichol. Millen will assume his duties in the spring, and in the meantime teach indoors at one of Boston's sporting goods stores.

Millen was born and educated in Waltham and resides there at present. For 18 years he has been in the golf game, the majority of which time he has been connected with clubs in New England.

COLLEGE STARS IN MAT BOUTS

The two most sensational young wrestlers in the sport today—Bob "Bibber" McCoy of Cambridge and Ed George of the University of Michigan—will take part in Paul Bowser's weekly wrestling tournament at the Grand Opera House on Thursday night.

McCoy, the only purely local product to become a main bout wrestling star in recent years, is to meet Joe DeVito, rugged Italian heavyweight from Providence, in the feature bout, while Ed George, with three startling victories in less than three minutes total time, is to tackle Frank Yusko of South Boston in another bout on the same card.

The McCoy-DeVito battle is a natural aftermath of their savage meeting of last Thursday night, when they wound up in a fist fight, with DeVito crashing rights to McCoy's jaw.

The wrestling sport is not the gentlest in the world, and that DeVito was thrown out of the ring for roughness is proof enough of the character of the bout.

Give HIM a Tuxedo for Christmas

We assume all the responsibility for the correctness of style, and see that his Tuxedo is fitted to perfection.

For the young man we have developed a model that is far out of the ordinary in quality and value—Tuxedo and Trousers—$50 and $55.

For Men — we offer a variety of distinguished models — tailored to custom standard from finest imported and domestic woolens — Tuxedo and Trousers—$75.

—Designed and tailored in our Boston workrooms—ready-to-wear.

Everett High to Have Indoor Track Team This Year

CANDIDATES TO REPORT TODAY

DENNY GILDEA, Everett high athletic coach, today issued a call for candidates for an indoor track team.

Everett has not had any trackmen in action during the indoor seasons of recent years and Coach Gildea must build a squad without any experienced boys as a nucleus.

Last summer, a splendid board track was built back of the Everett high school building. The board oval has had plenty of seasoning now, and is ready for the boys.

The outdoor track should help in the work of developing runners at Everett high. While many of the high schools still allow their men to train indoors, it is generally admitted by experienced track mentors, that the outdoor track work is by far the best for the athletes, both from the angle of regard for the health of the boys and for the point of their rapid development.

On Wednesday the boys will start stepping around in preparation for the meet to come. The Everett high track schedule is not complete yet, but the lads are sure of a lot of action before the conclusion of the indoor season.

There has been no chance to get a real line on the ability of the candidates as this is the first attempt on the part of Everett high to establish a real track team.

Some of the boys who played football, however, were very fast. And there are a number of big, rangy lads at Everett high, who should with some practice, be able to do good work in the field events.

Medford high basketball and track candidates start practice today for the winter games and meets. Wongie Spellman, Medford high grid captain, and all-scholastic choice at quarterback, is one of Medford's best court men, but he will not work out with the basketball squad this afternoon.

Spellman has not yet fully recovered from the effects of a tough grid season and especially the last game of that schedule, with Malden. Through four periods of the Thanksgiving Day game the little Medford leader took a hard bumping.

Wongie Spellman will be out with the court squad after the Christmas vacation. The much needed rest should leave him in good shape for the basketball schedule.

Bernie Kilroy, coach at St. Mary's high school of Brookline, starts to build a basketball team this week. This is the first year St. Mary's has put a court team on the floor and Bernie is anxious to get his five off to a good start in the basketball schedule of the Catholic high school league.

Salem high, which had a championship football team this year, starts work immediately for the basketball season, with fine chances of producing a fast five.

Under Glenn O'Brien, former star all around Boston University athlete, the Salem high court team developed fast and had a fine record for the season of 1929. Some real basketball players are available at Salem, and the Witch City should have a good year.

BRUINS PLAY PIRATES HERE

Continued from Page 7

fessional hockey, they have already established themselves as two of the most promising youngsters in the Can-Am League. Boyd broke in with a bang, by scoring 11 goals in eight games and is tied with his teammate and captain, Deacon Waite with a total of 15 points.

The Tigers are in second place, but they are the best scoring aggregation in the minor organization having caged 11 more goals than New Haven.

The Tigers are facing a strenuous week, one which will either put them on the top of the world or put their backs up against the wall. They are listed for three games from Wednesday to Saturday. They will open with the Arrows in Philadelphia Wednesday, and the following night they are down to meet the Springfield Indians at the Garden. This means that Manager [illegible] charges will be in the sleepers for two nights, and then step on the Garden ice with one of the fastest and youngest teams in the league.

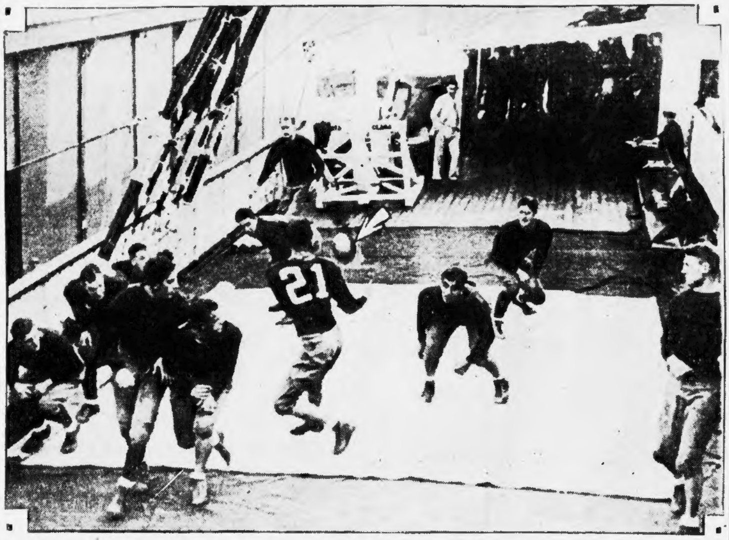
On their last appearance here against the Tigers, the Springfield Indians were returned winners but, in fairness to the Tigers, it must be admitted that the champions were not at their best that evening.

Oriole Basketeers Looking for Games

The Oriole basketball team of Springfield, Mass., would like to book games out of town with fast semi-pro and amateur fives of Boston and vicinity. Managers who desire games right away at your floor are urged to write to James Makol, 296 Chestnut St., Springfield, Mass.

EVENING AMERICAN SPORTS

GRID TEAM PRACTICES ABOARD SHIP



University of Santa Clara (Cal.) football players on board the Matson liner Maui, en route to Hawaii to play against the University of Hawaii. It is said to be the first time that any football team traveling aboard ship has taken all of its workout paraphernalia and used it while in transit. The game will be played December 14. Photo shows the players practicing formation plays. (Associated Press photo.)

Champ Tells How to Improve Putting

By HORTON SMITH

U. S. North and South, and French Professional Champion

"**MOST** young golfers are too gosh-darn lazy!" This remark has been attributed to Walter Hagen and it's worth keeping in mind whenever putting is under consideration.

Some may protest against this tart opinion of "The Haig." Not a few, on the other hand, will agree heartily with "The Old Master."

Putting is one of the most important factors of the game—and none can become skilled at it without overcoming laziness while maintaining one's nerve control.

A HIGH standard of putting is the normal thing among first class golfers. They have deliberately set themselves a certain standard and practice hard to attain it. They usually reap the fruits of this intensive effort.

Generally speaking, the normal standard of putting is of the "two-putts - per - green - and - you - are - all-right" variety. If we average not more than 36 putts per round, we are inclined to be satisfied with ourselves. We place the blame for any defeat on some other department of the game.

Supposing our standard were 30 putts instead of 36. Suppose we set out to be satisfied with nothing more than an average of "six under 2's." Our play on the green would perceptibly improve with intensive practice.

AS one who is known—quite rightly—as a somewhat erratic putter, and who through deliberate study and much practice has improved considerably, may I attempt to describe just how and why I have been able to better my own game on the greens?

My putting, more or less mediocre, steadily deteriorated toward the end of last winter's long campaign, through the British open last spring and until that French open at St. Cloud. Again my putting was erratic during the American open in June. Perhaps, I had been over-doing putting practice. That worried me for a while.

ALTHOUGH some golf writers dramatize me a bit for having "steel nerves," I get into the state of mind in which I could not possibly imagine myself getting down in two putts from the approach.

When I happened to place my approach within close range of the pin, I could never "see" myself holing out in one putt. Re-acquiring nerve-control was vital.

Hagen and other brother professionals told me that I just jabbed at the ball. My putter did not swing back properly. This information gave me something to study.

DURING my long exhibition tour with Walter Hagen last summer and fall, I became particularly impressed with his methods. Walter's smooth, quiet, deliberate way of hitting the ball gave me a model to work on. I endeavoured to engraft some of "The Haigs" methods into my own style.

First of all, I worked to eliminate my fault of jabbing or snatching at the ball on the downward stroke. I found that I had not been taking the club back far enough having regard to the distance I wanted the ball to travel.

My back swing for an approach was too abbreviated, and a long follow was, I found, no cure for a fault which took place and became operative at the moment of impact.

CULTIVATION of a correct method can only be consummated by consistent practice. I went on the green at various clubs every day for definite putting practice. For the first week or so, two hours a day; after that, one hour a day.

At the outset, I did not putt at a hole. My practice consisted of swinging the putter without even a ball, so as to master the art of making a smooth upward and downward swing.

Later, I started to hit a ball, but not at any given point. My idea was to learn to strike the ball smoothly and evenly, without any kind of snatch or jab or cut.

Then I started to putt at a hole. I found, to my intense satisfaction, that I had hit upon a method which, to say the least, engendered the feeling that I could hit the ball truly both as regards direction and length. That certainly helped nerve-control. Yet, while improved, my putting is even now far from what I hope it will be.

THE reader can improve in putting, if he or she has sufficient patience for steady, systematic, and intensive practice with the putter.

B. B. MOGULS IN SESSION TOMORROW

NEW YORK, Dec. 9 (AP)—Major league baseball magnates and their henchmen are deployed about midtown New York today awaiting the start of the annual meetings, with the gathering of the National League at the Commodore tomorrow.

American Leaguers will convene at the same hotel on Wednesday, and representatives of the two circuits will get together for the joint session at the Biltmore on Thursday. This is the first time in many years that all three of the December social events have been held in New York.

BALL TO SPEAK.

In vivid contrast to the fiery reign of Byron Bancroft Johnson in the American League and his annual battles with Commissioner Kenesaw M. Landis, the magnates have nothing more important on their minds than the question of a shorter schedule and a debate over whether radio broadcasters should be permitted in the parks next summer.

Philip Ball, owner of the Browns, is rehearsing a speech designed to convince fellow American League magnates that it was the radio and not the Browns which drove fans from Sportsman's Park in large numbers last summer.

The defense of the radio will be carried on in the rival circuit where William Wrigley, Jr., will be heard on the advantages the microphone offers in working up an interest in the national game.

The question of reducing the playing season to 169 or 170 playing days as opposed to the customary 176 will be taken up at each of the three meetings.

WOULD CUT SCHEDULE

This reduction would enable the major leagues to close their seasons on September 28 and finish the world series in the first week of October, avoiding any serious conflict with intercollegiate football.

This would mean that only twenty-four Saturdays and Sundays would be included in the charts as against the customary twenty-five, but in ordinary years most of the clubs could do with one Sunday fewer.

Navy Unable to Meet Yale in Water

New Haven, Ct., Dec. 9 (AP)—Announcement was made in the Yale News today that Navy had notified the Yale Athletic Association it would be unable to meet the Eli webfeet in swimming and water polo competitions.

The notification from Annapolis caused a revision in the Eli schedule for the winter season.

PHIL SCOTT IS FAVORITE

Continued from Page 7

are considered as the world's three ranking heavyweights. By a victory tonight, Von Porat can eliminate Scott and put himself in a position where he will be able to demand matches with Sharkey and Schmeling.

The Garden forces are rooting for a knockout and they don't care particularly who sends over the dream smash.

Sharkey made himself a tremendous box office attraction when he stopped Loughran. If either Scott or Von Porat can score a kayo tonight, a tussle between the winner and Sharkey would draw a gate of $500,000 at the opening of the Garden's new outdoor boxing arena at Miami.

The public likes the heavyweights who display the "killer" instinct. That's why Dempsey and John L. Sullivan were always such idols.

Chattering Nine

Gabby Street, new Card manager, says he will make his team the "talkingest" in the big leagues.

Gorilla Jones Says He Will Beat Fields

BITTERLY assailing what he terms as strictly a California decision, Gorilla Jones of Akron, O., whose crushing knockout of Al Mello in this city left an indelible impression on Hub fans, arrived here today claiming that he was robbed of a decision that he was unquestionaly entitled to when he last met Jackie Fields, world's welterweight champion, at San Francisco in October.

And Jones was laden down with newspaper clippings and other evidence that he completely outpunched the champion in their first meeting and for this reason, he confidently looks forward to scoring a victory in their second meeting at the Boston Garden, next Friday night.

According to Jones, the champion was on the verge of a knockout in the sixth round and again in the seventh, but instead of breaking them apart, the referee allowed the champion to hang on and thus escape the finishing punch.

And Jones produced a bale of newspaper clippings to that effect. Even San Francisco boxing writers refer to the finish as a "hairline decision" or "a nod" and Jones pointed out today that he'll leave no doubt in the minds of Hub fans concerning the master, when they clash Friday night.

Fields is scheduled to step through his first local training session today.

Jones plans to center his attack on the champion's jaw for he said he had no trouble in landing right hooks when they last met on the coast. It is the ambition of Jones to prove to the fistic universe that he is the master of the champion and the Akron mulatto plans to be in the finest shape of his career for this match.

While this welterweight feature is expected to attract a record throng because of the fact that popular prices from $1 to $3 will prevail, nevertheless Garden officials are planning one of the best preliminary cards of the year.

LOCKETT CUP IS WON BY GOTHAM

New York's star aggregation of squash racket players won their second leg of the Lockett Cup by defeating Boston 4 to 3, and Philadelphia on Saturday by the same score. The Hub team won second place by easily defeating Philadelphia, 6 to 1.

The outcome of the annual intercity competition was no surprise in squash racquet circles. But the manner in which Boston forced the eventual winners to the last ditch was entirely something else.

In addition to this satisfaction being theirs, so too did they acquire the distinction of winning a moral victory as the games won column in the series gave them more points than New York.

Kirby and Schaaf in Cleveland Bouts

Cleveland, Dec. 9 (AP)—Johnny Risko of Cleveland will further attempt to establish himself as a heavyweight championship contender when he meets Ernie Schaaf of Boston here tonight in the 12-round feature of a Christmas charity show.

Schaaf won on a foul in a previous bout with Risko in Boston some time ago. Risko also is signed to battle Tuffy Griffits in New York December 27, and the winner of that bout will probably fight Jack Sharkey for recognition as heavyweight champion.

In the 10-round semi-final Tom Kirby of Boston will meet Ad Warren of North Carolina, while Moise Boquillon of France will make his American debut against Emmet Rocco of Elwood City, Pa., in another bout. All are heavyweights.

Hub's Best Amateurs in Inter-City Bouts Tonight

FINE SHOW CARDED AT ARENA

SIXTEEN of Boston's top notch simon pures will oppose the representative champions of Toronto, Montreal, Grand Rapids and New York in an international tournament to be staged at the Boston Arena tonight.

The Hub will uncover tonight for the first time a coterie of new fistic stars, who are expected to prove more successful than any other crop in many years.

According to Tom Kanaly of the B. A. A., who is directing tonight's tournament, Boston is represented by the strongest team that has ever gone to the post in a similar event in a number of years.

Every championship class will be represented in tonight's tournament. There will be bouts in eight divisions and with four entrants in each class, followers of amateur boxing face the prospect of witnessing 24 bouts in the tournament and as each is a recognized champion in his own city, no doubt, it will require many extra rounds before the various issues are determined.

With many of last year's fistic heroes in the ranks of the professionals or otherwise engaged, many newcomers are depended upon to provide the thrills for the throng tonight and while each of the invading cities feels hopeful of victory in this tournament, Hub boxing men are unanimous in the opinion that the Hub entrants are certain to give a good account of themselves.

HEAVIES TOP CARD

Four of the hardest-hitting heavyweights in the ranks of the present day simon pures top tonight's tournament, while the presence of Martin Levandowski, light heavyweight from Grand Rapids, who annexed the national 175-pound championship on his last visit here is certain to interest the fans. This Grand Rapids boy was the star of the national championships, it will be recalled.

Both Willie Andrisano of East Boston, 19-year-old giant, who weighs 215 pounds, and Tony Coccini of Charlestown, who represent the Hub in the heavyweight division, depend upon knockout wallops to win, and while their opponents, Bill Brown of Toronto, known as the Al Marsters of Canadian rugby, and Joe McGill of New York are reputed to be dangerous punchers, Hub fans no doubt will back the local entrants.

In fact, the entire card of Hub hopes tonight is composed of knockout punchers. Both Ug Gibson of Medford and Pat O'Flaherty of South Boston, in the light heavyweight division, are strictly knockout fighters, while Jack McCarthy of Roxbury and Wally De Wolfe of Newton, middleweights, are also known for their ability to score knockouts.

ALL HARD PUNCHERS

Gordon Faulkner, N. E. featherweight champion; Charlie Kelley of Newton, Eddie Sullivan, East Walpole lightweight, and Arthur Nadeau of Cambridge are other hard punchers, who will be depended upon to swing the tide toward the Hub in this important tournament.

Weighing in ceremonies are scheduled at 5 p. m. at the Arena today, and it is expected that none of the boys will have any trouble in making the weights. All of the out of town boxers have been doing road work and gymnasium training since arriving here, and all feel confident of victory.

Exceptional interest has been manifested in the tournament, yet there are plenty of choice seats to be had in all sections of the Arena.

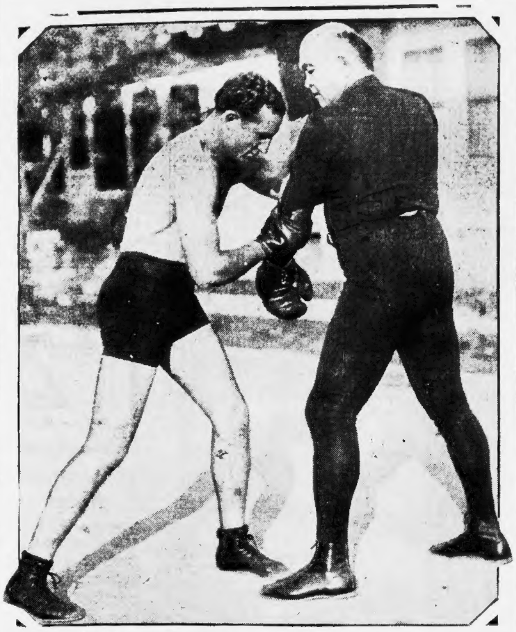
EVENING AMERICAN SPORTS

NEW HEAVY CONTENDER



Jim Jeffries, former heavyweight champ is shown above teaching his pupil, Albert Morro, some of the fine points of the game. Morro is 21, weighs, 195 lbs. and stands 6 ft. 1½ in. Jeff thinks Morro has a good chance to climb to the heavyweight throne. (International Newsreel photo.)

HAGEN PICKED TO WIN BOUT

One of the most spectacular heavyweight mat duels of the indoor season is expected to be waged at the Mechanics Building Wednesday night, when Jim McMillen, the erstwhile University of Illinois All-American football hero, clashes with George Hagen, the sensational feature attraction of Billy Avery's all-star card.

McMillen, one of the most colorful wrestlers in the game, will be facing the toughest assignment he has had tossed at him since he embarked on his professional career four years ago.

The distinguished Illinois graduate has been winning his matches consistently during the past two years and has virtually earned a crack at the world's championship. A defeat at the hands of Hagen would be very disastrous.

The Brooklyn grappler will go into Wednesday's tussle a slight favorite to emerge the victor. This is chiefly because of the stern opposition he has encountered during the past year or so. Hagen, whose punishing toe hold broke the right leg of George Calza in a bout in Chicago last winter, has met and defeated some of the world's greatest heavyweights.

Like McMillen, Hagen is a spectacular performer, one of the best in the business. Thrills galore are in store for those who travel to the Mechanics building for this all-important struggle.

Another exciting battle is looked for in the semifinal when Jimmy Londos takes on Joe (Bull) Komar, the scrapping Lithuanian. Great rivalry exists between these two brilliant stars. It will be Londos' first appearance in this city in several years.

Three other all-star tilts are listed on Avery's attractive program. In the third match George Calza, the Italian idol, goes to the post against "Buck" Olson, the giant Swede from Minneapolis, while the second number brings together Hans Steinke, the German favorite, and the latest Russian sensation, Ivan Demetroff.

St. Augustines Want Court Games

The St. Augustine A. A. of South Boston is in the field with a basketball team. Games are wanted with any semipro tems.

The Saints have John McCarthy of Boston College, Ed O'Neil, South Boston high, and Mickey Lee, Sid Mahoney and Tommy Joyce as forwards. Henry Rose, Paul Hines and Ed Blake as guards.

Any manager who wishes a good attraction, call Manager William Benson, South Boston 0067 M, at night, or Kenmore 9050, days.

Harvard Quintet to Play Only 13 Games

WITH prospects of having an intercollegiate champion five, interest in basketball at Harvard has reached a high pitch, and followers of the Cantab quintet are complaining that Harvard has an altogether too inadequate schedule.

Altogether, Harvard will play only 13 games this season. Ten of the meetings will take place in Hemenway gymnasium and the rest will be played away from home.

Constrasted with Penn's twenty or more intercollegiate tilts in addition to a seven game western trip, Harvard's schedule calls for only ten games of collegiate calibre. Pittsburgh plays something like thirty five games in an ordinary court season, and Harvard fans would like to see their five play as many.

Basketball is receiving more support in Harvard this season than ever before in the history of the college. This is said to be largely due to the increase of interest among students from the West and South, and also due to the fact that basketball is now a major sport at most colleges in the country.

McEver Wins National Grid Scoring Honors

Saving his biggest scoring splurge for the last game of the season, Gene McEver, flashy Tennessee halfback, has won the national football individaul scoring race.

McEver tallied five touchdowns and three points after touchdown against South Carolina Saturday to run his season's total of 130 points, just two more than Clark Hinkle, Bucknell fullback, the previous leader.

The leader in each of the eight major groups or conferences, as compiled by the Associated Press, follows:

	pos	g	td	pat	fg	tl p
South—McEver, Tenn	HB	9	21	4	0	130
East—Hinkle, Bucknell	FB	10	21	2	0	128

Green Bay Packers Win Championship

Championship of the national professional football league today rested in the hands of the Green Bay, Wis., Packers, who yesterday completed a perfect record by defeating the Chicago Bears, 25 to 0, at Wrigley Field.

Not only did the northern team clinch the championship by yesterday's victory, but they became the first undefeated champion in the history of the National League.

Wore Charm

Al Marsters, Dartmouth back, wore a goal [illegible]ck charm with him all this sea[illegible]

Church Basketball Team Wants Games

College Avenue Methodist Episcopal Church in West Somerville is seeking basketball games for its Young Peoples' and Senior Departments.

Any church team in Greater Boston who would care to schedule games on the home gymnasium floor in West Somerville, may get in touch with the minister of education by calling Somerset 1490 any afternoon between 2 p. m. and 5 p. m., except Saturdays, or by writing the minister of education at 14 Chapel st., West Somerville, Mass.

(Divided.)

BOOTH GAINED OVER 1000 YDS.

New Haven, Conn., Dec. 9—Albie Booth gained more than 1000 yards during the past football season, establishing an individual record for a Yale backfield member in modern football. The statistics showed that Don McLennan and Kempton Dunn totalled 537 yards apiece, an excellent showing for football backs against formidable teams, with 308 for Tommy Taylor and 385 for Ned Austen, substitutes, while Bob Wilson, quarterback, made 237, and Herb Miller, halfback regulars, secured only 258.

Considering that Booth remained in the play the entire game at no time, his record is regarded at Yale little short of marvelous. Rushing from scrimmage plays, he made 630 yards in 146 rushes. He handled 18 kicks and ran back 282 yards. McLennan's performance of gaining 202 yards from scrimmage plays against Harvard was an unusual feat for a Yale back.

Conference Again Becomes 'Big Nine'

CHICAGO, Dec. 9—The University of Iowa is a free lance as far as athletic competition is concerned, and the Western Conference again is the Big Nine.

After hours of debate, the faculty committee on athletics of the conference denied Iowa's plea for reinstatement to unquestioned athletic standing in the group, and until some change occurs, no Western Conference team will engage an Iowa team.

From 1912 to 1917, the conference operated as the Big Nine after Michigan's withdrawal over questions of rules. Michigan withdrew in 1908 and the league functioned with eight members until Ohio State University was admitted in 1923.

The faculty committee rejected Iowa's plea because the members believed the institution had not accomplished everything possible to clear up charges placed against it when it was barred last May, effective January 1, 1930. Charges of proselyting and subsidizing athletes apparently were cleared up by the reorganization of the Iowa athletic department.

The committee, however, was not convinced that every athlete who was said to have benefited by an athletic fund, and student notes, had been dismissed, a step which they considered essential.

Eagles Rally and Defeat Indians, 2-1

New Haven, Dec. 9—Trailing, 2 to 1, as the final period opened, the New Haven Eagles crashed three goals into the Springfield cage and pulled a 4 to 2 victory from impending defeat.

Dillon, for the visitors, and Eddie Bouchard, for the home six, were the outstanding aggressors.

CLEGHORN TO MANAGE REDS

Providence, R. I., Dec. 9—Sprague Cleghorn of Montreal, well known former National League hockey star with Les Canadiens and the Boston Bruins, accepted terms to become manager and coach of the Providence hockey club in the Canadian-American League, according to the announcement made by Jean Dubuc, club president, following a long-distance telephone conversation with Cleghorn.

The new manager said he would leave Montreal today and arrive here tomorrow morning to take over the duties left by the resignation of Jimmy Gardner, also of Montreal and another former big league star. Cleghorn is considered well posted with Canadian-American League affairs, having managed the Newark Bulldogs in the circuit last season.

Providence has lost five straight games and Cleghorn will find himself confronted with the task of reorganizing the local team. Immediately after the announcement of Cleghorn's appointment, Dubuc also announced that Gordon Fraser, now with Les Canadiens and last year with Detroit, has been loaned to the Reds and also is expected to reach here Tuesday.

"They must be safe for your mouth

...The Cremo Process guarantees Cremo Purity . . that's why I certify these cigars sanitary and safe!"

says

Alfred W. McCann

D. Litt., A.B., LL.D.,
famous pure food expert, long active in crusades for pure foods and sanitary factories.

"Cremo cigars are made as *you* would have them made—as safe as certified foods!

"Every tobacco leaf entering the Cremo factory is scientifically treated by U. S. Government approved me[illegible]. And every sanitary precaution known to science is taken to safeguard its purity along each step of the way.

"Cremo cigars are folded, wrapped and tipped by amazing inventions without the menace of spit . . . in factories that are models of cleanliness . . . air-flooded, sun-bathed, spotlessly clean!

"This Cremo purity is sealed . . . in separate sanitary foil wrappers. Thus the method of manufacture insures a cigar that aims to give you the same standard as found in certified milk."

• • •

Here's **a suggestion** deliberately made with confidence, which you smokers of imported cigars will appreciate: **Try a Certified Cremo.** You will recognize the superiority of Certified Cremo which starts with the choicest and tenderest leaves, ripe and mellow, and continues in goodness through a slow, expensive maturing and mellowing process . . . and topped off with a wrapper that is really fine! For 5 cents you get the delight of a high priced cigar for Certified Cremo contains no scrap—no floor sweepings—all long filler—all fresh, tender leaves. Over $7,000,000 was spent in perfecting the method of manufacture used by Certified Cremo that insures uniformly fine, clean cigars. Foil-wrapped . . . sanitary . . . crush-proof . . . the kind of cigar the late Vice-President Marshall must have had in mind when he said: "What this country needs most is a good 5-cent cigar."

Do you remember the old, filthy shop where the man in the window rolled the leaves with dirty fingers . . . and spit on the ends? What a far cry this is from the modern method of manufacture used by **Certified Cremo.**

"I certify Cremo sanitary and clean" Alfred W. McCann

OPERA 'AIDA' TO BE GIVEN AGAIN

As a result of the enthusiasm over last Saturday night's performance of "Aida" at the Boston Opera House, the management of the Boston Grand Opera Company announces a repetition of the popular music drama.

The performance will serve to introduce to Boston audiences a new baritone in the person of Rocco [illegible], who will assume the role of Amonasro. This singer is said to have a voice of phenomenal power and great beauty of tone and is particularly effective when cast in this role.

The role of Aida will be sung by Mme. Lissetzkaya, new Russian dramatic soprano, whose two Boston appearances have already established her in the esteem of opera lovers.

May Barron, leading contralto of the company, will be heard for the first time in the role of Amneris. The rest of the cast will be the same as was heard on Saturday evening.

The second week of the new company's first Boston season commences tonight with what promises to be one of the most brilliant performances of the season. The opera to be given is Puccini's "La Tosca," a work which is always a popular favorite.

BOSSY WATCHES VOTE RECOUNT

Newburyport, Dec. 9—The recount of the recent mayoralty vote in which "Bossy" Gillis was victor by a plurality of 46, began today in the city council chamber.

The recount, which is expected to take two days, is being made by the board of registrars, in the presence of Mayor Gillis and a representative of former Mayor Cashman, his opponent.

Cashman said he expected to drop in from time to time to witness proceedings, but could not remain through the entire recount. The public were barred, although much interest is being manifested.

Earthquake in Turkey

Istanbul, Turkey, Dec. 9 (AP)—This city was shaken by a slight earthquake shock this morning, accompanied by a loud underground roar. No loss of life or property was reported.

Letters From Readers

Praises Canadian Liquor Control

Editor Boston American:

It takes Canada to show us how to run our prohibition department. Look over their system of liquor control. In Canada they do not tolerate foolishness by dry fanatics as we do here. We are afraid of them.

Our reformers, that know no better, have such a strange hold on our law making departments that when they want a law passed, no matter how evil it is they get it.

The same applies to our deplorable Volstead law, which is the greatest farce of the century. The other masterpiece is the five and ten Jones law, which any civilized nation that really has genuine statesmen would never pass.

It had to originate here in the reformers and soap box orators paradise. We can learn much from Canada. W. DeM.

Atlantic.

Urges Deportation of All Gunmen

Editor Boston American:

I would like to see your paper have an article about crime or editorial about gunmen. I say all gunmen should be deported. They are a menace to society.

There are thousands of stick-ups in this country, but more than half are not reported to the police.

They don't want to work and they are looking for easy money and sometimes commit murder. I wish somebody would put a bill before the Legislature to deport all gunmen.

We don't want these kind of persons in this country. Society must be protected. L. F. M.

Boston.

Comfortable Caps for Boston Police

Editor Boston American:

My father is a policeman. He came home last night, complaining of his head. I said, "Pop what's the matter?"

"Oh, nothing much. I got a pain in my head from that cap I have to wear," he said. "It feels on my head as if it were lined with lead. You don't feel it when you first put it on, but when you wear it for a time, it hangs heavily on your head.

"I suppose I'll have to wear it. Though it makes one feel as if he were all head like a tadpole."

If any one needs comfort on Boston streets directing traffic it is the officers who have that job on their hands. Why not give them a cap that will be light and keep them warm. The new cap is too heavy. A SON

Boston.

Should Pay Brewery for Converting Him

Editor Boston American:

That man in Toronto, according to press reports, who filed a suit for $200 against a brewery doing business in that city, on the ground that he lost his taste for beer, as a result of finding a piece of rubber in a bottle of beer that he purchased, should remember that if he found nothing worse in that beer bottle than rubber, he might reverse the suit and pay the brewery $200 for rubbing out his thirst.

This is the best temperance story that I have read in some time. P. F. L.

Station Underpass Will Prove Boom

Editor Boston American:

Many who have to use the North Station daily read with delight in your columns, of the prospect of an underground passage to that station either from Canal or Friend sts.

Many of us had a constant fear of trying to cross to the station from adjoining streets in the face of congested traffic. We had to cross before and behind vehicles of all sorts, with more or less dread.

There is an overhead passage over the Boston & Albany R. R. tracks to the New Haven R. R. Back Bay station for foot passengers, right back of the Copley Plaza which has more than justified its extra expense. So it will be with the "Underpass" that will carry us safe to the North Station.

Commuter.

Boston.

Asiatics Populated American Continent

Editor Boston American:

I am a constant reader of your paper, but I do not recall having seen any reference, either editorially or as a new item to the Stall-McCracken Arctic expedition which recently after a 12-year search successfully completed their quest for archeological and anthropological proof that the Asiatic migration East, through the Bering straits, populated the North American continent.

Harold McCracken has unearthed implements and mummies of the Stone Age in the Aleutian Islands, welding another link in the chain of theory that men migrated in Central Asia in the Gobi desert and spread out in all directions from there.

The discoverer of an "American King Tut" seems to me to be of sufficient importance to be given notice in your columns.

P. S.

Wellesley.

BOAT RACER IS DEAD IN CRASH

New Hyde Park, N. Y., Dec. 9 (AP)—Earl Widigren, 25, motor boat racer, of Long Isalnd, and a companion were killed when Widigren's car went out of control on the Jericho turnpike and crashed into a telephone pole.

Lawrence Hercold, 25, of Hicksville, L. I., is also dead. Joseph Mongullizo, 28, of Locust Valley, N. Y., is not expected to live. Three other passengers in the car suffered minor injuries.

Monoxide Gas Kills 33 in Berlin Shop

Berlin, Dec. 9 (AP)—Thirty-three employes of a shirt factory collapsed today from carbon monoxide poisoning. Firemen revived all but four, who were taken to hospitals in a serious condition.

Girl Fails to Identify Him as 'Dead' Fiance

Mountain View, Ark., Dec. 9 (AP)—A young man who says he is Connie Franklin has sung "The Lonesome Pine" by request of the girl whom he regards as his fiancee and whose story that he was slain has resulted in the arrest of five men on charges of murder. At the request of [illegible] young man played [illegible] "Straw" on a fiddle.

Yet neither the girl nor her father would admit that the young man was Connie and the question of identity probably will be decided next week when the cases against the five men accused of torturing and burning Franklin to death are called to trial.

Tiller Ruminer, 16-year-old mountain girl, declined to identify the man definitely as Franklin. She previously had told authorities she and Franklin were on their way to be married last March, when a band of men mutilated and burned him and attacked her.

To the man's numerous [illegible] as to whether she remembered [illegible] of her courtship with Franklin she nodded her head affirmatively. But when pressed for an answer as to whether he was Connie Franklin, she replied "If it's Connie, he's changed some since I saw him."

To Try Policemen in Rothstein Probe

New York, Dec. 9—Detective Sergeant John H. F. Cordes and Detective Patrick Flood today face a police department trial charged with laxity and violation of police rules in the investigation of the murder of Arnold Rothstein.

It is generally believed that this trial will go further in penetrating the mystery than did the trial of George McManus, who was freed when a jurist threw the case out of court after the state had offered only the flimsiest evidence against the defendant.

Miss PAT by Elenore Meherin

Air Romance, Better Than "Chickie"

What Has Happened

MARY PATRICIA DAWN beautiful, young brunette meets the lad of her dreams in the person of Guy Elliott, aviator Guy is developing a perfect airplane in the plant of old William Bryce. Happy days follow with Pat and Guy in love. Then comes Barbara Bryce, young widow of Bryce's son, with her seductive lure.

Pat's father dies and Mrs. Dawn gives her life savings to Bryce to invest, but Guy gets them back Bryce stops financing the plane factory. Suddenly three persons vanish, Guy, Pat and Mrs. Bryce's little boy. A note is received demanding $20,000 ransom for the boy. The place where the money is left is watched by the police but is taken mysteriously, presumably by the kidnapers.

Now Read On

CHAPTER 31.

WHERE the dog had emerged there was no visible outlet to the flume, the top, the bottom and the exposed side were all intact.

The inner wall, wedged against the cliff, must either have rotted or been removed to permit the dog's egress.

They examined it and found that boards cut for a distance [illegible] an easy path to the earth below.

He had raced down the cliff crossed a narrow gulley and with the thick underbrush for a screen made for the wooded hill opposite.

In a flash hill and canyon were alive with searching men. They [illegible] plunging down the rough [illegible] of him. The trees were unusually thick. Suddenly one of their number raised his hand. Below them in a little clearing the dog stood at attention, motionless, nose and tail pointed. Long before they reached the spot the setter bounded away. They noted, excitedly, that he didn't have the box in his mouth.

Somewhere along this hill he had [illegible] box was [illegible] vanished."

A dog has been trained to run through the flume, retrieve a certain kind of package and bring it to a designated spot? From this spot had the kidnaper of little Billy Bryce taken it and made good his escape? But how?

They tramped down underbrush. They kicked through the earth savagely. If they could only find this substitute box, they might come upon a clue, learn how the dog and his master made connections, how [illegible] climbed in a machine and driven away? Almost in their hands, they had allowed him to pass?

But in the impenetrable darkness of that Friday night, no white man could have found his way.

It was about 5 30 now. Only half an hour ago the sun had set. Already the shadows were bewildering. Already they had moments of uncertainty.

At night the hills were a [illegible] black, rolling, vast. And [illegible] dared to use a [illegible] suddenly an electrifying answer. Two men, dropping from the clearing, came abruptly upon an abandoned dirt road. It was rough; in parts deep with sand; the sides went down in ditches. But it was passable. It wound through little farms and truck gardens, in and out over the hills. Four miles to the south it joined the main highway.

They hadn't known of this road. They hadn't guarded it. Were they on the right track then? The dog [illegible] And the dog's master triumphantly made a getaway down this forgotten road.

Jim Chase, detective, sat in the dark before the flume's mouth and smoked. Useless to go scouting through the hills looking for the dog.

Wait a while—very quietly; the dog was hungry and would return for the meat. Intelligent fellow—that setter.

Elliott had a brown setter—called him Jim. Was this Elliott's dog? Briefly he summed up facts. Whoever owned that animal had trained him well. Must have taken enormous patience. Dog hungry for the meat, but the moment he saw the box he went for it and left the bone.

And the man who used this dog had worked out incredible details. Like concealing the outlet, and widening the flume so that 200 yards from the mouth the dog was able to turn about. He didn't have to back three-quarters of a mile with the precious package.

Chase had ripped the covering and discovered a couple of boards taken from the inner side; the dirt of the hill scooped away so that for a brief space the flume was three feet instead of the 10 inches wide. The flume's top had been replaced with meticulous care.

This was the reason, too, why the kidnaper had sent the receptacle in which the money was to be placed. Better to have the box to which the dog was trained. And it needed that strong handle. Must

SINKING HUB-BOUND SHIP IS ABANDONED AT SEA

Arnold to Summon Beulah Baker in Wife's Divorce

45 RESCUED OFF DOOMED HUB SHIP

Volumnia Is Abandoned by Captain and Crew; One Lifeboat Is Lost

Abandoned in mid-Atlantic, the Boston-bound freighter Volumnia was lost today with 8000 tons of cargo, according to a dispatch to Furness Withy Co., Ltd., agent for the vessel.

Capt. Maxwell and his crew were saved. One lifeboat was lost.

The Volumnia was reported in distress twice during the present trip that started at Fowey, Eng., November 12. She put into Falmouth on the 18th and left there November 28.

Saturday she sent out a distress call but nothing more was heard from her until today, when the terse message told of her abandonment in latitude 51 56 north, longitude 27 43 west. The position [illegible] halfway across.

The crew of 45 was saved by the steamship Manchester Regiment.

The Volumnia had a cargo of china clay consigned to English China Clay Sales Corp. She was a steel screw steamer of 5608 tons, 423 6 feet long, 56 foot breadth and 29 foot depth, built in 1911 at Glasgow.

Hub Dancer Called to Testify in Millionaire's Love Battle

Miss Beulah Baker, former Brookline dancer well known in Boston, who is in the "Blue Moon" chorus, will be a witness in the Arnold divorce suit in New York. Arnold's lawyers have declared they will call her to refute the testimony of his son regarding his relations with Mrs. West. Photo shows Miss Baker in dancing pose.

ACTRESS TO BE CALLED BY HUSBAND

New York Millionaire Said to Be Planning Attack on Son's Testimony

Miss Beulah Baker, former Brookline girl, now a member of the "Blue Moon" chorus, is to be a witness in the famous Arnold [illegible]

Miss Baker who formerly lived in a Commonwealth ave., Brookline, apartment with her parents, and danced in many amateur productions in Boston, is to be called as a witness by Ray H. Arnold, multimillionaire, to destroy the credibility of his son Billy, who is to testify against him, according to dispatches.

Miss Baker was formerly a pupil of the Amelia Burnham studio of dancing [illegible] Boston [illegible]

DENY ACQUAINTANCE

Although the senior Arnold says he is going to summons Miss Baker to discredit his son's testimony, the chorus girl, her mother and young Arnold deny they even know each other.

Arnold is being sued by Mrs. Bessie Arnold, who charges [illegible] month temporary alimony pending the outcome of the divorce suit—the largest sum ever accorded a wife in New York. She is a former candy salesgirl. Her husband is reputed to have an income of $100,000 a year.

HE MAKES CHARGES

In a cross-action Arnold charges her with misconduct with three men including Charles Hann Jr. [illegible] Mrs. West's home in Scarsdale with a detective. The wealthy widow and Billy's father appeared in court against him on that occasion.

The marital troubles of the Arnolds have been almost constantly before the New York courts for many months.

GIRL WITNESS SOBS.

Martha Crenshaw, 14, was virtually [illegible] the motel.

Miss Crenshaw and her mother, Mrs. West were both named by Mrs. Arnold.

Miss Crenshaw on the stand was asked if Arnold had ever stayed all night at her mother's home and replied in the affirmative. [illegible] Arnold [illegible] Mrs.

BROKER'S CLERK HELD IN THEFT

Chraged in an indictment warrant with larceny of two bonds valued at $2000, Dwight C. Farnham, brokerage house employe of Myrtle st., West End, was arrested today by Police Inspectors William R. Connolly and Joseph Laughlin.

The alleged larceny was from Miss Carrie A. Davis of the Hotel Garrison [illegible] Farnham took the bonds from a vault and sold them to cover stock market losses.

Police declare he admitted the theft.

Newman Club to Conduct Smoker

The members of the Newman Club of Boston University an organization composed of Catholic students will hold a smoker at the St. Cecilia Guild Hall [illegible] Thursday evening, Dec 12, at 8 o'clock, according to the recent announcement of Edmund F. Ward Jr., of Roxbury, president.

The speakers at this time will be Prof. John J. Murray of the B. U. college of business administration and a member of the Athletic Council at Boston University, and Rev. C. Fletcher, pastor of St. Cecilia Church.

Music Week Each Month at Tufts

A feature of the chapel services at Tufts this year is the setting aside of one week each month as Music Week. This plan is headed by Professor Leo R. Lewis, of the Music Department. The Glee Club contributes by rendering selections as a chorus and assisting in the student singing.

SCHOOL IS GIFT TO CARDINAL

Clergy and hundreds of parishioners of St. Patrick's Church, Roxbury, took part in the official dedication and laying of the cornerstone of the new St. Patrick's Parochial School, Mt. Pleasant ave., Roxbury.

The Rev. William J. Casey, pastor of the church, delivered the dedicatory address, officiated at the laying of the cornerstone and personally prepared the base for the insertion of the granite marker.

In his address Father Casey said. "We can rightfully consider this beautiful new school as a birthday gift to Cardinal O'Connell, who today is celebrating his 70th birthday." He then expressed his gratitude to former pastors of the parish, who started the work.

Dorchester Hunter Treats With Venison

John Sedota, of 85 Wheatland ave., Dorchester, is one deer hunter who came home with the venison.

Sedota whose luck has held out well throughout the gunning season, shot a 180-pound buck deer in Plymouth County and treated his relatives and friends to a game dinner. The kill was made on the second day out.

Drama in Church

How dramatic material may be used as part of church programs will be outlined by Rev. William W. Locke of Lawrence Monday at 11 a. m. in Eliot Hall, 25 Beacon st. This meeting open to the public, is under the auspices of the American Unitarian Association. Special attention will be given to Christmas pageantry.

Holiday Police Squad Protects Shoppers

Christmas shopping crowds today are being closely scrutinized by a plain clothes police squad to frustrate activities of pickpockets and shoplifters. The squad is cooperating with private detectives in employ of the big stores.

To aid police in this work Supt Crowley issued this list of "dont's" for shoppers.

"Don't leave your handbag in telephone booths, on counters, or seats. Thieves work with greatest speed and cunning. They only need seconds to carry out their work. Never let your bag dangle by its strap. Hold it securely.

"Don't get into unnecessary crowds. There is nothing interesting about a minor accident and the crowd that gathers is made for pickpockets.

"Don't try to push everyone out of your path. You may only be helping a dexterous pickpocket in his work and it won't help you to get on any faster.

"Don't exhibit, or carry, large sums of money. Never take your mind off your valuables. The thief won't.

"Don't fail to watch for pickpockets in the subways. That is their favorite hunting ground. Above all don't be bashful about crying out if you find someone has picked your pocket or if you see someone else being victimized. This is highly important and it will aid materially in the arrest of these meanest men and women.

"Don't let any glib tongued stranger get your Christmas club check. Cash it at reliable stores or where you are known.

"Don't think that all crooks are men. Many women are specializing in shoplifting and pocketpicking today and they are just as clever as their brothers.

"Don't, if you happen to be a male shopper, place your bank roll in your hip pocket. That's the easiest place for a dip."

MISSING GIRL IS ELOPER

Lynn police visiting the home of Marguerite Gagnon, 16, in Essex st. Lynn, to commence an investigation of her strange disappearance, were met on the doorstep by a messenger boy, bringing a telegram with the news that the girl had eloped and married.

The telegram said she was married to Joseph Preresey, 20, of 113 Summer st., Lynn, and that they were on their way to New York for the honeymoon.

Man Found Dead in E. Boston Doorway

The body of a man believed to be that of Thomas Grady, 50, was found today in the doorway at 33 East Eagle st. East Boston.

While Arnold Albrecht of 1 Dartmouth st. Somerville was walking along East Eagle st. he saw the form of a man slumped in a doorway. The body was removed to the East Boston Relief Hospital.

Police say the man [illegible] to be Grady as he has been taking barrels to the street from back yards. This man was seen a few minutes before he was found in the doorway placing a barrel in the street.

PATRONS SEEK NEW BUS STOP

Patrons of the Elevated who use the River st. bus line between Mattapan and Milton Lower Mills are demanding a more convenient stopping point on the east side of Mattapan sq. At present passengers bound for Mattapan are dropped two blocks from the [illegible] below the post office.

[illegible] especially in bad weather. Although the old car yard has been abandoned for more than a fortnight the old [illegible] is still used.

Patrons say they have tried to be patient until the rapid transit service is opened but that a more convenient stop should be established meanwhile.

THREE FAMILIES ARE DRIVEN OUT BY BLAZE IN ROSLINDALE

FLAMES RACE TO ROOF OF TENEMENT

Routed Occupants Flee Into Cold; Fire Caused by Wiring Defect

Three families were [illegible] when flames swept the three [illegible] Roslindale, today.

Two alarms were sounded.

Defective wiring in the apartment of Mrs. Miriam O'Toole on the second floor [illegible] firemen said. The families of Mrs. Margaret O'B[illegible] the owner [illegible] [illegible] fourth [illegible] top floor [illegible] before the flames [illegible] from [illegible] Damage was [illegible]

Chelsea Firemen Quell Flames in Storehouse

Quick work by the Chelsea fire department [illegible] a threatening blaze in the Eastern Baking Co. storehouse at 187 Williams st. today. Flames started from an undetermined cause on the first floor and were spreading rapidly when a passerby saw smoke and turned in an alarm. A second alarm was sounded as a precautionary measure.

Damage to the three-story building was $2500. The loss to stock was unestimated.

Still Seeking 4 Men in Melrose Break

Melrose police are still on a hunt for four young men [illegible] to have broken into the home of Mr. and Mrs. John Wolinski, Naples rd.

The quartet, which attempted to rob the Wolinski family by breaking in through the front door and by flourishing a pistol at Mrs. Wolinski, were frightened away by her cries and the appearance of her husband, who immediately telephoned the police.

Santa Brings Gifts to Gov. Allen, Jr.

Santa-zon and Santa Claus from Jordan Marsh toyland today visited Gov. Allen and presented him with a large teddy bear and a set of blocks for Frank G. Allen, Jr., who recently celebrated his first birthday.

The Governor wanted to make sure that Santa's hands would keep warm and he [illegible] presented Santa with a pair of kid gloves [illegible] Santa wore.

Saved by Mother From Gas

Photo shows Billie Jolicoeur, 3½ years, and Paul Jolicoeur, 1½, who were saved from death by gas by the prompt action of their mother, Mrs. William Jolicoeur of 21 Eddie st., East Milton. The children had opened a gas jet in an upstairs room. Hearing a mourn she dashed upstairs and found the room filled with gas. She rushed the children to the front porch and summoned police, firemen and a physician. (Staff photo.)

"Carelessness Tags" to Halt Auto Thefts

"Carelessness tag" is the Back Bay police's very latest. It'll happen to you if you leave your motor car containing goods or personal property [illegible] unlocked on any street in the Back Bay district. Not only that, but you will have to make a [illegible] personal [illegible] station to recover your property.

Along [illegible] lecture from Capt. John M. Anderson on how to co-operate with the police in stopping thieves.

Persons [illegible] have been [illegible] goods in automobiles without paying to lock the doors that it has resulted in several thousands of dollars worth of articles being stolen from automobiles monthly.

Because of the number of hotels in the Back Bay section, Capt. Anderson has assigned five plain clothes men to watch for people attempting to steal things from parked cars.

The policemen have greatly reduced the number of thefts, but could not be all over the division at the same time.

The captain thought up a scheme to bring forcibly to the attention of careless motorists a way to reduce the losses by thefts. He instructed his patrolmen that whenever they found an unlocked car with anything of value in it to remove the [illegible] and leave a tag on the [illegible] wheel notifying the owner to call at the station house.

It is a frequent event at police stations for a motorist to come in and report the loss of something to which he attaches great value: eyeglasses, musical instruments, jewelry or gifts of relatives or friends, as well as clothing and merchandise.

The thieves steal a bag or case and after they remove what they believe is of value they throw the other things overboard or in a vacant lot.

CANCELLATION OF POLICY ON AUTO UPHELD

Appeal Board Finds Driver Did Not Aid the Insurance Company After Crash

The State Board of Appeal on compulsory automobile insurance today upheld the cancellation of a policy issued to Frank D. Dwyer of East Somerville by the Twin Mutual Insurance Company, on the ground that the insured failed to co-operate with the company in defending an action growing out of a motor vehicle accident.

Testimony disclosed that Dwyer's machine was in collision with one owned and operated by John F. Murphy of Dorchester, January 16. Dwyer said at the time of the accident Murphy made no claim for personal injuries and told Murphy he had no property damage insurance.

Attorneys for the company testified that subsequent to the collision a suit was brought alleging both personal and property damage and when the case was heard defendant defaulted and judgment was entered for the plaintiff. Later the attorney said, the court awarded damages in the sum of $150 for personal injuries on Murphy's testimony that he had suffered a strained back and wrenched his shoulders.

Asst. Atty.-Gen. Roger Clapp, member of the appeal board, remarked:

"It appears to be one of these claims that might well be brought by the insurance company to the attention of the attorney general's office for investigation."

MOTHER SAVES 2 GASSED BOYS

Overcome by illuminating gas in the playroom of their home, 21 Eddie st., East Milton, Billie, three, and Paul, two, sons of Mr. and Mrs. William J. Jolicoeur, were saved from death by their mother.

Engaged in writing a letter, Mrs. Jolicoeur heard one of the children moan, and running upstairs discovered they had turned the cock in a wall jet and flooded the room with deadly fumes. Both were unconscious.

She carried them into the open air and summoned police, firemen and a physician, who revived them.

Funeral Service for Edwin Butler

Mayor Leon M. Conwell, city officials and former mayors attended funeral services for Edwin Butler, for 15 years assistant clerk of committees to the Somerville aldermen, today.

Services were held in the John E. Kattler funeral home, East Somerville.

Rev. Ernest M. Paddock, rector of St. James Episcopal Church, Cambridge, and Rev. William H. Pettus of Everett, former rector of St. James Episcopal Church, West Somerville, conducted the services. Interment was in Oak Grove cemetery, Medford.

Reward Vigilance of Lynn Officer

Edward D. Callahan, acting chief of the Lynn police department, established a precedent when he not only publicly commended a member of the department for good work, but added a Christmas present of one day off duty with full pay.

The officer [illegible] Hatter [illegible] who [illegible] a New York [illegible] were riding [illegible] were arrested in an East Boston house for breaking and entering the Kay Jewelry store on Union st., Lynn.

Man Gets 10 Years for Store Holdup

Pleading guilty to indictments [illegible] J. Lyon [illegible] of Lab[illegible] N. H., was today sentenced by Judge Frederick W. Fosdick in Middlesex court to six to ten years in state's prison.

Arthur Panos, proprietor of a store in Prospect st., Cambridge, testified that Lyon entered the store and held up a customer at the point of a revolver. He was captured after a chase.

2 Youths Held After $5000 Loot Is Found

Juneau Cox, 19, and Walter Miller, 19, in whose Ellington st., Mattapan, home police [illegible] loot valued at $5000, were held for the grand jury in Roxbury court today. Cox was charged with two counts of breaking and entering and Miller with being an accessory and receiving stolen goods.

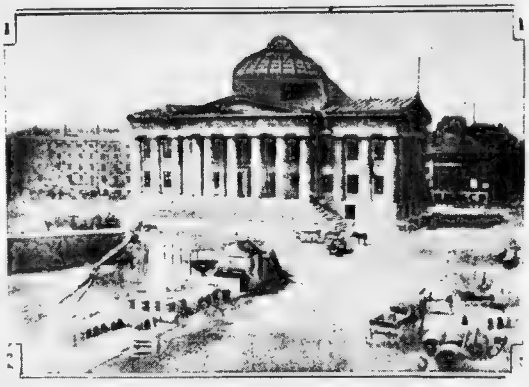
Old Boston in Pictures—No. 127



THE Custom House as it appeared in the early 50's when the waves almost lapped its doorsteps, Long Wharf, in those years extending to McKinley (formerly Custom House) sq. The State st. block and the temporary Post Office now stand in the area where sailing vessels of considerable tonnage once were docked. More pictures of Old Boston will be printed.

Eight Cities to Hold Elections Tomorrow

Elections will be held tomorrow in eight cities in the State, six of which will choose mayors.

Chelsea, Everett, Lawrence, Malden, Newton and Woburn have mayoral contests. In Beverly and North Adams this is an "off year" with contests only for secondary offices.

Keen interest centers in Everett. State Detectives Sherlock and O'Neill and agents of the district attorney's office will watch the balloting there.

Alleged "mattress voting" and "repeating," commonly said to be engineered by certain Boston politicians in the primary, is responsible for this police surveillance. Of those voting then 350 were circularized by Everett registrars through the mail, and the letters were returned.

Mayor James A. Roche, who has served the city for one two-year term, is opposed for re-election by Michael C. O'Neill Jr., who resigned as Everett high school submaster to make the contest. Seats are to be filled also in the alderman, school committee and Common Council.

CHELSEA FIGHT KEEN

Almost equally exciting is the fight in neighboring Chelsea between Mayor Lawrence F. Quigley, candidate for another two-year term, and ex-Mayor John J. Whalen, and the campaigning will probably be carried on right up to the last hour tonight.

There are also three referendums on the ballot relative to salary increases for firemen, an individual increase for Police Capt. F. A. McCarthy and a question about placing building department jobs under civil service.

In the Lawrence contest, Mayor Michael A. Landers is being opposed for re-election to another two-year term by ex-Alderman Michael M. Garvey. Voters must decide, too, whether they wish to grant salary increases to the mayor and aldermen. Aldermanic and school committee seats will be filled.

THREE IN MALDEN RACE

Malden expects a large turnout of voters in the contest for mayor in which there are three candidates. These are Mayor John D. Devir, seeking his sixth one-year term; ex-Mayor William A. Hastings, who essays a comeback after a quarter-century, and ex-Alderman Frank E. Simpson, eliminated in the primary but exercising his prerogative of running on stickers now.

The question of biennial elections is also to be decided by the voters, and there are spirited contests for aldermen, school committee and common council.

Newton's four candidates for mayor are President Sinclair Weeks of the board of aldermen, son of late Secretary of War John W. Weeks, who himself was the city's mayor; Alderman William Earle, ex-Alderman George Heathcote and John H. Murray, real estate dealer.

In Woburn the antagonists for the mayoralty are Secretary Philip J. Gallagher of the Chamber of Commerce, Democrat, and Chairman Herman P. Peterson of the school committee, Republican, and this fight is a spirited one.

Files Bill for New Primary for Revere

Representative Thomas F. Carroll of Revere today filed a bill at the State House calling for the establishment of a preferential primary in the election of mayor of that city.

Under the plan, the two candidates obtaining the highest number of votes in the primary would stand for election. A referendum to the voters on the adoption of the plan is provided in the bill.

BILL ALLOWS A WIDOW $900 ANNUITY

Injuries in the Line of Duty Were Fatal to Her Husband

A bill providing for the payment of a $900 annuity to Mrs. Eleanor V. Cadagan of Lonsdale [illegible] widow of a metropolitan police officer who died as the result of injuries suffered while in the performance of his duties, was filed in the Legislature today by Senator Joseph J. Mulhern.

The case was brought to the attention of Senator Mulhern several months ago when the Metropolitan District Commission refused to grant Mrs. Cadagan's petition for the annuity, although her husband, Michael F. Cadagan, had been declared permanently disabled following an accident in 1919 and had received a $900 yearly pension up to the time of his death in 1927.

The commission, of which David B. Kenison is chairman, ordered the pension discontinued after the officer's death, and since that time Mrs. Cadagan has been obliged to work nights as a telephone operator to support her two small children.

Her petition for payment of the annuity was heard by the Metropolitan District Commission a year ago and at that time Medical Examiner Timothy Leary, who investigated the death of Officer Cadagan, testified that in his opinion, death resulted from injuries received in line of duty.

Mayor-Elect Will Attend Victory Ball

With Mayor-elect James M. Curley and the members of the City Council in attendance, the victory ball in honor of Councilor Richard D. Gleason will be held in Intercolonial Hall, Roxbury, Friday evening. The committee is headed by Joseph P. Bragg, assisted by Elizabeth Smyth, Madeline Ward, William Fay, Joseph Mulloy and Frank Kelley.

GOVERNOR ALLEN REVEALS STATE WILL HAVE $3,000,000 SURPLUS

SAYS PRISON HEALTHIEST PLACE

Executive Tells Ministers the Pardon Plan Makes for Better Convicts

[illegible] more than [illegible] the end of [illegible]

The Governor [illegible] meeting [illegible] the [illegible] of the [illegible] Jerusalem.

The [illegible] extended [illegible] program and greatly increased activities in public welfare work.

He indicated that a still larger program in both fields will be recommended to the incoming legislature.

In referring to the State Prison at Charlestown, the Governor evoked considerable amusement when he described the ancient institution as the "healthiest spot in the Commonwealth."

The records of the institution, he said, showed a remarkable absence of disease which he attributed in part to proper health measures and a balanced diet.

PRAISES PARDON PLAN

The Governor minimized the possibility of any outbreak in Massachusetts' prisons such as have taken place in other [illegible]. He told his hearers he had revived an old custom of pardoning in meritorious cases, a custom that gives prison inmates a ray of hope for the future. The revival of this custom, he contended, will have a wholesome effect on prison morale.

"Many prisoners would hesitate to join an insurrection when they understand that there is still hope for them to return to private life," he pointed out.

TELLS OF "DEADLINE"

The Governor outlined the steps being taken at Norfolk on the new prison colony, where the retaining walls have been completed and where work on dormitories has started.

He felt sure, he said, that the dormitory innovation will prove a success.

He stressed, however, that there will be a deadline inside the walls.

"But those inside that deadline are going to be given the chance to live like human beings if they desire to live that way," he declared.

DOUBLE INQUIRY INTO DEATH

U. S. Army officials joined with Medical Examiner George Burgess Magrath in investigating into the death of Lieut. Donald Coray of the Fifth Infantry, U. S. A., who was killed after he either fell or jumped into the pit in front of an Elevated train in the Park st. station of the Cambridge-Dorchester tunnel.

Motorman Edward E. McLeod of 10 Westminster st., in charge of the train, told the police that the man jumped into the pit as his train entered the station.

Lieut. Coray's wife was formerly Mrs. Mildred Adams, a teacher, and lives at 1163 Boylston st. She said that her husband left home for a walk before his death, and that he was in good spirits. Mrs. Coray's home is in Michigan.

Lieut. Coray, who was well known at the army base in South Boston, was graduated from West Point in 1919. Previous to his marriage he had lived a few doors from his widow, whom he married three months ago. His parents are dead.

In Three-Story Plunge

Miss Agnes Wells, 26, of Montgomery st., North Cambridge, in Somerville Hospital. She says John J. Crossley, 30, pushed her out of his third-story room on College ave., Somerville. He denies being present when she fell. (Staff photo.)

Children Ask Only for Bare Necessities

You, Goodfellows, with your entertainments, amusements and Christmas cheer, can you listen to the wails of little children without responding?

As you ride in your automobiles, full-fed and warmly clad, can you shut your ears to the pitiful cries of little ones suffering from cold and hunger?

Listen to the pathetic plea of "Agnes" of Everett, who signs herself, "A lonely little girl."

Dear Goodfellow Editor:

I am writing you to ask if you would please help my poor grandmother and I. I am a girl 10 years old. My mother died the third day of last month and left five children, one just one month old. My mother died 30 minutes after the baby was born. I have one brother eight years, a sister six years, a brother two years, and the baby that mama left when God took her away from us.

My poor daddy only gets $20 a week and works from 6 o'clock in the morning until 10 o'clock at night on a truck. We are with my grandmother. She is sick all the time and it is hard for her to care for all of us.

Will some kind person please help us a little? My grandpa died last March and poor grandma has it hard. She would like to get medicine, but cannot do so. I wish some good-hearted person would help us.

"From a lonely little girl,

AGNES.

Everett."

The Goodfellow Editor receives many such letters, asking not for luxuries but only the bare necessities of life, for food and clothing and decent shelter.

FATHER UNABLE TO WORK

At Christmas time when the bulk of the people are enjoying their gifts and looking forward with anticipation to turkey dinners the unfortunates ask only sustenance and a few comforts.

Here is a word from "Joseph" of Roxbury, brief, simple yet boyishly dignified. He says:

Dear Goodfellow Editor:

I am a boy 11, and have two brothers, one 9 and the other 5. My father has heart trouble and cannot work, so my mother has a very hard time and cannot afford to make us happy for Christmas.

My brother, 9, has been sick for the last two years and doesn't know what outdoors is. I would like to make him happy, so I hope someone will help us.

Roxbury. JOSEPH.

And a sailor forced to face the treacherous elements in his struggle for existence, asks a helping hand be extended to his dependent family in his absence.

He writes:

Dear Goodfellow Editor:

I am writing to you asking you not to forget my folks, as I am a sailor and am going away in a few days and won't be able to help them this Christmas.

My father was run over last November by an automobile and ever since then he has been out of work. I have a brother 10 yrs., another 6 yrs., a baby brother 26 months, and a sister 4 years. They would be very disappointed if they didn't get something for Christmas. My mother is sick and unable to work.

I am sailing in a few days and won't be able to send any money and I hope you won't forget them.

East Boston. AUGUST.

COST NEGLIGIBLE

What do you say, GOODFELLOWS? Do these unfortunates get a break? Are they going to get a little sunshine in their drab lives?

It doesn't cost much. The price of tickets for a boxing bout, a hockey game or a show will provide a surprising amount of comforts for those who ask so little.

Write the GOODFELLOW EDITOR of the Boston Evening American, 5 Winthrop sq., and tell him you will take care of one or more families and he will turn over to you their addresses.

If you haven't the time to devote to it personally, send your check or money and the GOODFELLOW EDITOR will apportion it.

Here is a list of typical cases:

CASE 1. Woman 56 who has been ill for years would like some clothes. Wears 14 dress, size 6 shoe.

CASE 2. Six children in family. Father has been dead seven years and they have to get along on small amount two oldest boys earn. They all need shoes and gloves.

CASE 3. Little girl, 10, writes asking for warm clothing for herself, her younger sister and two brothers. Father died a month ago.

CARDINAL ASKS BLESSING FOR ALL BOSTON

Presented an Auto After Day of Ceremony in Honor of 70th Birthday

Cardinal O'Connell went about his many duties today [illegible] the [illegible] of his 70th birthday [illegible].

To those [illegible] he was equally grateful.

Outstanding events of his natal day, observed by Catholics throughout the world as the Feast of the Immaculate Conception, were attendance at the Cathedral of the Holy Cross where he pontificated at solemn mass, his visits to various [illegible] and the banquet at St. John's Seminary where the priests of the diocese presented their beloved leader with a magnificent automobile.

The Cardinal did not vary to any great extent on this notable birthday. He was up as usual early in the morning. He remained at the Archbishop's house in Brighton until shortly after 9 o'clock when he was driven to the Cathedral for the solemn pontifical mass.

With mass ended the Cardinal stood on the altar and delivered a greeting to the parishioners. He said in part:

"Looking back over the time I have been here as your archbishop and pastor of this congregation, I can say with perfect truth that my life has been a very happy one. The reason for that is I have had the wonderful co-operation on the part of the priests and the people of this diocese and of this parish.

"With my heart filled to overflowing with gratitude to Almighty God, I turn to you with the affection of a father, and again I ask your prayers and your co-operation. May the blessings of God go out not only to Boston and all the diocese but to all America as well."

DID NOT THROW GIRL OUT

Denial that he threw Miss Agnes Wells, 26, of North Cambridge, from his window and through an awning to the sidewalk three stories below was made today in Somerville court by John J. Crossley, 30, of College ave., West Somerville.

The girl was picked up unconscious on the sidewalk, and at Somerville Hospital told police she had been thrown from Crossley's window.

Charged with assault with intent to kill, Crossley declared in court that he was not in the room when the girl and first learned of the matter when she failed to keep an appointment with him last night.

His case was continued to December 23 for trial.

CHRISTMAS SAVINGS CHECKS

As in former years we shall gladly accept Savings Club Checks in payment for merchandise. Or if desired as a convenience to our customers, we shall be pleased to cash them.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

PINNACLE OF SUCCESS IS ATTAINED BY BELLE BAKER IN FIRST MOVIE

MELODIOUS VOICE HER BOON

The Cast

Anna Gibson	Belle Baker
Tom Gibson	Ralph Graves
Buddy Gibson	David Durand
Mazie	Eunice Quedens
[illegible]	Arthur Housman

By HARLEIGH SCHULTZ

THE more we see and hear of Belle Baker, the better we like her. Do you remember what the Good Book says, somewhere back in the older section: "The stars sing in their courses?" Well, Miss Baker is that kind of a star; but she is more than a singing comedienne. She has pronounced dramatic power; and that is why her "Song of Love," now being screened at the Keith-Albee, is so much better than the usual "star film."

• • •

AS a matter of fact Miss Baker is so sterling a singer (both sides of the Atlantic know the truth of that) that a picture would be worth hearing even if her melodious voice were its chief recommendation. In this, her bow in movieland, she sings several numbers, some sentimental, others comic, all delightfully done. But the principal point from the photoplay angle, is that striking ability of hers, to thrust her personality through the framework of a mediocre story and to give that story value far higher than itself. In general, we think "star films" the weakest of all the talkies; but an exception must be made in the case of "Song of Love." For instance, Al Jolson was never able to begin to do with "Say It With Songs," what Miss Baker succeeds in doing with her production.

Ralph Graves

• • •

THIS PICTURE of hers brims over with sentiment, but it is wholesome; and because of the life that emanates from Miss Baker, "Song of Love" becomes what is known as a "box office natural," one that has wide appeal and wins its way. The star has great emotional ability which she holds within rational control. It is not hard to imagine that she would have been at the top in the drama had she chosen such a career.

• • •

THE FLAWS in the tale hang upon its conception and structure. It is too strongly reminiscent of the ordinary back stage brand. It has the usual accessories of such efforts. Without Miss Baker, it would be "just another;" with her in it, the result is healthfully enjoyable. It has freshness and much vigor at times; and a sweetness like the fragrance of the poet's Araby blest. Miss Baker has some excellent support, too; David Durand is a mighty cunning youngster and seems equally at home in his lines whether they be conversation or song. Arthur Houseman is fine as the acrobat; the unnamed negro maid is superb though she has little to do or say; and the two cafe owners, also unnamed, are clever comedians. Miss Quedens is a satisfactory vamp and Mr Graves is only a moderately good male lead. Yet "Song of Love" is classy entertainment, mostly because of Miss Baker's work

College Sweetie

NANCY CARROLL

STUDENTS ARE CRAZY—over bewitching Nancy. They have reason to be, for she is the boss of their school in "Sweetie" now the film feature at the Scollay Square

NO LIMIT TO TALKIES LIST OF STARS

By LOUELLA O. PARSONS
Universal Service Motion Picture Editor
(Copyright, 1929, by Universal Service, Inc.

LOS ANGELES, Dec 9—There is no limit to what we may expect in the talkies. No limit I mean as to the talent being corraled by this fast-growing and amazing industry. A perfect illustration is Warners' negotiation with Cyril Maude, eminent English actor. Mr. Maude is listening in to an offer to play in his well known stage success, "Aren't We All" as well as "Grumpy," another one of his most delightful stage plays.

"Grumpy" was made by Paramount with Thomas Meighan and Theodore Roberts. I have forgotten the girl, but the picture was a Pollyanna play that didn't really have enough action to please the movie audiences. But today with lines, all that can be easily changed.

• • •

IF you have seen "The Lady Lies," you will be asking for other pictures with Claudette Colbert. Of all the stage stars who have come into our movies, with the possible exception of Ann Harding, Miss Colbert has the greatest screen personality. Paramount probably didn't realize they had any sort of a prize in her until the reports on "The Lady Lies" started coming into the home office. Now they know she is all any company could ask and so she is being given some of the best pictures on Paramount's program. For instance, "Young Man of Manhattan," an interesting short story which was supposed to have gone to Nancy Carroll, is to go to Miss Colbert. Richard Arlen will probably travel East to play opposite her. Furthermore, Miss Colbert will support Maurice Chevalier in "The Big Pond."

• • •

WHEN Norma Talmadge reaches here this next week she will be greeted with the news that "Smilin' Thru" is being converted into a talkie for immediate production. Howard Emmett Rogers, well known New York playwright, has been put on the job by John Considine. It so you see the production of "Smilin' Thur' is really settled. Mr Rogers will write the dialogue for this and other United Artists pictures. If Norma Talmadge wants "Smilin' Thru" it's hers for the asking. She was seriously considering making it some months ago but at that time there was difficulty in getting a clear title to the stage rights. Norma's one objection to doing the talking version of "Smilin' Thru" is that she will have to duplicate one of her greatest successes. But she looks as young and is just as beautiful as she was when she made the silent version.

• • •

ONE of Hollywood's most charming visitors, and I might add most popular with the ladies, is George Grossmith, English actor. Mr. Grossmith just wouldn't tell why he was here, but we suspected all the time he had the talkies in his mind. A few days ago we learned he has just signed with the Fox company to write and possibly act in "The Dollar Princess," which was his greatest success on the stage. Now that he has started we may look to see him remain here indefinitely.

• • •

METRO-GOLDWYN-MAYER'S famous photographer, Ruth Harriet Louise, is leaving the studio. That is going to be a blow for all of the stars on the lot for Miss Louise knows how to make the plain beautiful and the beautiful more beautiful. She hasn't made any future plans beyond deciding to take a little trip to New York for a vacation. In case the New York debutantes haven't anything else to do they might look up this gal who knows her camera and all its secrets.

• • •

SNAPSHOTS of Hollywood collected at random: Buster Keaton driving up to the Chinese theater in a limousine of the vintage of 1908 and being ordered away by Wallace Beery in policeman's clothes. The sidewalk audience getting a tremendous kick out of it. All a part of a movie. Sue Carol, in a red evening dress and wrap, signing autographs; also her new husband, Nick Stuart. Freeman Lang, radio announcer, offering an apple to anyone who would talk into the microphone for him. Ann Harding causing a craning of necks when she appeared at the opening of her picture at the Chinese theater. The fans calling in vain for Ronald Colman, Ronald having taken to the tall timbers. Gwen Lee chatting with Jack Oakie in the patio at Grauman's. Janet Gaynor and her husband, Lydell Peck, in the same party with Charles Farrell at the opening. That's all today. See you tomorrow!

Looking Ahead

DECEMBER 16—
"Wings Over Europe," a Theater Guild production at the Hollis
DECEMBER 25—
"Strike Up the Band," with Clark and McCullough, at the Shubert.
"Rope's End" at the Wilbur
DECEMBER 30—
"Hot Chocolates," a musical revue (colored) at the Tremont.

MARY NOLAN'S FILM CLICKS AT PARK

The Cast

Cassie Cook	Mary Nolan
"Badlands" McKinney	James Murray
Polly Voo	Lydia Yeamans Titus
Repen	Wheeler Oakman
Mandarin	Anders Randolf
Lizzie	Yola d'Avril
Rose	Mona Rico

IN thrilling to the drama of "Shanghai Lady" on the Park screen this week one cannot help meditating on the real tragedy which lies in the hearts of the featured players. They are Mary Nolan and Jimmie Murray. Mary's real life has been more dramatic than anything she will ever play on the screen. Unless, indeed, that story is made into a picture. Which may be a tip to Universal. Jimmie's story, too, is fraught with tragedy, for this is his second bid for fame and fortune. The first he tossed away. It becomes, therefore, a deep pleasure to doff the chapeau in acknowledgment to the pair for their accomplishment in "Shanghai Lady." It is one of the best pictures the Park has ever shown.

Mary Nolan

Mary Nolan's pouting beauty is ideally exploited. She carries conviction with every action. She is always believable. And this despite not too fortunate lines in the dialogue. From the obvious audience reaction, Mary is destined for greater fame and has added many fans to her list by her portrayal.

Jimmy Murray seems a little mike-conscious, but does excellently, nonetheless. He is an upstanding, romantic screen figure, with an Irish smile and an Irish scowl which are equally heart-disturbing. More power to him.

Alexander Concert

Next Thursday evening, A Josef Alexander, youthful pianist, will give his second Boston recital in Jordan Hall. Mr Alexander, who recently gave a successful New York recital, is one of the graduate pupils of Julius L. Chaloff.

Make RKO Directors

Rupert Julian and Reginald Barker have been signed to direct for RKO

COLLEGIANS IN STARRING ROLES

The Cast

Marty Reid	Douglas Fairbanks, Jr.
Patricia Carlyle	Loretta Young
Honey Smith	Guinn Williams
Mazie	"Peanuts" Byron
Dot	Phyllis Crane

SCREEN football comes into its own at the Fenway this week, with the first showing here of "The Forward Pass," all-dialogue picture of campus love and flying pigskins, in which Douglas Fairbanks, Jr., and Loretta Young are co-featured.

Loretta Young

This pair, the youngest screen team, are ideally cast in the story and really look and act like college youngsters even in the midst of a cast that is composed largely of real college boys and girls.

The story deals with a campus flirt, played by Miss Young, and a football player, portrayed by Fairbanks. This gridiron hero has moments when he doesn't feel heroic. The resulting complications make an interesting story, in which a pretty romance is woven.

Director Eddie Cline has given a college picture with real college atmosphere. Cline used a big university in Southern California for his background, and many of the students took part. Included in the cast is the entire football team of the University of Southern California. These boys do not bob up suddenly in the football games, strangers to the spectator, but are seen all through the picture, playing parts like veterans.

A clever cast is seen in support of the featured players. "Big Boy" Williams, of "Noah's Ark" fame, has a comedy role. "Peanuts" Byron, the little show girl who graduated into pictures, is the lisping baby doll of the campus, and sings a song or two with rare abandon. Phyllis Crane is another young woman who acquits herself with honor. Bert Rome, Lane Chandler, Allen Lane and Floyd Shackleford are all well cast.

Vivienne Segal Engaged

Vivienne Segal has been engaged for the leading role in First National's "The Lady in Ermine."

Movie Clock

FEATURE photoplays in the picture theaters and their starting times today are as follows:

SCOLLAY—"Sweetie"; p. m., 12.09, 3:11, 6:11, 9:15.

KEITH-ALBEE—"Song of Love"; a. m., 11:44; p. m., 3.06, 6:02, 9:21.

SONG CONTEST AT SCOLLAY

CAN you imitate Helen Kane, the famous baby-voiced singing screen star? Can you do the "Boop-Boop-A-Doop," which is the lip-tickling, tongue-tying feature of Helen Kane's song specialties?

If you can, or think you can, here's your big chance to prove it to the show folks and perhaps win a cash prize for doing it.

The Publix Scollay Square offers $25 in prizes for the best imitations of this catchy line as it is sung by Miss Kane in "Sweetie," the all-talking, singing, dancing screen feature now playing at the Scollay Square.

'SUCCESS' TO BE GIVEN BY HARVARD

"SUCCESS," a play by A. A. Milne never before performed in America, is the Harvard Dramatic Club's winter offering, the very antipodes of the radical and highly colored 'Fiesta' which made so much disturbance last year. No one need be afraid to take one's nicest relative to see it.

Why "Success" has never been produced in America is not quite clear. It is no more British than "Mr Pym," no more ironic than "The Truth About Blayds," no more fanciful than "The Romantic Age."

It is the story of a career man in the cabinet, just about to be Chancellor of the Exchequer, who meets again a friend of his boyhood and awakens sleeping memories that remind him of all he has missed in marrying and raising a family whose motto is Success.

On a political visit he sleeps once more in the old bedroom where the boy once slept, and in a fantastic and pathetic dream sees the boy he might have been deadened and frustrated by the success he has willed for himself. He makes an effort but life and his family and circumstances are too strong for him, and he kills the dream, to become chancellor.

For 20 years now the Harvard Dramatic Club has been at work doing original plays and plays new to America or to Boston. For many years overshadowed by Professor Baker's 47 Workshop, of late it must be recognized as an outstanding organization at Harvard that takes the interest in the drama. Its work has always been serious, often extraordinarily fine, and occasionally important. The Dramatic Club deserves attention and patronage.

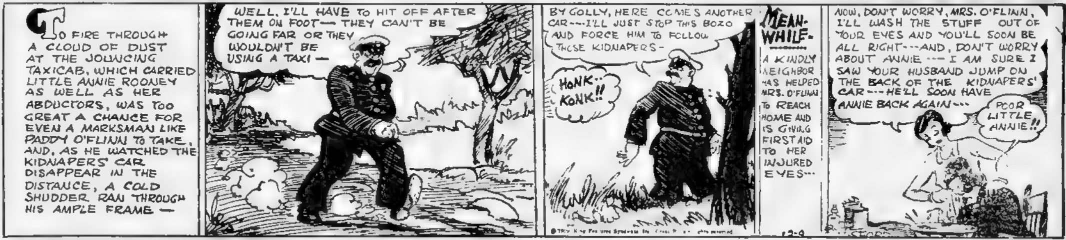
LITTLE ANNIE ROONEY

An Undiscouraged Sleuth

By Ben Batsford



TO FIRE THROUGH A CLOUD OF DUST AT THE JOUNCING TAXICAB, WHICH CARRIED LITTLE ANNIE ROONEY AS WELL AS HER ABDUCTORS, WAS TOO GREAT A CHANCE FOR EVEN A MARKSMAN LIKE PADDY O'FLINN TO TAKE, AND, AS HE WATCHED THE KIDNAPERS' CAR DISAPPEAR IN THE DISTANCE, A COLD SHUDDER RAN THROUGH HIS AMPLE FRAME —
WELL, I'LL HAVE TO HIT OFF AFTER THEM ON FOOT — THEY CAN'T BE GOING FAR OR THEY WOULDN'T BE USING A TAXI —
BY GOLLY, HERE COMES ANOTHER CAR --- I'LL JUST STOP THIS BOZO AND FORCE HIM TO FOLLOW THOSE KIDNAPERS -
HONK - KONK!!
MEANWHILE - A KINDLY NEIGHBOR HAS HELPED MRS. O'FLINN TO REACH HOME AND IS GIVING FIRST AID TO HER INJURED EYES ---
NOW, DON'T WORRY, MRS. O'FLINN, I'LL WASH THE STUFF OUT OF YOUR EYES AND YOU'LL SOON BE ALL RIGHT --- AND, DON'T WORRY ABOUT ANNIE --- I AM SURE I SAW YOUR HUSBAND JUMP ON THE BACK OF THE KIDNAPERS' CAR --- HE'LL SOON HAVE ANNIE BACK AGAIN ---
POOR LITTLE ANNIE!!

Dr. Bisch's Daily Health Hint

WHEN boils appear often and many at a time and all the remedies such as building up of the system have failed, it is well to consider having a vaccine of the boil contents made and injected so as to increase the immunity or resistance to further boils.

This Day in Our History

ON December 9, 1912, the British government made a formal protest against the exemption of the U. S. coastwise vessels from Panama Canal tolls. In June, 1914, Congress passed a bill repealing the exemption of U. S. shipping. The canal pays well.

GIRLS SHOULD NOT REDUCE JUST TO BE STYLISH

Many Maintain a Weight That's Far From Safe

By Louis E. Bisch, M. D., Ph. D
Famous Authority on Health and Psychology

TO be too thin is inadvisable. To be too stout is equally unwise. Just to be in the style, however, is no reason for reducing.

Dr. L. E. Bisch

There can be no question that many individuals, especially young women, have and still [illegible] maintain a weight which is far from safe as far as general health [illegible].

Nervousness [illegible] be caused by underweight, so can anemia, quick fatigue and weakness in general.

It is true that as we grow older those who stay thin are less likely to develop disease than those who grew obese.

If a person is from 15 to 40 per cent overweight, reduction is indicated. Overweight is particularly bad in persons with diabetes, gout [illegible] those who suffer from heart [illegible].

Then, again, the really fat person is handicapped. He cannot exercise properly or easily. Too much weight is uncomfortable and awkward. Obesity also interferes with the best action of the heart. [illegible] of fat in the ab[illegible] cavity interferes with [illegible].

[illegible] reduction of weight prob[illegible] be any harm [illegible] to taking off [illegible] to determine whether [illegible] best such [illegible] should be made [illegible] care must [illegible] reduction that the so-called body protein as well as the vitamin and mineral constituents of the food be not cut down too much.

It is far better to reduce gradually, say three to six pounds a month, than to attempt as much or more in a single week.

Indeed, the safest plan is to reduce, say, five pounds a month for four months, then keep the weight for several weeks, and so on until the final desirable and healthful weight is reached.

When a man or woman undertakes to reduce he should acquaint himself with food values, what calories mean, the importance of [illegible]. For this purpose there are many scientific books written in popular style which can be bought or borrowed from a public library.

Reducing is not [illegible] a matter of cutting down the amount of food intake. [illegible] food need not necessarily [illegible] a high calorie value, while certain concentrated foods may be rich in food value.

"Biological chemistry," which deals with the chemistry of the human body, how various kinds of food are changed so that their chemical [illegible] may be utilized by the body, how waste products are formed and cast off [illegible] matters, including the important one of maintaining what is known as "nitrogen equilibrium" of the body—these most complicated problems cannot be overlooked when the reduction of overweight is the issue.

I mention these factors because most people seem to think that reduction is a simple matter if only you have the will to carry it out.

No; reduction should not be thought of as lightly as that.

Proper reducing is a scientific procedure and unless it be considered in this way it may do a lot of harm.

"BLIND MAN'S BLUFF" -:- -:- -:-

DRAWN BY
Nell Brinkley

TENDER-HEARTED [illegible] Annette, Cosette, Suzette, Babette and Jeanette cannot pass him by—the beggar. Poor beggar—Blind Love! Squatting by every highway in the land. When he gets home, throwing off the patch, emptying the cup, cutting didoes with his little angel dog, with the clearest eyes, the best seeing, when there are no lovers about, and RICH—my word!—as many another beggar is.

And yet to be really pitied, the brave, funny, sentimental, philosophical little god. Poor and rich at the same time. Blind as a bat, and clairvoyantly seeing. Gay and melancholy. Romantic, roving, home-loving—and home-leaving!

Aren't you glad, rich-man-poor-man Cupid, that all the pretty "ettes" in the world, Gloriette and Cosette and so-and-so, cannot pass you by, believe in you, and give to you of their riches? For what happens when a cynical Lorette comes along, who has lost her faith in the appearance and pretentions of Love and a Man, pats one foot, snaps her teeth and her pocketbook tight shut, and says through her nose, with a sad and mirthless laugh: "AH-HA! and HA-HA! Do I give again? NO. Once I gave. You are a bluff! You are not what you seem!"—what happens then? Why—the world gets a jog in its smooth-spinning whirl, as though it had bumped against another star. And all the little cherub Cupids weep and beat their heads with their paddles.

The world rolls smoother for the belief of La Femme in [illegible] and a man. Even if sometimes she finds her own particular [illegible] who begged for her heart does not, when he has it fast, NEED it after all.

NELL BRINKLEY

The Truth

ABOUT LONG SKIRTS
By ELINOR GLYN

I HOPE girls, you will be firm about keeping your short skirts [illegible] the day[illegible] and walking about.

Elinor Glyn

I have seen some quite ridiculous sights in the streets lately, women determining to be in the van of the fashion with uneven points dragging below their fur coats, almost to their ankles, and longer.

Soon those women will have garments sweeping the sidewalks, as the great grandmothers had.

But you, Gracie and Maud, do use moderation. Keep your dainty, delightful outline for shopping—your moderately short skirts, and your adorable shoes—because changes come with such a rush, unless resisted in time. And only think of the bore of learning to hold up trains to walk once more, and having to bear the dirt that would hopelessly soil them if you forgot for a moment and let your flounces drop.

I can remember that fashion, and so can warn you of it's horrors!

But in the evening, unless you are going to dance, long dresses are very attractive. I so wonder if the tone of novels will alter, too!

I have grown very weary of problems, novels on sordid aspects of this age. Shall we read of romantic emotions once more that will quicken the heart beat? Will there be a return to domesticity, poetry and sentiment? Who knows!

As long as we do not slip into sentimentality and pathos, it will be all right.

Advice to Bashful Sixteen

By BEATRICE FAIRFAX

DEAR MISS FAIRFAX

After reading your good advice to others, I decided to ask you for some myself. I am 16 and am bashful. I blush at the slightest remark of greeting to or from the opposite sex or a superior. Please tell me how I can overcome this weakness. I thank you in advance.

BASHFUL.

THERE are worse faults than blushing, my dear. In fact, many folks like to see a girl or boy capable of blushing, for it indicates modesty and lack of self assurance.

As you grow older and have more confidence in yourself you will be less likely to blush on every occasion.

Blushing really arises from self-consciousness. Try to think more about those you are with—what they are saying and doing and their interests and comfort—and less about yourself. Regard boys, just as you do girls, as good comrades, but not as totally different beings from yourself.

PATIENCE is a virtue and not popular with youth. Many a girl needs only a little patience in order to bring the crown of success to the romance that means so much to her.

"Dear Miss Fairfax," writes Mary, who is possibly impatient, but not contrary. "I have been keeping company with a fellow for over three months. I cannot understand him. I would like your advice on this matter.

"He says he respects me for being a decent girl and gives me credit. He takes me out about every other week, about two or three nights a week. Then the next week he won't, but will go places alone. So far he has told me what he does when I am not with him.

"I care for him and he has asked me to meet his mother. I have no home. My mother has been dead for over 22 years. I am 21. I work for my sister in a hotel for tourists. She and I are there all the time. They respect me and speak very well of me. I care very much for him. I think he does for me, too. I hope to see your answer in the paper very soon."

I am sorry, Mary dear, that you have not a mother to talk things over with, but all the more respect is due you for holding your standards high.

In regard to this friendship of yours, it seems to me things are going very well indeed. The young man who interests you so much is fond of you, else he would not seek you out as he does. But he wishes to be deliberate and wise in choosing his sweetheart and wife. He is going to make quite sure you are the right girl for him before he asks you to share his life as his wife. He wishes his mother's opinion of you.

Can't you see this delay and deliberation is as good from your point of view as from his, because it gives you time to make sure he is the right man for you?

SMART SAYINGS OF CLEVER CHILDREN

The Boston Evening American will pay $1 for published smart sayings. Address "Smart Sayings," Boston Evening American.

Little Freddy was preparing to go out visiting with his mother. Suddenly he called to her in a startled voice.

"Mama, is this bay rum in the brown bottle?"

"Gracious, no, dear, that's mucilage."

"Oh," said Freddy, after a pause, "perhaps that's why I can't get my hat off."

Miss Pat -:- Thrilling Romance of the Airways

Continued from Page 1, 2nd Sec.

have lain awake many a night planning this.

The one thing he couldn't fathom was this—why had the man allowed the dog to stray back here and give him away? In a very short time he came with shock upon an answer.

He had his light shining faintly on the flume's mouth, just enough to make sure of the dog's presence [illegible] return. He left a little of the meat there at the outlet but the bulk of it was at his own elbow.

And now sitting there motionless [illegible] looking into the dog's eyes. The dog sniffed, ran his nose along the ground, took one cautious step.

Jim Chase didn't stir, except lazily to move his pipe, blow a smoke ring upward. The dog was taking that first bit of meat. But all the while he was backing into the flume, eyes fastened on the inert figure five feet from him.

An interval of moments and again, with a ghostly quiet the dog appeared at the flume. He thrust his head forward, low to the ground. Three or four times he repeated this maneuver.

Chase said softly, "S'll right, Jim."

The dog crouched back. Chase flung him a piece of the meat with a lazy: "Well there you are, old fellow. If you want the rest come for it."

The dog seized the meat in his mouth, devoured it eagerly . . . waited, almost begging for more.

"Here you are, Jim," said the man, holding it in the palm of his hand.

Slowly, putting a paw forward and immediately withdrawing it, the dog advanced. As Chase didn't stir he grew confident, he began to wag his tail.

Chase talked to him, tore the meat into bits and held it out. The dog came up and ate from his hand.

"Pretty hungry, Jim?"

The dog licked his wrist. He answered to the name all right. Was he Elliott's Jim?

And he stood quietly when the detective fastened a collar to his neck. As Chase held the leash and ordered softly, "Let's fetch it, Jim! Go fetch it!" the dog jumped about impatiently.

But with the start toward the flume, he pulled back with all his strength. He hugged along the ground and could not be induced to follow.

"Now—what's up?"

With quick tugs, the dog pulled in the opposite direction. He pawed and gave sharp, imperious barks. Then he went up, took the detective's coat in his teeth and tried to yank him down through the thicket.

"All right, Jim—you lead!"

In the night, the scene had a wild, remote aspect. The bright strips of valley, the terraces with truck gardens and the great fields of artichokes dwindled away. The bare swinging hills closed about them. These hills marched down endless narrow gorges; up endless naked slopes. Ridge after ridge with deep pits where shadows thronged and made mysterious the almost total dark.

"Where is he taking me" Chase wondered uncomfortably as he stumbled after the impatient and tugging dog.

They entered a canyon where the brush tore at the man's trousers and again and again the dog pulled him forward.

The flashlight showed a thicket of trees. Now the dog strained violently at the leash.

Chase halted. Perspiration ran into his eyes. They must have come a mile or more. Now he slipped a hand in his pocket and put his thumb on the trigger of his pistol.

He stood poised like this, resisting the frantically insistent dog.

Cautiously he moved on, playing the light over the ground. Abruptly they came upon it—the half prostrate figure of a man.

The dog broke free. He ran up and licked the man's face. The fellow stirred. He got to his feet. He began to mumble.

Chase with his pistol leveled, his handcuffs ready, went up and flashed the light in the man's face.

To Be Continued Tomorrow

Helping Children to Plan Their Christmas Gifts

By CONSTANCE CAMERON

AS an adult, I have usually purchased and put away for safekeeping all the gifts I intend to give at Christmas time before I celebrate Thanksgiving. But I realize that younger people are unable to hold an interest over so long a period of time. However, now that we have made first inroads on the fat turkey of the Thanksgiving, it is time to talk with the children of the family about the presents they plan to give for Christmas.

First of all sit down with your child and help him make a list of persons he wishes to remember. Even the tiny child of four or five should plan his own gifts and be responsible for their purchase and choice.

Increase the child's allowance a little, if you like, during these next few weeks, but let HIM pick out what he wishes to give his friends and buy it with that allowance.

You can give your child a very valuable sense of discrimination and thoughtfulness if you talk over the preferences of grandmother or auntie or father and let him plan to buy accordingly.

Shopping trips with a small child should be short, perhaps buying but one or two things at a time. Remember that crowds tire a tiny child much more easily than they do us. Remember that crowds, to a child, are but a sea of legs, and that counters are far above his head. There are many things, such as perfume, stationery, bath powders and so on, which can be purchased from your corner druggist, and this will eliminate a tiring trip downtown. It is a good time to implant in the child's mind thoughtfulness for those who serve us, by reminding him that when we do our shopping early we help the store clerks, who are rushed at this time through the last-minute buying of thoughtless folk.

Many mothers go ahead and buy gifts, setting them before the child with a "This is your gift to grandmother," and so on. To my mind this cheats the child out of the loveliest part of Christmas, the thrill of choosing what he is to give a relative or friend, robbing him of a chance to appreciate the purchasing power of money, and utterly leaving him out of the joyous Christmas preparations.

Even an inexpensive, simple gift, if the choice of a child, surely will be appreciated by the recipient of it. Let the child spend some of his allowance for tissue paper, ribbons and stickers. It is such fun to do up presents, and stick the colorful cards inside the ribbon. Mother may have to write the names on the cards, but let her not do too much with the child's gifts. Let him choose, and buy, and make ready his offerings unassisted as much as possible.

Let him get the sense of joyful GIVING rather than stressing so forcibly the fact that he is about to GET many things. If you begin now the child can make many of his gifts, which will bring added joy to the Christmas season. Suggestions for gifts that a small child can make will be given in the near future. Meanwhile, let him save his allowance from one week to another until he is in a position to start his buying of gifts or materials for gifts.

Colors for Infants

By MRS. BEECKMAN

DEAR MRS. BEECKMAN:

Please settle a dispute. A says pink is the color for baby girls and blue is the color for baby boys. B says the opposite. Which is correct?

DISPUTERS.

THIS question has never been definitely settled, but A's statement is the one usually accepted. And don't you think that white is the nicest for both girls and boys?

DEAR MRS. BEECKMAN:

I am to be married Christmas week, and my fiance and I have decided that we are going to spend our honeymoon in the Adirondacks.

Could you please inform me of the proper clothing to take? We intend to take part in all the sports that are offered.

J. J.

TAKE the clothes that are appropriate for wear in winter resorts—woolen, heavy and warm. Your skating suit should have either knickerbockers or a very short skirt. The best thing for you to do is to go to a sports clothes shop or department store and have them show you the things they sell for winter wear.

DEAR MRS. BEECKMAN:

Is it correct to answer a letter as soon as it is received?

ANXIOUS.

YES, it is correct. It registers an appealing enthusiasm for an interest in the writer if you wish to do that. In this busy world it is not often that one has the time to do this, but it is exceedingly polite, and would make a letter writer happy.

Listen, World!

By ELSIE ROBINSON

LUCILLE prides herself on being different.

All through college she cultivated "radical ideas" and lived her own life. She didn't care to mix with the other young people. The popular brawl bored her to tears. She declared she "wanted to be alone and think."

Elsie Robinson

Being different was hot stuff for Lucille, in college. People used to nudge each other on the campus and say: "There goes Lucille Cameron . . . that stunning dark girl . . . she's awfully unusual . . . so different!" Which, naturally, made a big hit with Lucille. But now that she's home all that has changed. Mr. and Mrs. Cameron are conservative and sociable people. They expect their daughter to [illegible] round and act like other girls. And they are indignant and disgusted when she insists on staying by herself.

Whereupon, Lucille furiously denounces society and writes to ask:

"IS IT SUCH A CRIME TO BE DIFFERENT? HASN'T EACH PERSON A RIGHT TO LIVE ACCORDING TO THE LAW OF HIS OWN BEING . . . WITHIN DECENT LIMITS, OF COURSE?"

He has, my dear. But he must expect to pay for the privilege.

YOU CAN'T CHAIN THE FREEDOM OF THE MAVERICK AND STILL ENJOY THE CHUMMINESS OF THE CORRAL.

Most human beings are gregarious . . . like to herd together like cattle or run in packs like wolves. There's a reason for that. Safety lay in numbers, in the unprotected days. So we've learned to cling together for our common safety, common profit and common pleasure. Most of us are lost without the rest of the herd. We do not know what to do with ourselves . . . We have no resources of our own. Naturally, we look with suspicion and resentment on the person who walks by his lone. Such a person violates the traditional herd law and bruises our self esteem. We feel he disdains our little programs and thinks that he is better than we are. We're right . . . he usually does.

That's why people criticize radicals. And they must accept it like good sports . . . OR ELSE STOP BEING DIFFERENT.

IS IT WORTH WHILE? DOES BEING DIFFERENT PAY?

That depends. Some 'being different' isn't worth shucks. It's merely pesky eccentricity and is usually a play for publicity. But there is another sort of "being different" which is worth almost anything one may have to pay for it.

The Great Ones in history were always different. They did not obey mass law, nor seek mass pleasure nor commendation. BUT THEY ALWAYS HAD TO PAY THE PRICE OF LONELINESS, MISUNDERSTANDING, CRITICISM, AND OFTEN PERSECUTION FOR THEIR INDEPENDENCE.

YET, WHEN THEY WERE REALLY GREAT, THEY PAID IT WILLINGLY. THEY FACED FACTS CLEARLY . . . MADE THEIR BARGAIN WITH FATE . . . THEN STUCK TO IT.

Each one of us must decide, for himself, whether Being Different pays . . . WHETHER HE OR SHE HAS ANYTHING WORTH BEING DIFFERENT ABOUT.

Do we seek solitude in order to think great thoughts . . . in order to grow stronger, wiser, more serene? Or do we seek it because we are secretly afraid of people and because the thought of possible social failure bruises our self-esteem?

SOME SOLITARY PEOPLE ARE LIKE EAGLES, SOARING IN MAJESTIC LONELINESS, NEARER AND NEARER TO THE SUN . . .

BUT OTHERS ARE LIKE GOPHERS, BURROWING INTO THE DARK DEPTHS OF THEIR OWN COWARDICE AND CONCEIT.

Miss Olga Monks and Miss Elizabeth Rosalie Spalding Make Bows

Miss Pauline DeFriez Miss Jane Powning Miss Charlotte Hopkins

Miss Pauline DeFriez, Miss Jane Powning and Miss Charlotte Hopkins are three popular and active debutantes of the season. They are here shown as ushers at a recent charity event.

VINCENT CLUB GREETS NEW MEMBERS

ONE OF THE VINCENT CLUB'S newly-elected members was formally introduced at a tea this afternoon, given in her honor by her parents, Dr. and Mrs. George H. Monks, at their residence on Commonwealth ave. Miss Olga Monks' striking blondness was well set off by a gown of white chiffon. Miss Mary [illegible], a post debutante, was in charge of the pourers which [illegible] included Miss Antatiss Bowden, Miss Deborah Brown, Miss Kathleen Chase, Miss Rachel Coolidge, Miss Pauline DeFriez, Miss Ethel Grew, Miss Leslie Grinnell, Miss Elizabeth Hobbs, Miss Mary Lovering, Miss Grace Minot, Miss Beatrice Murray, Miss Dorothea Newman, Miss Mianne Palfrey and Miss Adrienne Segur.

THE CHARMING DAUGHTER of Mr. and Mrs. Eliot Spalding, Miss Elizabeth Rosalie Spalding, will join the ranks of the season's debutantes after making her formal bow to society at the Women's Republican Club this evening. Like Miss Monks she is one of those whose popularity is evidenced by her recent election to membership in the Vincent Club. Both girls are provisional members of the Junior League. Miss Spalding has chosen to wear a dress of pale green net combined with silver. To the ushers' dinner, which is likewise taking place at the club, have been bidden Miss Sally Duchaine, Mrs. Harry B. Duane, Jr., Miss Marian Duane, Miss Barbara Eaton, Miss Marjorie Evatt, Miss Harriett Fitz, Miss Betty Fitzpatrick, Miss Frances Shea, Miss Mary Gagnon, Miss Dorothy Hall, Miss Eleanor Holton, Miss Rosamond Holton, Miss Elizabeth Hobbs, Miss Elizabeth Mitchell, Miss Nancy Morison, Miss Barbara Proctor, Mr. and Mrs. Francis B. Crane (Mary Allen) of Needham and Mr. and Mrs. William Jenney of Dedham.

MISS SPALDING HAS AS her house guests, Miss Marian Blinn of Philadelphia, Miss Betty Miller of Hartford, Ct. and Miss Jeanne Kann of New York, who are all, needless to say, to attend the dinner, as well as the usher group, headed by Eliot Spalding, a cousin of the youthful hostess, which is made up of George C[illegible], Henry Cunningham, Harry B. Duane, Jr., Richard Edwards, Paul Wilcox Fitzpatrick, David French, John French, James L. Gagnon, Maurice Janin of Montreal, George S. Kachlin, Jr., Ross Langdon, Roland S. Lee, Edwin A. Locke, Jr., Eugene O'Dunne, William L. Shearer, Roger Spalding, Cobin B. Wheeler, Otis Whitney and George Whitney.

MRS. HENRY PARSONS KING, president of the Vincent Club, and her executive board, received the club's new members at the Hotel Somerset this morning. Plans for the annual Vincent performance this year, a musical review entitled "Vincent Virtues and Vices" were talked over. The chief business of the day, however, was the election of a chairman to direct monthly visits to the Vincent Memorial Hospital, and to take charge of the new coterie of members. Earlier in the season 35 debutantes were admitted to this select organization, and now an additional group of 28 have received this honor—some are debs, some young matrons and three are elected to temporary membership only.

THE LIST OF NEW VINCENT CLUB members is as follows. Mrs. Richard K. Baker, Miss Deborah Brown, Mrs. Henry C. Barr of Dedham, Miss Anne Frothingham, Miss Sylvia Grinnell of Bedford, Miss Nancy Hallowell, Miss Mary Holden, Mrs. Frances Lee Higginson, Jr., Miss Margaret Lang, Miss Olga Monks, Mrs. Everett Morss, Jr., (Anne Wentworth), Miss Dorothea Newman, Miss Jean-Lamont Proctor, Miss Caroline G. Read of Cambridge, Miss Laura Robbins of Milton, Mrs. Richard D. Sears, Jr., Mrs. Alexander Shaw, of Hamilton, Miss Pauline Shaw, Miss Elizabeth Rosalie Spalding, Mrs. James R. Reynolds of Manchester, Miss Rachael Warner, Miss Katharyn Watson, Miss Margaret Wentworth of Milton, Miss Elizabeth T. Wheeler, Miss Sally Wambolt of Cambridge.

The temporary members are Miss Susan Dette of Litchfield, Conn.; Mrs. James Jackson, Jr., (Sally Pratt) of Charles River, Miss Barbara Wendell.

THE MARRIAGE OF MISS HAZEL WILLCOX, daughter of Mrs. Leslie Morgan of Binghampton, New York, and Benjamin Noble Crandall, son of Mr. and Mrs. Noble Crandall of Park ave., New York city, is announced. The ceremony took place at the Little Church Around the Corner, Friday evening, December 6, the Rev. A. E. McLaughlin officiating. Only the immediate relatives and friends were present and a small reception was held at Mayfair House. Mr. Crandall attended Howe School at Howe, Indiana. His father is a partner in the investment banking house of George H. Burr & Co. Upon his return from their wedding trip they will reside at Windsor Towers, Tudor City, N. Y.

THE OPENING OF THE FINE Arts exhibition at the Junior League rooms today was marked by a tea. The showing of the oils and water colors is to be of two weeks' duration, under the supervision of Mrs. Power Blodgett, Miss Aimee Lamb and Miss Aline Kilham. Miss Grace Nichols of Chestnut st. is having a sale at her home today of things sent her from France by Madame Jules Jusserand. Les Veuves et Les Orpheline de la Guerre are to be the beneficiaries. Many prominent matrons are sponsoring this affair.

Betty Alden

Women's Club Notes

STATE HOUSE WOMEN'S CLUB

Lloyd A. Foye, secretary of the state board of retirement, will be the principal speaker at the monthly meeting of the club tonight at the Twentieth Century Club, Joy st. The retirement system will be outlined and discussed by the speaker with a question period to follow.

State Treasurer John W. Haigis and Dr. Clarence Scammon, both members of the retirement board, are the specially invited guests. The program is in charge of Mrs. Elizabeth F. Moloney, also a member of the board.

TUCKERMAN SCHOOL ASSOCIATION

A rummage sale, in charge of Mrs. E. Roscoe McAtee of Cambridge as general chairman, is scheduled for March 6, 1930, at Horticultural Hall. While a bit still in advance the association is making every effort to swell the proceeds to such a total as to eclipse every other past attempt.

The school, a normal school of religion trains parish assistants and directors of religious education. It is supported largely by voluntary contributions though it has a small endowment fund, the latter the association is keenly desirous of increasing.

The rummage sale committee consists of Mrs. Katherine S. Langmaid, president, Miss Greta Sundholm, vice-president; Margaret C. Burrage, director, Claire E. Honors, treasurer, and Helen J. Destemps, secretary.

All rummage should be sent to the Second Church, Beacon st. and Audubon rd., the committee announces, at the same time, appealing to every interested person to set aside rummage that may be used in the sale.

WOMEN'S DEM. CLUB OF MASS.

Arrangements have been completed for the first of a series of bridge and whist parties, to be held at the Elks' Hotel tomorrow under the direction of the following women: Mrs. Mary L. Butters, general chairman; Lena McGilley, secretary; Mrs. Mary Goodwin Murphy, treasurer, Mrs. Delia Lynch, publicity, Mary G. Healy, bridge; Mrs. Agnes Fay, prizes; and Mrs. Mary J. Riley, Mrs. J. W. Donohue, M. Adelaide English, Gertrude R. Scott and Mrs. Mary Gill.

LADIES' UNITY CLUB

The regular monthly meeting will be held tomorrow at 11 a. m. at the club rooms, Bartlett st. Roxbury. The directors are to meet at 10 a. m. At noon there will be a luncheon with Mrs. A. F. Julin as hostess for the day.

In the absense of Dr. Mary Ropes Lakeman, president of the club, the gavel will be handled by Miss Mary L. Guyton, vice-president. Music will be furnished under the direction of Miss Eleanor Macdonald of the insurance department; other arrangements have been handled by May F. Fillebrown and Mrs. Alice B. Harrington. Under the leadership of Anna Flynn, a membership drive is under way.

ROCKPORT WOMAN'S CLUB

The law that women should know these days for their own protection and that of their rights and property was discussed by Mrs. Emma Fall Schofield, assistant attorney-general of Massachusetts at the meeting today of the club, presided over by the president, Mrs. Sumner Y. Wheeler.

She told the women they ought to be glad of the era in which they live, as under present-day law, woman is entitled to more rights and privileges than ever before in the history of her being.

From being man's chattel, she has graduated into a woman, independent and capable and competent, a person with rights under the law and the right to execute such rights.

Woman can make her own will, she can make contracts and enter into them. She is entitled to her own earnings. And she is entitled to such support, under the marriage laws, that will keep her in the style and manner to which she is accustomed during married bliss.

Current events were discussed by Mrs. Francis L. Spirakowsky and a Christmas book review was given by Mrs. Richard H. Recchia. Mrs. Frances Mayer Carter spoke on Child Welfare in Massachusetts, with a view to stimulating greater interest among clubwomen in the work done by the Children's Commission and the recommendations made by that commission. Mrs. Marion J. Cooney was hostess.

ST. VINCENT'S GUILD

Mrs. Robert Triggs, president, announces that on Friday, Dec. 13 the Guild's board of directors will sponsor a matinee bridge and whist which will take place at the League House, Arlington st. Proceeds, of course, for the charitable cause supported and maintained by the Guild.

Ask Bigger Fund for Work Women Probe

Washington, Dec. 9 (AP)—A study of the effect of speed on the [illegible] is urged by Mary And[illegible], director of the women's bureau, in her annual report.

She asked an increased appropriation for this and other special studies, saying that the bureau's "work was seriously retarded" by lack of funds.

FEDERATION TO RECEIVE CITY FLAG

A PUBLIC HEALTH DAY is announced by the Boston City Federation for December 20, in the auditorium of the Young Women's Christian Association, Clarendon st.

A feature of the program is to be the presentation of the city flag, a gift of Mayor Nichols and the acceptance of it by Mrs. Carl Watson, president of the Federation. It is a most unusual honor accorded the City Federation, since the city flag of Boston presented to the organization stamps it as perhaps most representative of city activities.

The City Federation, incidentally, is part of the sixth district, of which Mrs. William J. McDonald is director, and of the State Federation of Women's Clubs, of which Mrs. Azel A. Packard is state president.

The Public Health Day exercises, chairmanned by Mrs. William E. Chenery, will open at 10.30, and this part of the program is marked "business." At 11 a. m., Dr. Charles F. Wilinsky, director of the Beth Israel Hospital, will speak on "Boston's Public Health Services." He will be followed by Ernst Hermann, director of the Sargent School, Boston University, who will talk on "Posture in Relation to Health." There will be a demonstration by living models.

Promptly at noon Mayor Nichols will tell of the four years' health program in the city of Boston, after which he will present the city flag to Mrs. Watson.

Through the mayor's courtesy the club women will be personally escorted to the City Hospital, where as guests of the city's chief executive luncheon will be served, after which an opportunity will be given for the guests to inspect the kitchens and the new wings of the City Hospital.

The clubwomen expect to visit the new million dollar sanatorium at Mattapan, and if time permits to snatch a few minutes' glimpse of the Roxbury Health Unit and the City Gymnasium.

Assisting Mrs. Chenery in the [illegible] program [illegible] Mrs. Harry B. Burley, Mary Clare, Dr. Grace E. Cross, Mrs. James T. Cutler, Mrs. Alexander S. Begg, vice-chairman of the public health committee; Mrs. Thomas W. De Ware, Naomi Hewitt, Mrs. Grace L. Mayberry and Mrs. Marcellus Reeves, all members of the committee.

MASS. LEAGUE OF WOMEN VOTERS

The committee of sponsors for the School of Politics, to be held on foreign affairs under the auspices of the league at the Commander Hotel in Cambridge, Jan. 21, 22 and 23, was announced today by Mrs. True Worthy White, chairman of political education, under whose direction the program is being arranged.

The committee includes: Sir Herbert Ames, Mrs. Henry Randolph Brigham, Roland W. Boyden, Miss Bernice V. Brown, Miss Ada Louise Comstock, Miss Frances Curtis, Mrs. Walter E. Dewey, Mrs. William Healy, Mrs. Samuel A. Eliot, Conrad Hobbs, Henry Wyman Holmes, Manley O. Hudson, Mrs. Lewis Jerome Johnson, Mrs. Edward Caldwell Moore, Miss Ruth Morgan, Mrs. Charles Peabody, Raymond T. Rich, Mrs. Francis B. Sayre, Jeremiah Smith, Miss Sarah Wambaugh and George Grafton Wilson.

BROOKLINE CHILDREN

Educational plays for Brookline children will soon appear again when the Mother Goose Players deposit themselves and their scenery at Whitney Hall for the first performance on Dec. 28 and the next on the 13th. Cinderella with all her book fantasy and sparkle will appear in person for the children during the Yuletide holidays. Helen S. Solk, writing us about the plays, calls them part of an educational movement in Brookline.

Versatile Careers for New Wool Frocks

WOOL frocks are down to business in a [illegible] manner! Like all modern fashionables they now find time to divide their attention [illegible] between sporting events in the country and an engaging career of some sort in town. Thus it happens that any day, from 9 to 5, one finds these very wool frocks lending their tailored femininity to the progress of modern business.

Aside from its [illegible] enviable chic the thin woolen frock has no equal for all around daytime practicality. Its charm lies mainly in the fact that it is adaptable to individual taste and is so moderately priced. Even the most limited budget finds no difficulty in including several of these. For the business woman they are perfect choice.

LINGERIE touches at lovely lines of the new silhouette feature the majority of the newest models. Tweed in the sheerest of textures is an outstanding favorite, with sheer crepes, jersey, covert and novelty weaves proving [illegible]. It would be a task to go into a detailed description of the [illegible] and trends the wool frocks assume. Instead, three representative models have been sketched here for study.

Patou is one of the foremost couturiers to sponsor the wool frock which follows the new lines of the [illegible]. He has cleverly [illegible] to achieve a princess line on a jersey frock. A tab collar of white pique and a narrow belt placed at the normal waistline are the only trimming notes.

A frock which is especially suited to the more mature business woman, yet would be equally smart for a younger one, has a very interesting skirt treatment in which seaming at the hips seems to swirl into the drape at one side. A white pique vest, flared cuffs and a bow enhance the feminine feeling of the whole frock.

A BRISK young person entering the door, who quite possibly may be in search of a career, ought to be a success on the strength of her costume alone. Her frock is a copy of a costume by Goupy and is fashioned in a nubby tweed. Clever cut emphasizes the higher waistline and the long flaring line. A little scarf and beret of the tweed complete the outfit in an individual way.

Colorful tweeds are so plentiful that the faithful black and white gains attention by sheer contrast for sports and business wear.

Novel Handles on Smartest Handbags

NOT so much what it's made of but how it is handled is the important thing about the new handbag. These two show handles that are new and different. One carries a simulated lipstick at the end of a gold serpentine piece. The other has a bracelet handle that looks exactly like the clever wooden jewelry that is so effective this season.

The bracelet is made in the same fashion as this type of ornament, too, for the wood and metal pieces are strung on elastic.

Veterans Honor National Chaplain

Rev. Wallace Hayes, national chaplain of the Veterans of Foreign Wars, was tendered a complimentary dinner attended by more than 300 veterans and friends at the Elks Hotel, under the auspices of Gordon E. Denton Post, V. F. W., of which Chaplain Hayes is a member.

The speakers praised the chaplain for his devoted service to the organization. His work on behalf of the veterans in hospitals who do not receive compensation was commended and his proposal to have various V. F. W. posts "adopt" certain veterans in that group was indorsed.

Yale Men Plan to Enter Business

New Haven, Dec. 9—Reports from 486 Yale seniors on their plans for work after graduation showed that 53 per cent of those in the academic department and 67 per cent of those in Sheffield Scientific school plan to enter business, according to figures compiled by A. B. Crawford, director of the personnel department. Reports were filed by two-thirds of the class.

To Hear Report on Personnel Study

The regular Tuesday luncheon arranged by the Massachusetts Civic League will be held at 12.30 p. m. at the Twentieth Century Club, Joy st.

The work and problems of the two special recess commissions appointed during the last legislature to study personnel problems will form the basis for the discussion. Hon. Henry Parkman, Jr., chairman of the special commission to study county salaries will be one of the speakers.

THE LIFE OF
MARY BAKER EDDY
Discoverer and Founder of Christian Science
by Sibyl Wilbur
AN AUTHENTIC BIOGRAPHY

Mrs. Eddy's life is here depicted with illuminating clearness. The author, carefully avoiding invention, has presented the facts in a refreshing manner. Miss Wilbur was not a Christian Scientist when she wrote this biography for publication in a magazine of general circulation.

Published by The Christian Science Publishing Society, Boston, U. S. A.

FAITH IN NEW ENGLAND IS POPULAR

By FRANK H. MELOON
Financial Editor

"Have faith in Massachusetts" urged President Coolidge. Since that now famous plea was uttered the slogan has been extended popularly to "Have faith in New England." Perhaps this can be taken as a local paraphrase of "Don't be a bear on the United States." President Frank D. Comerford of the New England Power Association is the latest to declare: "We have complete faith in the future of New England."

* * *

The corporations spending millions for New England business expansion are evincing their faith in the future of this section in the most convincing way.

* * *

Financial reviewers have seized on the drouth of last summer and certain other figures as a center ing argument that hydro-electric plants are "doomed." The New England Power Association is building one of the largest such plants in America, president Comerford

FRANK D. COMERFORD

points out. The latest hydro-electric earnings figures which have come to our department were from Maine, and showed 1929 earnings to date above those for the like period of the previous year.

* * *

Swift & Co., long on the Boston Stock Exchange, today joins the ranks of leading industrials proposing a splitup of stock. President Louis F. Swift, in a letter just sent to stockholders, says: "A wider distribution of Swift & Co. shares is desirable in the interest of the company. In the judgment of the board of directors. This distribution can best be obtained if the capital stock is represented by a larger number of shares of a lower par value, making the stock more available to the smaller investor, including the company's customers and employes, as well as the consumers of the company's products.

* * *

"Your board of directors has therefore voted to recommend to the shareholders that each share of the present capital stock of $100 par value be exchanged for 4 shares of $25 par value, leaving the company's capitalization as at present, $150,000,000.

* * *

"In addition to its paid-up capital of $150,000,000, your company has accumulated surplus of over $[illegible],000,000, giving the new [illegible] book value of approximately [illegible] a share for the 6,000,000 [illegible] proposed to be issued. This [illegible] not include anything for Good Will."

* * *

"The recommendation of the directors will be submitted to the shareholders for approval at the annual meeting of shareholders of Swift & Co., to be held at the general offices of the company at the Union Stock Yards, Chicago, Ill. on Thursday, January 9, 1930, for which formal notice is enclosed."

* * *

President Swift adds: "A dividend of fifty cents a share quarterly will be paid on the new [illegible]. This will be the equivalent of the present dividend of two dollars a share quarterly."

* * *

The Advertising Club of Boston, at its regular weekly luncheon Tuesday, December 10, at the Hotel Statler, will be addressed by Osborn Fort Hevener, publicity director of the Bank of America, New York city. Mr. Hevener's theme will be financial advertising and how the commercial advertising man can profit from it. Mr. Hevener, while one of the youngest financial advertising men in New York city was for several years associated with the Equitable Trust Company as associate publicity director, and five years ago became publicity director of the Bank of America which recently acquired the investment banking house of Blair & Co. and is now known as the Bancamerica-Blair Corporation.

Grain Firm Head Dies

George W. Eddy, retired president of C. F. & G. W. Eddy, Boston grain merchants, died at his home, Bigelow rd., West Newton in his 67th year. He was at one time a director of the Boston Chamber of Commerce and for many years a director of the Maritime Asociation.

MOTOR SHARES ARE FAVORED IN WALL ST.

New York, Dec. 9. Stocks ascended over a broad list in New York Stock Exchange trading today. Buying was inspired by favorable trade reports over the week end, and warnings that a technical reaction was overdue were largely disregarded.

With rumors of a four for one splitup of its stock flying thick and fast through the financial district United States Steel for a time led another run-away market, in heavy turnover.

BUSINESS IMPROVES.

The steadily improving position of American business and industry combined with the growing confidence of investors and speculators in security values, were reflected in heavy buying demand for stocks of all kinds in the forenoon trading.

The "country was heard from" in the shape of buying orders, but professionals in Wall Street dominated the market and covering of shorts was perhaps the biggest factor in the breaking out of the speculative rash today.

Wall Street heard that the finance committee of U. S. Steel Corporation, at its meeting tomorrow would recommend a 4-for-1 splitup of the stock, with a $2 annual dividend for the new shares. Confirmation was lacking, but the rumors were a great help to the bulls back of the upward move in steel. Bethlehem, Vanadium, American Steel Foundries and other steel shares were active and firm.

Anaconda's further recovery gave the lie to the bears who have been predictin ga slash in copper metal prices in the last few weeks.

MOTORS SELL UP

A better outlook in the motor car industry in the motor show period carried enthusiastic buying demand into the automobile stocks today. Auburn Motor soon jumped 32 points to 216, as the leader in the high-price division. Nash was a favorite, jumping 6 points to 59¾, while General Motors advanced [illegible] points to 44½ and Chrysler 2 to 38. Briggs and Yellow Truck sold up 2.

The move in the utilities was blocked by a tremendous wave of profit taking, which forced on the market thousands of shares of American and Foreign Power, American Waterworks and other active utility issues, the selling of which prevented further advances by these or other utility leaders.

Stock sales in the fourth hour were at the rate of 5,000,000 shares for the full session, but the pace of the market eased off a trifle, allowing the tickers to make up their lost time. Tremendous [illegible] in the market, with moderate price changes, was taken as evidence that the bankers were unloading stock purchased in the November crash but of that there was [illegible] evidence. The pools in Columbia Graphophone, Radio, etc., let down the bars and prices eased off 1 to 4 points.

General Electric lost its position in the limelight and the new stock made no effort to shine. The stock sold around 63, equivilent to 25[illegible] for the old stock, which was about 8 points above its actual quotation at the time. Westinghouse slipped off 6 points to 152 and rallied to 156. Railroad stocks and oils were again the laggards, but most of the mercantile or "store" stocks reached higher price levels.

Call money was unchanged at 46 per cent.

RETAIL TRADE UNAFFECTED

Washington, Dec. 9 (INS)—The stock market blow-up apparently had no effect on retail trade in November when total sales of 52[illegible] reporting stores were one per cent higher than in the same month of 1928, the federal reserve board announced today.

Of the reporting stores 241 showed heavier sales and 281 decreases. In connection with the gain over 1928 officials pointed out that retail sales in the closing months of that year were at record levels.

In the Kansas City reserve district there was an increase in retail sales of nearly 7 per cent, seventeen out of twenty-four stores having enjoyed better business. In the Atlanta district there was a drop of 5 per cent with eight stores showing more trade and twenty decreases.

Total increases were 4.6 per cent in the San Francisco district, 2.6 per cent in the Dallas district, and 4.7 per cent in the Richmond district. decreases by districts were: Boston 0.4 per cent, New York 0.6 per cent, Philadelphia 1.4 per cent, Cleveland 0.1 per cent, Chicago 0.1 per cent, St. Louis 0.5 per cent, Minneapolis 1.3 per cent.

Foreign Exchanges

New York, Dec. 9 (INS)—Foreign exchanges today were:

	Demand	Cables
Sterling	[illegible]	$4.88 3-16
France	3.93 7-16	3.93¾
Lira	5.23¼	5.23⅜

Stock Buying Looms From Two Sources; Radio Demand Booms

—By B. C. FORBES—

NEW YORK, Dec. 9—Buying orders for stocks loom ahead from two classes.

Not a few persons have held aloof in the expectation that quotations would go to still lower levels than any yet reached. Then there are many prospective buyers, timid souls who have been waiting to make sure that the storm was over before they invested their funds.

B. C. Forbes

It is hardly conceivable that good stocks will lose all the ground they have recovered from their bottom prices, such recoveries having in many instances ranged from 20 to 50 per cent. So the prospect is that before long genuine investment buying will make its appearance in considerable volume. Such buying will not be for the purpose of making a quick profit, but for long-hold investment. A modest amount of public buying was occasionally in evidence this week.

All of which does not imply for a moment that the market may not experience spells of more or less acute irregularity, spells calculated to make thin-margin buyers acutely uncomfortable. The writer frequently declared, during the bull movement, that it was a better market for speculators than for outright investors. It is now a market for real investors.

• • •

I am told that John D. Rockefeller, just before he left for Florida this week, wanted an electrician to do some work and received the reply: "I am sorry I won't be able to do it, because I am just leaving for a month's cruise in the South."

• • •

Financial and business leaders from other parts of the country tell me that the moment they strike New York they encounter nothing but pessimism. Conditions back home, they declare, don't warrant any such indigo attitude. John B. Miller, chairman of Southern California Edison; Martin J. Insull, Chicago utility magnate; Herbert Fleishhaker, leading San Francisco banker, are among those who have had this experience within the last few days.

Mr. Miller states that his company has added 35,000 new consumers using 365,000 horsepower and that next year's budget has been increased more than 30 per cent over this year's. Christmas buying of electric ranges, refrigerators, washing machines, ironers and similar household appliances has been breaking all records. "Our forecasts of new business revenue for 1929 will be exceeded in virtually every instance and makes certain an increase of more than 10 per cent in 1930 gross revenues," he declares. He wants to know therefore, why he should feel blue—especially as money for planned expansion can now be raised at less cost, and actual income on personal investments has increased, not decreased, since the trouble started in Wall Street.

Increased dividends continue to be declared almost daily by industrial, utility or railway companies.

• • •

Business men and stockholders are always keenly interested in the volume of unfilled orders on hand. Mr. Coolidge booked so many writing orders that he hasn't accepted a single new order since last April. To all requests, he tells me he has replied that he "didn't wish to write any more."

Will some giant corporation or institution succeed before long in engaging the nation's only unattached ex-President? Mr. Taft already has a lifetime job. Any organization or institution landing Calvin Coolidge as its head would assuredly inspire confidence in its conservatism.

• • •

I understand that leading radio manufacturers are swamped with holiday business, exceeding all expectations. Atwater Kent, it is said, has had a sell-out, while Grigsby-Grunow wire me that "sales to consumers are running double present rate of production" and that more than the entire year's dividend was earned in the last six months. Apparently the panic hasn't spoiled the radio business.

• • •

A note from George B. Everitt, president of Montgomery Ward: "I am very glad to tell you that we expect to go ahead with our expansion program and to open additional stores in our retail chain. Our eleven months' sales, $255,731,305, are 27.61 per cent ahead of a year ago."

• • •

The two bills introduced in the House at Washington to kill marginal trading should be killed. If politicians begin forbidding buying things except for spot cash, maybe they will by and by proceed to include other things besides securities. How many people pay spot cash when they buy a home? Marginal buying certainly has its dangers, but the legislative "cure" proposed would prove more disastrous to national prosperity than the disease.

Copyright, 1929, by B. C. Forbes

INVESTMENT TRUSTS CASH $14,000,000

Net cash earnings of United Founders' Corporation for the fiscal period ended November 30 were approximately $3.35 per share on the average number of shares outstanding. In addition the corporation has an equity in the undistributed consolidated cash earnings of American Founders Corporation and those of Investment Trust Associates, totaling approximately $1.75 per share, so that on this basis the earnings for the fiscal period were $5.10 per share on the average number of shares outstanding.

If the value of stock dividends received by the corporation during the period is added, taken at present market quotations, the total is in excess of $8 per share.

These earnings are in excess of earlier estimates made in November at the time the stock of United Founders' Corporation was placed on a dividend basis.

United Founders' Corporation was organized in February, 1926, with initial capital of $25,000,000. Present resources exceed $250,000,000, of which $14,000,000 is in cash. The company has no outstanding debentures or preferred shares, and has no loans. The common shares were recently placed on a dividend basis of one-seventieth of a share per quarter, amounting to 5.71 per cent annually. The corporation now has approximately 55,000 stockholders.

During the recent severe decline in security markets, the shares of the company were among the very few in the holding and investment company group, organized since the beginning of 1929, which did not at any time decline to the price at which the stock originally appeared on the market.

The corporation holds among other investments substantial interests in the following:

American Founders Corporation, which, with its subsidiary investment companies has resources exceeding $250,000,000.

United States Electric Power Corporation whose resources exceed $20,000,000.

The Public Utility Holding Corporation of America whose resources exceed $50,000,000.

United National Corporation and controlled companies which have consolidated resources exceeding $25,000,000.

Investment Trust Associates whose resources exceed $17,000,000.

Since the close of the fiscal period an extra cash dividend of $1 has been declared on American Founders common stock (old shares) and 25 cents on United National Corporation participating preference stock, in both of which United Founders Corporation has holdings.

Estimated earnings of Investment Trust Associates, whose shares were quoted at $20 when it became a public company a year ago, are $10 per share on the average number of shares outstanding during the year ended Nov. 30. The book value is approximately $29 per share.

OFFERINGS ARE HIGHER

New York, Dec. 9—Offerings of new securities, including rights to stockholders, in the ten months to November 1 totalled $10,520,500,000, against $9,984,100,000 for the full year, 1928, and $9,072,300,000 in 1927, according to figures compiled by the Standard Statistics Company of New York. The figures for 1926, 1925 and 1924 are 6.5 billion, 6.1 billion and 4.8 billion.

Analysis of those figures reveals that the greatest growth has been in the so-called non-productive financing, which is defined as that of banks, holding companies and investment trusts.

Non-productive financing for the ten months of the current year totalled $4,644,500,000, compared with $2,522,100,000 for all of 1928. Productive financing on the other hand has decreased in volume, the ten months' figures being $5,579,300,000, against $6,046,000,000 for 1928. Foreign financing has shown a material falling off. The ten months' aggregate was only $296,700,000, against $1,416,000,000 in 1928.

The 1929 total offerings are made upon the following: Common stocks, $5,683,400,000; preferred stocks, $1,881,100,000; and bonds, $2,956,000,000.

50 Active Stocks in Chicago Higher

The fifty most active stocks traded on the Chicago Stock Exchange during the week ended December 7 had a market value of $2,231,308,437 at the close of business Saturday, as compared with $2,130,622,065 at the close of the previous week, according to a compilation by Lage & Co., members of the New York and Chicago Stock Exchanges. This represents an increase of $100,686,372 or 4.72 per cent.

Lage & Co.'s analysis shows that 23 of these stocks were listed and traded in last year. These stocks had a market value of $360,146,810 Saturday, as compared with $351,152,933 on December 8, 1928, an increase of $8,993,866 or 2.56 per cent.

Security Insurance to Split Its Shares

Hartford, Dec. 9—Stockholders of Security Insurance Co. of New Haven will vote Dec. 23 on reducing par to $10 from $25 and exchange of shares 2½ for one, effective Feb. 2.

POPULAR CURB SHARES KEEP MOVING UP

By CLAUDE A. JAGGER

New York, Dec. 9 (AP)—Operators from the advance struggled with frequent cross currents of profit-taking on the curb market today, but despite interruptions, were able to keep most of the popular shares headed higher.

Price trends, however, were irregular and confusing, and changes were for the most part narrow.

Swift & Co was stimulated by announcement over the week-end of the five-for-one splitup.

The old stock, selling ex the $2 quarterly dividend, touched 140 during the morning, a net gain of six points and within less than 10 points of its 1929 high. The new stock was admitted to trading at 12:00 p. m. and traded initially at 31¼.

Utilities were firm during the early trading, but encountered considerable selling around midday. Pressure against Electric Bond and Share was somewhat unsettling. It touched 94 in the early trading, a net gain of nearly a point, but it then sagged close to 90. Profit taking on last week's gain of more than 15 points, however, was considered a natural development.

American Gas and Electric, American and Foreign Power Warrants and Middle West utilities, were among shares to make moderate headway. Standard Power surged up five points in a few sales.

The aluminum stocks were buoyant features of the industrials. Aluminum Co. rose 24 points, slipped back 9 from the top, then jumped to 316, up 26 points. Aluminum, Ltd., also made wide gains.

Fox Theatres A rallied further under the reassuring news of the trusteeship participated in by the American Telephone and Halsey Stuart. American Cyanamid "B" was in good demand. Tubize slipped back several points.

Gulf was a strong spot of the oils rising about 10 points. Vacuum and Indiana were firm. Cities Service moved within a narrow range.

In the mines, Newmont gained about 5 points, then reacted moderately. Investment trusts were rather dull. Transamerica and Lehman Corp. were fairly firm, while Shenandoah issues eased.

DIRECTORS ARE NAMED

Announcement was made that J. H. Manning, president of the Stone & Webster Engineering Corp. and G. H. Clifford, president of the Stone & Webster Service Corp., have been elected to the board of directors of Stone & Webster, Inc. The latter company controls the engineering and service corporations through stock ownership.

Mr. Manning has been with the Stone & Webster organization since 1910, and many of its important undertakings such as the construction of the Conowingo Dam for the Philadelphia Electric Power Company have been under his direction. Mr. Clifford has also been identified with Stone & Webster for many years.

The board of directors also includes Charles A. Stone, Edwin S. Webster, Albert H. Wiggin, Herbert L. Pratt, Eliot Wadsworth, Joseph P. Grace, Henry G. Bradlee, George O. Muhlfeld, F. Higginson Cabot, Jr., Bayard F. Pope, W. Cameron Forbes, Harry H. Hunt, Thomas N. Perkins, Russell Robb, Henry B. Sawyer, Whitney Stone and Edwin S. Webster, Jr.

Food Products to Split Five for One

Fred Fear & Co. (manufacturers of food products) will split-up common on basis of five shares for each share held January 1, 1930. Regular quarterly dividend of 2 per cent on common was declared, payable December 15.

West Point Earns More for the Year

Net profit of West Point Manufacturing Co. of $1,093,846 for the 1929 fiscal year is equal to $15.19 per share on 72,000 shares of common stock against $6.36 per share in 1928 and $20.06 per share in 1927.

Machinery for Road Building in Demand

Directors of Foote Bros.' Gear & Machine Co. have declared the regular quarterly dividend of $1.75 a share on the preferred stock and 30 cents a share on the common, both payable January 2 to stockholders of record December 20.

W. C. Davis, president of the corporation, said that orders for road-building machinery had been booked in volume to keep the plant operating at full capacity for more than four months.

Extra Dividend

British American Oil Co. declared an extra dividend of 50 cents and regular quarterly of 25 cents, both payable Jan. 1.

EASTERN GAS PLANS BIG EXPANSION

Eastern Gas & Fuel Associates' building program for the coming year involves the expenditure of over $4,000,000. Other plans under consideration may increase this expenditure to a total of over $7,000,000.

Work now under construction in Boston in connection with the Everett plant of the New England Fuel & Transportation Co. and Boston Consolidated Gas Co., and in Connecticut in connection with the Connecticut Coke Co., calls for an expenditure of $4,000,000, mainly in connection with two batteries of Becker type by-product coke ovens at Everett expected to be put in operation during the summer of 1930. These ovens will coke annually 800,000 tons of coal and produce 400,000 tons of coke, 6,000,000 gallons of tar and 4,700,000,000 cubic feet of gas.

The estimated amount involved for the extension of mains, etc. in connection with the business of the Boston Consolidated Gas Co. is approximately $500,000. Several distributing yards for domestic coke and coal are under construction to enlarge the facilities for the sale and economical distribution of household fuel and for the convenience of dealers distributing this fuel.

The Old Colony Gas Co., in which a controlling interest has recently been acquired, has plans for main extensions and plant equipment which will involve expenditure of close to $200,000. This company has recently extended its service to include Nantasket Beach and Hull.

Other plans for the installation of blast furnace gas cleaning equipment for the Mystic Iron Co., and improvements for extension of the business of Eastern Gas & Fuel Associates' subsidiaries, amounting to approximately $3,000,000, are under serious consideration and action is expected to be taken on these matters early in 1930.

Earnings of the various subsidiaries of Eastern Gas & Fuel Associates since the latter have acquired control, have justified all preliminary estimates.

PENNEY SALES UP 26 P. C.

New York, Dec. 9 (AP)—November sales of the J. C. Penney Co., department store chain, amounted to $24,405,975, an increase of 26.9 per cent over the sales for November of last year.

Directors of the United Stores Corporation have extended until Jan. 15 its offer to exchange its stock for the Class "A" and common stock of the Tobacco Products Corporation, dividend certificates "A," "B" and "C" of the Tobacco Products Corp., and United Cigar Stores Co. common stock.

Stockholders of the M. A. Hanna Co., Cleveland coal and iron producers, will vote on December 20 on a plan to pay off the unpaid dividends on the 7 per cent first preferred stock through cash payment of $21.50, or by issuing 200,000 shares of new $7 cumulative preferred stock, which would supercede the present issue and which will be exchanged share-for-share for the present stock. A stock payment of 27-100th of a share is proposed in payment of accrued dividends.

An order for 20 locomotives has been received by the Baldwin Locomotive works from the Chicago, Burlington & Quincy railroad.

National Standard Profits Up 28 P. C.

Chicago, Dec. 9—Operating profit of the National Standard Company increased 28 per cent in the fiscal year just closed, it will be revealed in the annual report to the be presented to stockholders at the annual meeting December 20. Net income after depreciation, taxes and other charges amounted to $776,023 or $5.17 a share on the 150,000 shares of capital stock in the year ended Sept. 30, 1929, compared with $600,912 or $4 a share in the preceding fiscal year.

Associated Gas Is Extending Rights

Associated Gas & Electric Co. announces the $8 interest bearing allotment certificates subscription rights traded in on securities market of New York Produce Exchange scheduled to expire Dec. 16, will be extended. New expiration date will be fixed at a meeting of executive committee.

Rayon Yarns Price Cut Rumor Denied

S. A. Salvage, president of Viscose Co., denying rumors of price cut on rayon yarns, says: "I can see no foundation for such rumors." He advised buyers to make calculations "on at least the present level of prices."

Stock Exchange Will Dine 108 Workers Serving 25 Years

New York, Dec. 9 (AP)—The New York Stock Exchange on December 11 will give a dinner to 108 of its employes who have served for 25 years and who are still on the payroll or retirement list. Of the total number of these veterans, 81 are actively employed and [illegible] are retired.

THE WORLD OF FINANCE

PROFIT-TAKING IS EVIDENT IN BOND MARKET

By JOHN L. COOLEY

New York, Dec. 9 (AP)—Reduction in the volume of buying orders was accompanied by slight irregularity in the prices of bonds today. renewed at 4½ per cent again, but was of a minor nature, and the dullness that characterized the early trading was attributable to a temporary slackening in inquiry.

Banks and corporations, which have been large customers in the last fortnight, are now showing less interest and it is apparent that the list has reached a level beyond which these purchasers do not care to bid, at least for the present. The municipal market has been offering lively competition to listed obligations and there has also been some switching of funds to stocks.

Time money rates stiffened, quoted 4¾ to 5 per cent for all maturities against 4½ to 4¾ last week. Demand for funds was reported to be increasing. Call loans renewed at 4 per cent again but the tone was firmer as the holiday requirements became more pressing.

Prices fluctuated in small fractions, on the whole, although a few of the inactive low coupon rails made wider gains on small transactions. Delaware & Hudson 5s, Indiana Illinois Central first 3½s, Illinois & Iowa 4s and Western Pacific first 5s rose 1 to more than 2 points.

Announcement that the Treasury had closed the subscription on the forthcoming issue of 3½ per cent certificates suggested that the usual oversubscription for such securities would be large.

The market has taken the low interest rate as a decidedly favorable portent, as it is pointed out that the Treasury usually gauges the tone of the money market with great accuracy. Listed U. S. government obligations were inactive and slightly lower today.

Harriman National Gives Stock Melon

Stockholders of Harriman National Bank will vote Jan. 14 on proposal of directors to declare a stock dividend of 33⅓ per cent and increase outstanding capital stock from 15,000 to 20,000 shares of $100 par. In addition, $1,000,000 will be transferred from undivided profits to capital surplus account, to bring that up to $2,000,000, equal to the capital.

Assets of the bank March 27, 1929, were $17,757,179. If dividend is approved, non-dividend paying scrip will be issued, at date to be decided. Current price of Harriman shares is $1675@1825.

Professionals Lose Fighting the Trend

New York, Dec. 9—Despite the old axiom that one never got rich "fighting a market trend," most of the professionals on the floor of the Stock Exchange have been doing that very thing and now find themselves with 5 to 25-point losses staring them in the face. They entirely misjudged ability of market to make such vigorous recovery as it has achieved, particularly in the last week.

Hairpin Makers Adding to Plant

Chicago, Dec. 9—The Hump Hairpin Manufacturing Company, division of the Chain Store Products Corporation, plans the construction of an addition to its plant in Chicago to provide more manufacturing facilities, according to Sol H. Goldberg, president of the parent company. The company has purchased a parcel of land adjoining its present plant and work on the addition will be started after January 1, 1930.

Grains Are Lower in Chicago Market

OUTLOOK FOR TRADE SEEN AS BETTER

By W. S. COUSINS

New York, Dec. 9—As the year draws nearer the closing, tangible reasons for added encouragement as to the business outlook, and for a further strengthening of confidence have appeared. Less than a month after the culmination of the stock market collapse, sentiment has undergone a distinct improvement, which could scarcely have come so quickly without the impressive demonstration of the underlying solidity of the commercial structure.

The adjustments to new conditions, the recession from an unusually high scale of activity, are present now in varied form, but the supporting elements continue to have a stabilizing influence.

Supplementing the inherent soundness of trade, which has been evidenced by the absence of disorder, other factors, including definite action on Federal income tax reduction, have contributed to the constructive and reassuring forces. The weather, moreover, has been helpful recently, low temperatures over a wide area giving impetus to demand for seasonable goods, and Christmas purchases have been gaining momentum.

Industry shows variations of marked degree within the different lines. Pig iron production is tapering off rather rapidly, the decline for the month of November from that of October having been the heaviest for any month in years. Scrap metal prices have sagged slightly further also.

On the other hand, the railways have again bought freely of rails and cars, and the pace of rail mill work and the shipments of their product have been exceptionally high, despite the fact that steel mill operations as a whole, have ranged between 60 and 70 per cent, which is well below a year ago.

A new note is struck in the reports that the leading manufacturers of low-priced auomtobiles have begun work on new models, that specifications for sheets have loosened up a trifle, and that some automobile parts makers are reassembling forces for work. It is reported on good authority that December output will exceed that of November.

Wheat prices rose sharply during the past week in response to a sudden realization that world consumption is precariously near production and carryover. December contracts closed some 10 points higher than in the preceding week. Disquieting reports of a short crop in Argentine, unexpected strength at Liverpool and increased export demand contributed to the sharp upturn. The Department of Agriculture estimates world supplies for the current season to be from 300,000,000 to 350,000,000 bushels below the supplies of the 1928-29 season.

As had been foreshadowed, the monthly price index number shows another reduction. Measured by Dun's compilation of wholesale quotations, the downward trend has been continuous since August 1, although at a moderate pace. The present figure reflects an acceleration of the decline, being 1.2 per cent lower than that for November 1, but it is less than 2½ per cent under the index a year ago.

During the week sterling exchange advanced to the gold export point. A number of other European currencies rose to approximately the gold shipping level. It is likely that a heavy outward movement of gold will take place during the next few months.

BROKERS SEE MARKET CHEER

Chicago, Dec. 9—An optimistic note is struck by John Burnham & Co. in the current issue of its monthly market letter.

"Unless all signs prove themselves without worth," the letter says, "the days of acute fear and the consequences of that fear are now definitely past. The panic mood has subsided and the end of November finds the forces of reconstruction in control."

As to the present market situation this Chicago investment house states that "the market decline has provided one of the most remarkable periods for accumulation we have had in years. No one can tell as yet how long this period will endure, but it is easily safe to say that before its termination every advantage should be taken of it. Just now public confidence has been badly shaken and has not yet been fully restored, but we believe its comeback will be rapid, and, when recovery has proceeded only a little further, with it will come a broad appreciation of today's existing opportunities."

NEW LISTINGS ARE SOUGHT

New York, Dec. 9—Applications to list following are pending before the New York Stock Exchange:

Durham Hosiery Mills, 37,500 shares of no-par common B and 32,737 shares of 6 per cent preferred (par $100).

Philadelphia Inquirer Co., 109,000 shares of no-par $3 cumulative dividend convertible preference stock.

Seaboard Air Line Railway Co., $12,500,000, 6 per cent first and consolidated mortgage bonds, series A, due Sept. 1, 1945.

Seaboard Air Line Railway Co., 2,991,420 shares of no-par common.

American Bank Note Co., 59,343 additional shares of common $10 par.

Texas Corp., $1,000,000 convertible sinking fund 5 per cent debentures, due Oct. 1, 1944.

General Gas Votes on 5-for-1 Split

A special meeting of holders of class B common stock of the General Gas & Electric Corporation will be held January 6 to act on a proposal to split the class A and Class B common stock on a five-for-one basis.

For Splitup

LOUIS F. SWIFT
President of Swift & Co., who today announces plans for a four-for-one splitup of the big packing company's stock.

AT THE DIAL

By THE RADIO EDITOR

THE shortwave and television laboratory of Boston today began regular transmission of television signals from station WIXAV. This is a 500-watt station, 2000 watts peak, 100 per cent modulation, 2100 to 2200 kilocycles, 143 meters. The company's studio is located at 70 Brookline ave., Boston, and operating hours are 10 to 12 noon, 2 to 5 p. m., and 7 to 11 p. m. daily.

FAVORITE melodies from Victor Herbert, comprise the program of the Slayton-Learoyd hour from WEEI at 7:30. Helen Barr and the Slayton-Learoyd Concert Orchestra under the direction of Oscar Elgart, will present tune hits from "Princess Pat," "The Only Girl" and "Orange Blossoms."

LIBBY HOLMAN, star of "The Little Show," popular New York revue, will appear in the "Brunswick Brevities," broadcast through WBZ at 7:30. The program will open with the concert selection "Amina" by the Brunswick Concert Orchestra, followed by "Playing Gypsies," a Hungarian dance played by the Brunswick Salon Orchestra. Miss Holman will next sing the selection from "The Little Show," "Moanin Low." The Brunswick Salon Orchestra plays a special arrangement by Louis Katzman of the Hawaiian folk song "Song of the Islands," which features the steel guitar of Andy Sanella.

SOMETHING new in the way of orchestras will be heard during the Ceco Couriers broadcast from WNAC and the Columbia system at 8:30. Merle Johnston, director, assembles a baritone saxaphone, a bass saxaphone, a guitar, a muted trombone and strings. Stanley Davis, saw virtuoso, will play Oley Speaks' "Sylvia." The old favorite "Good Bye, Boys, I'm Through," will be played by the saxaphone quartet.

OSSIP GABRILOWITSCH, internationally famous pianist and conductor of the Detroit Symphony Orchestra, will make his radio debut as a piano soloist during the General Motors Family Party at 9:30 over WEEI and the NBC coast-to-coast network. He also will conduct the Detroit Symphony Orchestra in its first nation-wide broadcast. For his solo Gabrilowitsch has Schumann's Concerto in A Minor for piano and orchestra. The program of the broadcast follows: Overture to "Rosamunde," Schubert. Concerto for piano and orchestra in A minor, Schumann. Intermezzo-Andantino Grazioso, Allegro Vivace, Mr. Gabrilowitsch. Valse Triste, Sibelius. Roumanian Rhapsody No. 1, Enesco. Symphonic Poem, "Les Preludes," Liszt.

FOR THE evening in Paris broadcast, a tabloid version of the current revue at the Folies Bergere in Paris, will be presented to the radio audience tonight at 9:30 through WNAC and Columbia stations. The continuity is the work of Monsieur Paul Derval, director of the Folies Bergere. The program as received by Bourjois indicates the various musical numbers with the proper announcements in French. It introduces to America hits from the revue entitled, "Les Fleurs Ne Mentent Jamais" (Flowers Never Lie); "Vous Avez Perdu Ca Dans Un Taxi" (You Lost That In a Taxicab); "Aladin," a fox trot based on Oriental themes and used in a tableau of the fable of Aladdin And His Wonderful Lamp; "Un Couvert Pour Deux" (A Cover for Two); and "Au Revoir Paris."

GUY LOMBARDO and his orchestra, will broadcast in connection with the Robert Burns Panatela program, at ten o'clock, from station WNAC and the Columbia System. This feature, in the future will be known as the Robert Burns Panatela program—Guy Lombardo's Orchestra.

FRED DANIELS, tenor and Adele Vasa, soprano, will be the soloists during the Voice of Columbia broadcast over WNAC and the Columbia System at 10:30. Miss Vasa will sing Arditi's "Il Bacio," and Daniels presents Arne's "The Lass With the Delicate Air."

Question McCormick in $50,000,000 Fight

Santa Barbara, Cal., Dec. 9 (AP)—Cyrus H. McCormick, 70, elder brother of Stanley McCormick, multi-millionaire incompetent, may take the stand today to testify in Mrs. Katherine McCormick's suit to gain sole guardianship and control of her mentally unbalanced husband and his $50,000,000 estate.

Newton D. Baker, chief counsel for Mrs. McCormick, has announced an array of medical experts and other witnesses to substantiate Mrs. McCormick's claim that her invalid husband has shown no marked improvement under the psycho-analytical treatments of Dr. Edward J. Kempf.

Flier Hops on Tour of Latin America

Roosevelt Field, N. Y., Dec. 9 (INS)—E. L. Benway, pilot for Morgan Belmont, capitalist, took off in a Lockheed-Vega monoplane today for a tour of the Latin American countries. He expects to arrive in Mexico City Wednesday. Several Mexican officers will join him in St. Louis for the southern trip.

POWER TRUST'S HUGE LOBBY IS BARED

The Boston Evening American today publishes the first of a series of three articles by M. L. Ramsay, a Washington correspondent of Universal Service, revealing extensive lobby activities of the power trust hitherto undisclosed, along with an inside account of the grab of the country's power sites.

The first story reveals payment of \$69,000 to three lobbyists by a single power company, a national fund to pay one lobbyist made up by many power companies whose identity and contributions have not yet been disclosed, and lobby payments charged up to taxpayers and rate payers as part of the "costs" of hydro projects.

By M. L. RAMSAY

Universal Service

Copyright, 1929, by Universal Service.

Washington, Dec. 9—The inside story of 10 years of Washington lobbying by Power Trust interests in their campaign to seize and exploit the enormous hydro-electric resources of the country, was revealed today.

The cost of this lobbying has been written into the claimed "construction cost" of hydro-electric plants licensed by the federal and state governments, in an attempt to charge it up to electric consumers and taxpayers.

This attempt has been blocked, at least for the time being and insofar as the key project is concerned, by refusal of the federal power commission's accounting division and the Alabama public service commission to approve such charges.

PROBE'S REVELATIONS

These facts were disclosed in a three-year investigation by the two commissions, still in progress. Records of this investigation have been examined by Universal Service at the Montgomery and Birmingham offices of the Alabama commission. They show that:

About \$68,000 of the lobbying expense, with millions of dollars of stock alleged to be nearly all "water," was charged by the Alabama Power Company into the cost of its hydro-electric projects, notably Mitchell Dam, a project on the Coosa river in Alabama, and the first major one of its kind completed under the federal water power act of 1920.

Financing of Mitchell Dam was to be a precedent for the financing of other projects throughout the country, ultimately involving cost and value claims of at least \$1,000,000,000.

Power companies of the country made up a fund for Henry J. Pierce of New York, as a reward for his seven years' work in Washington promoting and helping to frame water power bills.

The Alabama Power Company, paying \$7000 as its share of this fund, charged this amount to the construction cost of Mitchell Dam. This cost is substantially the price the federal or state government must pay, under the water power act, to take over the plant 50 years hence. It is an important element in determining the rates consumers must pay meanwhile.

NEWCOMBE GOT \$35,186

Josiah T. Newcomb, veteran lobbyist and present head of the Washington power lobby, was paid \$35,186 to see that, after the water power act was passed, the rules and regulations drawn by the federal power commission to carry it out, were "reasonable."

The payments to Newcomb were in addition to the \$35,000 a year paid him recently by the power lobby, as disclosed by the Federal Trade Commission.

C. A. Beasley, leading lobbyist and propagandist for power company operation of Muscle Shoals, was paid \$27,268. Thomas W. Martin, Alabama Power Company president, said this was for "legal services" connected with the handling of the Mitchell Dam license application before the power commission.

DROP SECRET PAYMENTS

Since the investigation has become more searching the Alabama company has agreed to eliminate the secret payments to Newcomb and Beasley from its cost claims. On the other Newcomb payments and its share of the Pierce fund, it is standing pat.

Martin told the Alabama commission in a written and sworn statement, seeking to justify the charge, that Pierce "devoted a great deal of his time in Washington in consultation with engineers, bankers, government officials and developers in the preparation of a federal water power act.

"In the course of his efforts different bills were passed either by the House or the Senate with the ultimate approval of both houses and the President."

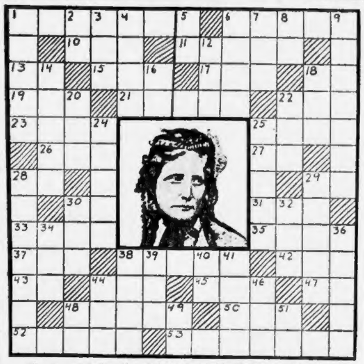
Tomorrow's article will show how lobby payments and other outlays were kept secret and padded by charging them to dummy companies. This swelled the sums the Government would have to pay to take over the power projects, and the "investment," which is an important element in fixing rates.

Craft in Hub After Long Battle at Sea

For days at a time during a battle with shrieking gales and terrific seas, the freighter Philip T. Dodge from London, was not able to go forward at all, according to her captain, S. A. Hutchinson, who brought the ship here for the annual overhaul at Simpson's, East Boston.

Two days out of London, the craft, bound for Three Rivers, Que., a port she never reached, was buffeted by such tremendous head winds that she could not make the slightest progress.

Daily Cross-Word Puzzle



We present today the photograph of 38 Horizontal, the American authoress whose novel, "Uncle Tom's Cabin," published in 1852, enjoyed tremendous popularity and has been accredited as being one of the causes of the Civil War.

HORIZONTAL.

1—What English chemist and physicist discovered magneto electricity?
8—On what river does Paris lie?

15 GIRL PILOTS AT FIRST MEET OF NEW CLUB

By GEORGE HAMBLIN

There isn't anyone who can say that the staid, sedate City of Boston trails any other municipality in New England because this city has started the first woman's flying club in this neck of the woods.

Miss Lorraine Defren of Newton realized one of her fondest dreams when 15 girls reported for the first meeting of the Woman's Flying Club of New England at Skyways reception room at the Boston airport.

Miss Defren started to take flying lessons with the old Boston Airport Corp. a couple of years ago, and was unable to make her first solo flight because of a serious illness which kept her in bed for the greater part of a year.

But while she was hors de combat, she had this idea running around in the back of her head: Why not start a flying club for girls, and put the flying members of the fair sex on an even footing with the male flying clubs?

The time was not ripe for the idea, so Lorraine let it ferment, and waited for the proper moment before springing it. Johnny Haughey, vice-president of Skyways, Inc., thought that it would be a good idea to give a girl who was so enthusiastic about flying a chance to work at the business, and so she was appointed publicity manager for the company, and also appointed to the sales force.

According to Lorraine, this gave her the opportunity to start her flying club idea, and out of the 18 eligible girl pilots or students 15 reported for the first meeting.

Miss Defren was elected president by a unanimous vote, and the meeting got under way. To prove that married women can have a place in the organization, Mrs. Mary Bacon of Brookline was elected vice-president and then Miss Olivia "Keet" Mathews, the first girl to solo on the Boston airport on skis, and who resides in Dedham, was chosen as secretary and treasurer.

Meetings will be held on the first Saturday of every month in Skyways' reception room, and tea will be served. The commercial operators will be invited to attend these later meetings, and will be fed sandwiches, cake and tea.

So far as is known, this is the first time on any airport in New England that a regular tea is in order every month. Looks as though the commercial boys will eat once a month, anyhow.

A name for the club was not chosen at this first meeting, but we are strongly in favor of the title suggested by Frank Collier, Jr., aviation editor of the Sunday Advertiser, who dubbed the club "Skymates" a week before the club was formed.

BOSTON EVENING AMERICAN

LARGEST EVENING
CIRCULATION IN NEW ENGLAND

High Wages Here to Stay

And There Is NO Reason Why New England Should Not Act, Think, Work and BUY Normally

THE GOOD NEWS that comes down from the State House and up from Washington should raise the spirits of the gloomy—if there **ARE** such—cheer the merchant and his salespeople, and lead the erstwhile apprehensive to enter into the spirit of the season.

What do we learn, and on what authority?

From the State House, that it is the intention of the industries of Massachusetts to "MAINTAIN WAGES AT THE PRESENT HIGH LEVEL."

From the White House, that Federal, State and community building-programs for 1930 will "involve the expenditure of well above $2,500,000,000, and FURNISH EMPLOYMENT TO MORE THAN 600,000 MEN."

Replies have been coming in to the questionnaire sent out by the recently organized Massachusetts Industrial Commission.

Chairman Frederick H. Payne and his associates asked for assurances that wages will be maintained at present levels.

What is the tenor of such replies as have been received?

The answer is given here in Colonel Payne's words:

> "They indicate not only an intention to maintain present rates of pay, but some go so far as to say that the policy of increasing compensation in cases of special merit will be followed.
>
> "A concern employing several hundred persons intends to run its plant at capacity over the next few months, even though it might reasonably curtail, since this is the dull period for its line of business.
>
> "All told, the replies indicate WITHOUT QUALIFICATION that industrial leaders in Massachusetts are going to do everything in their power to facilitate the movement of machinery already set in operation to prevent a serious or protracted depression in business, by MAINTAINING THE PURCHASING POWER OF THEIR EMPLOYES."

That sounds most encouraging, but it suggests a thought.

As you must have read in the Washington dispatches, **Secretary Lamont of the Department of Commerce urges upon business organizations the "NORMAL buying of materials and equipment."**

That, it seems to us, is good advice for the **INDIVIDUAL as well as the organization.**

If each of us will do his part **to keep things moving normally, if none will select this particular time to indulge in anything like the hoarding of the early days of the World War, recent occurrences in the stock market will be forgotten by the great body of our people before the snow is gone.**

Act normally. Think normally. Work normally. BUY normally!

New York Day by Day

By O. O. McINTYRE

NEW YORK, Dec. 7—Diary of a modern Pepys: Up and [illegible] to Billy De Beck, newly home from two years in France and to my puttering tasks. Outside my window a street musician began playing on a piccolo and I waved him away but he waved back as though receiving a greeting.

In the afternoon to Larchmont to see a gentleman who has acquired a three-months-old cub bear, chubby and playful as a kitten, and it became friends with my dog although the latter constantly bristled as though scenting danger. Home through Harlem.

Abroad with my wife to dine and we had a dessert of flaky pie crust rolled in nuts and spread with honey, as delicious as ever I tasted. So driving through white lit Broadway and past the old Hotel Majestic, where we used to live, now dark and despoiled by wreckers.

Jed Harris seems to have **definitely passed** up Broadway and **at 30 is in a state of semi-retirement in Europe.** He is variously **reported occupying a town house in London and a** villa on Lake **Como. One** thing is sure, his **theatrical offices** are closed and his **name in gilt** scratched from the **door.**

Harris became an overnight figure in that odd microscopic phenomenon we call the Rialto less than two years ago. At one time he had seven shows running—three on Broadway and four on tour—and his income was $10,000 a week. Just as suddenly he tired and sailed away.

He was born on the Newark outskirts, the son of a large Jewish family. He is thin, pale, and as **brittle** as spun glass, but has the **burning** black eyes and flaming **enthusiasm** of the zealot. He **weighs only 120 pounds. Among his** eccentricities was to go for weeks without shaving.

With customary Broadway scepticism most people thought Harris—born Jacob Horowitz—was a type of show-off peculiar to the street and regarded his affectations as a pose. His genius as a theatrical producer, however, could not be denied. He burst upon the district, after knocking about as a road show press agent, with the smash hit "Broadway." He followed this up in quick succession with "Coquette," "The Royal Family" and "The Front Page"—all knockouts.

Despite these honors, the attitude of Harris was uppity. He professed with dilletante languor to regard it only as a temporary expedient before "doing something worth while." He was contemptuous toward everybody connected with the theater and airily drove two dramatic writers from his office. In other ways he was a fresh young upstart, ready to explode like a skyrocket at any moment. But he succeeded where so many others failed. Broadway stood in complete awe. His retirement manifesto was received with a grand grin. Press piffle! But several days later steamship departures carried the name of the intrepid idealist.

Jed Harris bristled with that electric quality that expresses itself in quick changes of mind. In younger days he went to Yale for a term and one day in the middle of class suddenly walked out. A day later, although he flinches at at every dip of the ship and gags at each new smell, he was stoking coal on a cattleboat bound for Liverpool.

Another odd genius of the Jewish faith was Louis Marshall, the great lawyer and philanthropist, who died in Switzerland a month or so ago. He was rich, but always rode on street cars. He followed baseball scores carefully, but never attended a big league game. He gave fortunes away, but often saved uncancelled stamped envelopes and readdressed them. If one did not return a borrowed book, he would call for it.

And Irvin Cobb tells of the little Hebrew plugging along in an asthmatic flivver who was passed on the roadside by a Rolls that came up from behind like a blue streak. The Rolls stopped for 20 minutes a little further on and the flivver owner drew up, torn, bleeding and bruised.

"It was your fault," he screamed. "You went by so fast I thought I had stopped and got out to pick wildflowers."

(Copyright, 1929, McNaught Synd., Inc.)

The Rhyming Optimist

By ALINE MICHAELIS

LIFE would defeat us
  As we go by
Yet, can she cheat us,
  Though she may try?

Though she forget the
  Promises made,
Think, can we yet be
  Wholly betrayed?

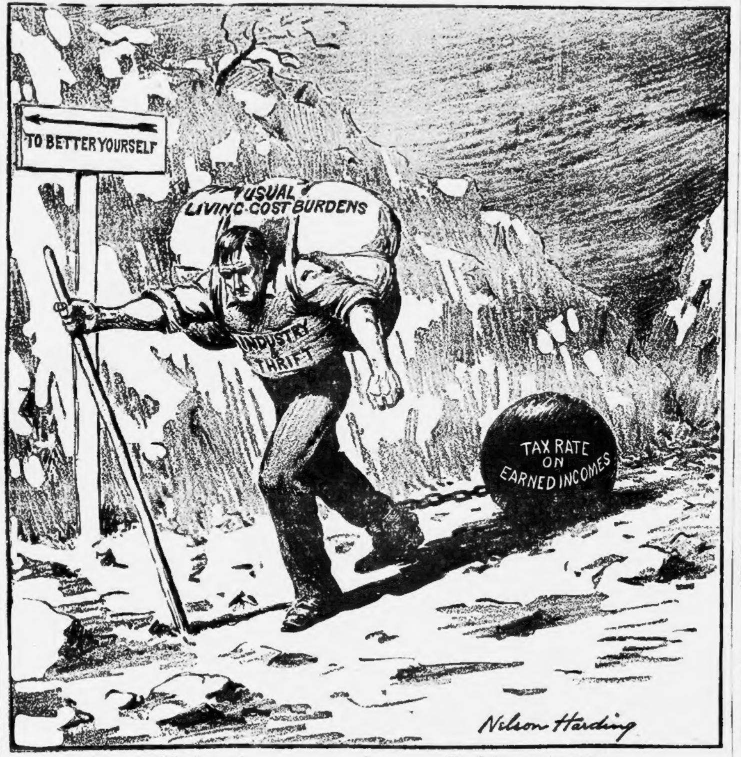
For all her scorning
  Of hope's bright gleams,
In youth's glad morning
  She set fair dreams

She gave us laughter
  And love's sweet cheer:
Then what comes after
  We need not fear.

Though youth must perish,
  This boon endures;
Brave hearts still cherish
  Bright, bygone lures.

Penalized

By Nelson Harding



The way is difficult enough
  Without the ball and chain
Which handicaps the worker so
  He makes but little gain.

The thrifty and industrious
  Who struggle on that road,
Weighed down by unjust penalties,
  Deserve a lighter load.
—N. H.

The BAER Facts

By ARTHUR "BUGS" BAER

MR. BUGS BAER:

After reading your article of today entitled, "For Mercy's Sake," I cannot resist letting you know of the disgust you arouse in me, the very cheapness of it is amazing. I am certain that you must be the only one in the world to ridicule his deed in the way you have. Your article is not clever nor funny but only cheap, cheap as your understanding of human nature, love and suffering.

Louise T.

The article in question dealt with a young Englishman who slaughtered his mother in France and pleaded self-defense, adenoids and bad weather.

Considering that the young man only killed his ma, we want to say that Louise T. is easily disgusted.

As to our understanding of suffering, Louise T. forgets what happened in Wall Street last month.

The above is a real letter. We merely consored one ladylike expression in order to print it.

Louise T. seems incensed by our endorsed statement that the young man should have been a sportsman and given his ma a five-yard start.

We don't know what Louise T. does for a living. But we hope she ain't a trained nurse.

The habit of killing the wounded and infirm is characteristic of the animal world. That's why we eat broccoli.

An injured wolf is immediately chewed up and absorbed by the Lupine huddle. But he has the advantage of an old, sick lady in that his false teeth are not reposing in a glass on the dressing table.

He can bite back. Louise T. is wrong about the cheapness of our human nature and love. We are sentimental and hopeful and spent Thanksgiving Day looking for a wishbone in corned beef hash.

If any single person in this vale of sorrows and investments has the right to end another person's life, then we must apologize to Bluebeard.

He was a good man. But he hung them up on their dates.

Louise T. may be sincere. But, personally, we don't care to meet a good Samaritan with a blackjack.

H. G. Wells Writes on "The Science of Life"

In Collaboration With
Prof. Julian Huxley and Geo. P. Wells

(Continued from Saturday)

IN the intact mammal—ourselves for example—there is always a similar undercurrent of reflex activity. When we stand erect, or even when we sit up in a chair, there is a constant stream of impulses from the sence-organs responsible for our equilibrium, and a constant counter-stream that contrals the tautness of our muscles and makes slight adjustments of the positions of our parts. And in this category come many of our other activities—such as breathing movements; but we cannot catalogue them here.

H. G. Wells

Neither, unhappily, can we go into the mass of accurate information that has been collected about reflex actions. Roughly speaking, they depend on the way in which nerve-fibres are disposed in the central nervous system; they are literally parts of our anatomy. But the story is a complicated one, and, fortunately for those who know the fascination of research, it still has its obscure passages; we cannot do justice to it here.

There can be little doubt that the distinctively large cerebrum of man is associated with the distinctive complexity and definiteness of his thought-processes.

We may note here a curious part of the brain lying at the back, behind and below the cerebral hemispheres and having a more closely wrinkled surface than they. This organ, the cerebellum, is a sort of private secretary to the cerebral hemispheres.

It is discriminating but not conscious. Its activities may best be displayed by a single instance. A very intricate complex of reflex actions keeps our bodies balanced. Suppose that the cerebrum intervenes and sends a command to the appropriate motor cells in the spinal cord so that the right arm is raised.

The center of gravity of the body will be shifted, and in the absence of any compensating adjustments we should sway over to the right side. But the cerebellum sees to this.

It watches the acts of the superior authority, so to speak, and takes unobstrusive but appropriate steps so that the general equilibrium of the body may not be upset—in the example chosen, it would call forth a slight compensating movement of the left arm or a slight adjustment of the position at the hip-joints.

Occasionally Mr. Everyman may afford an unpremeditated demonstration of the function of the cerebellum. It is sensitive to an excess of alcohol in the system and speedily becomes disorganized under its influence. The cerebrum itself may be even elated by this drug and may issue many bright and pleasing orders in consequence, but the cerebellum fails in its customary secretarial care.

Consequently, Mr. Everyman's movements become unbalanced. He walks, but he no longer walks with grace and precision; he may become excited by ideas and garrulous, but his larynx, lips and mouth fail in the fine adjustments necessary for perfect articulation. He seeks to give playful slaps to his friends and misses them perplexingly.

This is as far as it is convenient to carry our account of the brain at the present time. Throughout the parts that follow this one we shall be gathering the material for a later more exhaustive attack on the mysteries of that coating of grey matter upon the outside of the cerebrum, which is the seat of Mr. Everyman's dreams and desires, the vehicle of his imagination, the medium of his joys and sorrows, the most important stuff in the universe for every human being.

Chapter IV.

The Wearing Out of the Machine and Its Reproduction.

1—AGE AND DECAY.

IN the course of time Mr. Everyman discovers that he is growing old. He has avoided complex chills, his leucocytes have defeated a score of dangerous infections, he has had wounds and they have healed, but, nevertheless, it is borne in upon him that he cannot go on forever. He realizes a slow rusting up of this strange machine with which he is identified and neither he nor any help he can call in seems to be able to arrest that inevitable march towards cessation.

The Marry-Go-Round

By HELEN ROWLAND

"HERE'S a psychologist, who says that no man can be happy unless he is trying to make some woman happy," said Mrs. Divot, laying down her newspaper.

"That," said Mrs. Green emphatically, "explains EVERYTHING!

"It explains why widowers, no matter how bereaved, nearly always hasten to remarry; and why gentlemen prefer clinging, little molluses to nice, strong, efficient girls who can check their own trunks, carry their own luggage and pay their own cab-fare.

"Above all, it explains why modern men and women are so dissatisfied and restless. That's how cute old Dame Nature FIXED things—and we're all trying to prove that we're smarter than she is!"

"Well, don't blame ME!" said Mrs. Divot. "I've always known that no woman could be happy, unless she was trying to make some MAN happy.

"Exactly," agreed Mrs. Green. "And that's what makes you happy. No job, no work, no art, no achievement can give you the same glow of joy as does the feeling that you are 'necessary' to somebody. Just 'helping humanity,' or making the world better, or, having a career doesn't take the place of it, at all.

"A man is always happiest when he is playing Santa Claus to some woman.

"More women have tied men to them, by laying their heads and their burdens on the shoulders of the so-called stronger sex, than by putting their own shoulders to the wheel and making the path to marriage easy."

"But," protested Mrs. Divot, "every young man's Big Idea, today, seems to be to dodge marriage and avoid the responsibility of supporting ANY woman. And every modern girl's Big Idea seems to be to find a job and escape the responsibility of keeping house for a man."

"And that," declared Mrs. Green triumphantly, "is why so many marriages go blah, and so many women go to sanitariums. When you dodge the 'responsibilities' of marriage, you are cheating yourself out of your one chance of happiness and going against Nature. And the first thing you know, you are all full of inhibitions and complexes, that only a psychoanalyst can unravel."

"Yes," agreed Mrs. Divot, with a faint sigh. "A woman—even a golf-widow—is always happiest when she is mothering some man. 'It satisfies!' But that was a mean trick for Mother Nature to play on a girl who hates cooking, and on a man who hates to go home nights!"

Study Men

Here's an Interesting One

(Copyright, 1929)

"Know then thyself, presume not God to ban;
The proper study of mankind is man."
—Pope.

HERE is a man worth studying, a sample of the modified pirate of today, the bootleg, rum-running smuggler, glad to make a profit peaceably, willing to **FIGHT** for it if he must.

This is the man whose boat, the I'm Alone, after a long period of rum-running on the United States-Gulf of Mexico coast, found himself on board a United States Coast Guard cutter and his I'm Alone at the bottom of the gulf.

CAPTAIN RANDELL, SKIPPER OF THE I'M ALONE

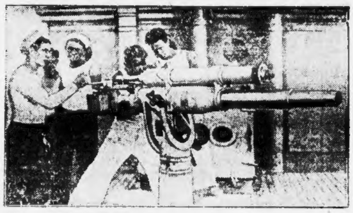
Lower down you may see in this column a picture of the gun and gun crew on the cutter Dexter that sank the rum boat.

If you are interested in human nature the face and attitude of this rum-running seaman will interest you.

He says, calmly admitting his business as rum-runner, "I knew all the risks."

No coward is this modern sea rover. He proved it in the big war, serving the British Army, winning the Distinguished Service Cross of Great Britain and the Croix de Guerre of France.

The distinguished service and croix de guerre rum pirate thinks he got "a raw deal," because, said he, "I consider it a most cowardly action to blow my boat to pieces with a gale of wind blowing and a heavy sea running, when any man but a strong swimmer would not be expected to live."



THE GUN AND CREW THAT SANK THE I'M ALONE

It is, of course, painful to sink a rum-runner under such conditions. But it is more painful to have a ship like the I'm Alone defy the United States Government for five years, landing cargo after cargo of liquor on the coast of Louisiana and elsewhere.

There is no particular reason why foreign countries, or their boats of the I'm Alone type, should be allowed to make our prohibition laws more of a farce than they are already.

What Do You Know?

Boston's Original Knowledge Test

Reg. U. S. Pat. Off.

Fill in each blank:

1—A large part of Holland is a delta of the ——— river.
2———— is at the head of ocean navigation on the St. Lawrence river.
3—The ——— is the principal river of China.
4—Jamaica belongs to ———.
5—The Island of Trinidad is near the coast of ———.

Do you know:

6—Who discovered the lower Mississippi river?
7—What is the importance of the Virgin Island to U. S.?
8—What is the capital of Czecho-Slovakia?
9—What Polish composer has written a famous funeral march?
10—Where did the circus originate?

Match correctly:

11—Chipmunk—Wood famed for its hardness.
12—Radius—Closed vessel in which butter is made.
13—Dachshund—A small ground squirrel.
14—Churn—German dog.
15—Ebony—Distance from the center of a circle to its circumference.

Answers to Saturday's test:

1—Mississippi river. 2—Between Lakes Erie and Ontario. 3—Zambesi river. 4—Only large tributary of St. Lawrence river. 5—Snake river. 6—Goat Island. 7—Egypt. 8—Marne river. 9—Mt. Sinai. 10—Alfred Tennyson. 11—Edward VII. 12—1456. 13—1922. 14—Tern of seven years. 15—St. Paul's Cathedral.

Words of the Wise Men

It is in the great dangers that we see great courage.
Regnard.

The musician who always plays on the same string is laughed at.
Horace.

Many a temptation comes to us in fine, gay colors, that are but skin deep.
—Henry.

Any man may make a mistake; none but a fool will stick to it. Second thoughts are the best.
—Cicero.

The human race, afraid of nothing, rushes on through every crime.
—Horace.

Other men's sins are before our eyes; our own behind our backs.
—Seneca.

He that has light within his own
  clear breast,
May sit in the center, and enjoy
  bright day.
—Milton.

Whoever makes great presents, expects great presents in return.
—Martial.

Those gifts are ever the most acceptable which the giver makes precious.
—Ovid.

The malevolent have hidden teeth.
—Syrus.
